Pacific Rim Modernisms Mary Ann Gillies, Helen Sword, Steven G. Yao, 2009-01-01 Pacific Rim Modernisms explores the complex ways that writers artists and intellectuals of the Pacific Rim have contributed to modernist culture literature and identity *Christian Belief for Everyone: Faith and Creeds* Alister McGrath, 2013-02-21 The Christian Belief for Everyone series comprises five guides to the basic ideas of the Christian faith Full of stories and helpful illustrations these guides have been written primarily for ordinary churchgoers though they will no doubt also appeal to interested readers outside the church The approach Alister McGrath adopts is non denominational very similar to the mere Christianity advocated by C S Lewis Indeed the series may be seen as a guide to mere Christianity focusing clearly as it does on the life of faith We look at why Christians believe what they do how we can best understand these ideas and the difference they make to the way we think about ourselves and our world The first volume Faith and the Creeds concentrates on the nature of faith and the history

and relevance of the Creeds in a thrilling reflection on what we really mean when we say I believe This is excellent preparation for exploring the leading themes of the Creeds in four subsequent volumes The Living God Lord and Saviour Jesus of Nazareth Spirit of the Living God and The Christian Life and Hope Thank God for Atheists Timothy Morgan,2015-10-01 The greatest authors of atheism did more to push me toward belief in God than any Christian apologist writer Timothy Morgan After a decade of major disappointments Timothy Morgan was ready to reject God Atheism offered an escape an opportunity to dismiss God permanently But as Morgan delved into the thinking of great atheists past and present he was stunned In book after book he found their reasons for rejecting God to be intellectually unfulfilling In Thank God for Atheists he candidly shares his journey by letting atheists speak for themselves examining their logic to see whether it holds up or not Along the way deals with these key questions What are the key elements of the atheist worldview Who are the leading modern day atheists and what are they saying How can you effectively respond to atheism You ll find this a personal and thoughtful book on why the evidence for God is much more compelling than the evidence against Him **Beyond the Euromissile Crisis** Luc-André Brunet,Eirini Karamouzi,2025-04-01 Historical consensus views the Euromissile Crisis of the early 1980s as the last battle of the Cold War In this illuminating re examination of this multifaceted campaign Beyond the Euromissile Crisis broadens our understanding of anti nuclear activism highlighting how it remains a truly global phenomenon Investigating the motivations forms of action and accomplishments of activists from South Africa Polynesia Brazil and elsewhere this volume offers new ways of conceptualizing the chronology of anti nuclear protest **Christian Romanticism: T. S. Eliot's Response to Percy Shelley** Peter James Lowe,2002 *Seeking a Role* Brian Harrison,2009-03-26 In this the first of two self standing volumes bringing The New Oxford History of England up to the present Brian Harrison begins in 1951 with much of the empire intact and with Britain enjoying high prestige in Europe The United Kingdom could still then claim to be a great power whose welfare state exemplified compromise between Soviet planning and the USA s free market When the volume ends in 1970 no such claims carried conviction The empire had gone central planning was in trouble and even the British political system had become controversial In an unusually wide ranging yet impressively detailed volume Harrison approaches the period from unfamiliar directions He explains how British politicians in the 1950s and 1960s responded to this transition by pursuing successive roles for Britain worldwide as champion of freedom and in Europe as exemplar of parliamentary government the multi racial society and economic planning His main focus though rests not on the politicians but on the decisions the British people made largely for themselves on their environment social structure and attitudes race relations family patterns economic framework and cultural opportunities By 1970 the consumer society had supplanted postwar austerity the socialist vision was fading and the sixties the theme of his penultimate chapter had introduced new and even exotic themes and values Having lost an empire Britain was still resourcefully seeking a role it had yet to find it The Selected Letters of Bertrand Russell, Volume 2 Nicholas
