Arnold, 1894 Selected Poems of Matthew Arnold Edited, with Intro and Notes Matthew Arnold, 2012-01 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy **Selected Poems of Matthew Arnold** Matthew Arnold, 2015-06-12 Excerpt from Selected Poems of Matthew Arnold In making this collection which is intended primarily for school use we have tried to keep three things in view The poems chosen should exhibit Matthew Arnold's special qualities they should not in subject or in treatment be such as the young could not appreciate and they should give pupils something to think about in connexion with other poetry and other subjects of study Poems like Mycerinus and Stanzas from the Grande Chartreuse fine as they are hardly answer the second test The short lyrics as is natural with poems of that type are noteworthy rather for beauty of expression than for substance Sohrab and Rustum and Balder Dead the first poems in our selection being avowedly modelled on Homer we have thought it useful to quote in illustration a few passages of which the imitation is specially close These are taken mainly from the Iliad and for the translations we have relied on the prose version published by Messrs Lang Leaf any imperfections that remain are intentionally left to preserve the state of such historical works Selected Poems Matthew Arnold, 1951 This thoughtful little volume features the full range of Arnold's poetry including Shakespeare Sohrab and Rustum Isolation To Marguerite To Marguerite Continued Dover Beach The Future Thyrsis and Rugby Chapel Edited by E K Brown this selection is well supported by Arnold's preface to Poems 1853 an introduction a list of principal dates in Arnold's life and a bibliography
