Melissa Bohe,2023-10-31 Her mischief of rats Her murder of crows She will leave bodies wherever she goes When a strange moon rises above the sister towns of Mire and Ember Hollow Endicott Thyne is not the only witch to notice She and her best friend Gabriela head to the woods where they encounter two other witches Xandra and Maritza Together the four discover that this moon signals the Season of the Witch a time of great magical potential that occurs every three decades This particular Season has resurrected a dangerous figure who has not been seen in the sister towns in sixty years and whose presence threatens the very existence of Mire and Ember Hollow In order to uncover the identity of this stranger they must find the hidden witch library of Mire an archive maintained by Endicott s grandmother Dorothea Thyne until her death But Dorothea never so much as mentioned the archive to Endicott who is still mourning this enigmatic librarian who raised her With a chaotic storm raging above and their magical powers suddenly bound Endicott Gabriela Xandra and Maritza will have to act fast if they are going to protect the sister towns But they re learning that hidden pasts can be perilous out of control magic can be deadly and the Season waits for no witch **The Sad Tale of the Brothers Grossbart** Jesse

Bullington,2024-09-24 In this black comedy of horrors set during the Dark Ages two brothers steal and kill to survive in a land infested with supernatural evil Dark funny profane erudite bawdy and wickedly original New York Times bestselling author Jeff VanderMeer Hegel and Manfred Grossbart may not consider themselves bad men but death still stalks them through the dark woods of medieval Europe The year is 1364 and the brothers Grossbart have embarked on a na ve quest for fortune Descended from a long line of graverobbers they are determined to follow their family s footsteps to the fabled crypts of Gpytland To get there they will have to brave dangerous and unknown lands and keep company with all manner of desperate travelers merchants priests and scoundrels alike For theirs is a world both familiar and distant a world of living saints and livelier demons of monsters and madmen The Brothers Grossbart are about to discover that all legends have their truths and worse fates than death await those who would take the red road of villainy *The Sad Eyed Poet* Michael S. Campbell,2009-08-27 From the sad eye poet comes an anthology of melancholic and heart rending short stories in poetic verses Though poet author Michael Campbell weaves poems with tragic endings and sad finales his stories in rhyme still echo and render a wonderful lyrical experience especially for those who see life for it realities This poetry collection maybe a

tear jerker but it unveils and tells the other side of life

Exploring the Child's Personality Coulacoglou Carina, 2008 The objective of this book is to provide readers with a comprehensive account of the child's personality. The book examines in detail significant personality dimensions from developmental, clinical, and cross-cultural perspectives. The intricacies of personality are exposed by means of the Fairy Tale Test, an instrument that attempts to track the preconscious and unconscious processes that operate beneath the behavioral and overt manifestations of personality. Children's responses to the FTT questions are assessed both from a quantitative and a qualitative perspective. Twenty-nine personality variables are used to rate the broad range of personality characteristics. No other personality test assesses such a large number of personality parameters. The qualitative evaluation of responses includes the analysis of 14 defense mechanisms, the study of the nature of anxiety, family dynamics, and the examination of ego integration and ego strength. The unique quality of this book is the use of the FTT in the exploration of the child's personality using large samples of children derived from diverse cultures. Additional advantages of this book are the chapters which focus on the research into two significant personality traits: aggression and ambivalence, and the chapter on the analysis of idiosyncratic responses; the latter offers valuable information in the classification of original responses into levels of psychopathology. While the FTT has taken significant steps towards becoming a valid and reliable instrument, studies of its psychometric properties are an ongoing process. The book also includes examples, case studies, and appendices for further study and review.
