Ahmed, 2004-08-02 How can people in the West make sense of contemporary unrest in the Muslim world Is Islamic fundamentalism to be understood purely in religious terms In *Resistance and Control in Pakistan* one of the world s leading authorities on Islam Akbar S Ahmed illuminates what is happening in the Muslim world today and assesses the underlying causes He does this by telling the dramatic story of the revolt of the Mullah of Waziristan in northwest Pakistan and by placing it within the context of other movements occurring elsewhere in the Islamic world He also examines the social structure and operative principles in Muslim society and scrutinizes the influence of religion in a society that is undergoing modernization Till now there has been little available literature on this topic This book written by an eminent scholar with an international reputation fills this gap giving students of politics sociology and Asian studies a revealing examination of the Muslim world today **The Message of Sadhu Sundar Singh** Burnett Hillman

Muslim Society Akbar S. Ahmed, 1983-10-28 This analysis of Muslim unrest is based on an extended case study of

northwestern Pakistan Professor Ahmed examines power authority and religious status as the critical intermediary level of society that of the district or Agency which was the key unit of administration in British India Amhed has joined his insights as anthropologist with his experience as a political agent in Waziristan to produce an innovative and detailed work The book focuses on the emergence of a mullah in Waziristan who challenges the state A religious leader s challenge of the state is not new but contemporary Muslim society s widespread concern over these conflicts reveals that the influence of religion in a traditional society undergoing modernization is greater than many scholars have assumed The author identifies three types

of leaders traditional leaders usually elders representatives of the established state authority and religious functionaries
From this analysis he constructs an Islamic district paradigm which he uses not only in making sense of contemporary Muslim society but also in understanding some aspects of the legacy of the colonial encounter
