Fons Vitae as opposing divine emanation She also emphasizes pseudo Empedoclean notions of divine desire and grounding element alongside Ibn Gabirol s use of a particularly Neoplatonic method with apophatic and what she terms doubly apophatic implications In this way Pessin reads claims about matter and God as insights about love desire and the receptive dependent and fragile nature of human beings Pessin reenvisions the entire spirit of Ibn Gabirol s philosophy moving us from a set of doctrines to a fluid inquiry into the nature of God and human being and the bond between God and human being in desire
