Una Jeffers letters and those of Una written in the decade prior to her death offer a vivid chronicle of the life and times of a singular and visionary poet      Selected Letters of Rebecca West Rebecca West, 2000-02-09 From the time that George Bernard Shaw remarked that Rebecca West could handle a pen as brilliantly as ever I could and much more savagely West's writings and her politics have elicited strong reactions This collection of her letters the first ever published has been culled from the estimated ten thousand she wrote during her long life The more than two hundred selected letters follow this spirited author critic and journalist from her first feminist campaign for women's suffrage when she was a teenager through her reassessments of the twentieth century written in 1982 in her ninetieth year The letters which are presented in full include correspondence with West's famous lover H G Wells and with Shaw Virginia Woolf Emma Goldman Noel Coward and many others offer pronouncements on such contemporary authors as Norman Mailer Nadine Gordimer and Arthur Schlesinger Jr and provide new insights into her battles against misogyny fascism and communism West deliberately fashions her own biography through this intensely personal correspondence challenging rival accounts of her groundbreaking professional career her frustrating love life and her tormented family relations Engrossing to read the collection sheds new light on this important figure and her social and literary milieu      Oscar Wilde Selected Works Oscar Wilde, 1946      The Collected Letters of Robinson Jeffers, with Selected Letters of Una Jeffers Robinson Jeffers, Una Jeffers, 2009 v 1 1890 1930 2009      *Encyclopedia of Life Writing* Margaretta Jolly, 2013-12-04 First published in 2001 Routledge is an imprint of Taylor Francis an informa company      *The importance of being a reader: A revision of Oscar Wilde's works* Cristina Pascual Aransáez, 2014-09-01 This book explores Wilde's works from the hypothesis that they call upon the active participation of the reader in the production of meaning It has a twofold objective first it shows that Wilde's emphasis on the creative role of the audience in his critical writings makes him conceive the reader as a co creator in the construction of meaning Second it analyses the strategies which Wilde employs to impel the reader to collaborate in the creation of meaning of his literary works and casts light upon the social criticism derived from these The examination of Wilde's writings reveals how he gradually combined more sophisticated techniques that encouraged the reader's dynamic role with the progressive exploitation of self advertising strategies for professional purposes These allowed the commercial Oscar to make his works successful among the Victorian public without betraying the literary Wilde's aesthetic principles The present study re evaluates Wilde as a critic and as a writer It demonstrates that while Wilde the myth was ahead of his time in many ways Wilde the ARTIST anticipated in his aesthetic theory various themes which occupy contemporary literary theoreticians Thus it may contribute to give him the status he rightly deserves in the history of literature      *Style and the Nineteenth-century British Critic* Jason Camlot, 2008 Publishing venues for writers multiplied at midcentury establishing a new stylistic norm for criticism one that affirmed style as the manifestation of English discipline and objectivity The figure of the professional critic soon subsumed the authority of the polyglot intellectual and the later decades of the nineteenth century brought about a

debate on aesthetics and criticism that set ideals of Saxon rooted virile style against more culturally inclusive theories of expression
