Selected Short Stories Of Karun Nayar:

Fragmented Frames Bhawana Somaaya, 2008 This book is a blend of many relevant issues related to the film fraternity More than 100 years ago Indian cinema has come a long way Yellow journalism now has transformed into a serious and respectable profession The book offers on various aspects ranging from mythology theatre television superstition to literature scandals controversies and more **India Today**, 1999 Indian Cinema Through the Century Jayasimha, 2015 **The Coconut Palm (Cocos nucifera L.) - Research and Development Perspectives** V. Krishnakumar, P. K. Thampan, M. Achuthan Nair, 2019-02-15 Since the publication of The coconut palm A monograph in 1960 considerable information has been accrued on the crop through work at research institutes international organisations and development agencies Although coconut cultivation is spread over 93 countries providing employment and creating livelihood opportunities to 64 million families around the globe smallholder coconut farmers are now facing numerous challenges The wide gap between the potential and actual yield is a major concern and as such it is necessary to disseminate knowledge in order to implement research findings Coconut research in India one of the leading coconut producing countries is celebrating its centenary making this an opportune time to review the research and development advances and the relevant technologies This detailed comprehensive book covers all aspects of coconut from the origins to cultivation breeding physiology and value addition as well as subjects of topical interest like nutrition and health biotechnology and climate change and carbon sequestration Written by leading experts in the fields it emphasises that the livelihood of the small coconut landholders is the ultimate aim of scientists and developmental agencies and outlines various important strategies to make coconut farming more remunerative globally It discusses work in all the major coconut growing countries and outlines suggestions for international cooperation Research work on the crop is comparatively difficult because of its perennial nature longevity height long juvenile phase large sized nuts cross pollination and seed propagation As these special features necessitate greater investment of resources time and land it is all the more imperative that research is not duplicated and the information and experience becoming available around the world is shared so that it can be fully utilised In this context periodic publications compiling all the available information on coconut assume greater significance This book is therefore of great value to researchers students extension workers developmental agencies and progressive farmers The Revolution of Indian Parallel Cinema in the Global South (1968-1995) Omar Ahmed, 2025-01-23 Drawing from over a decade of research and writings this book takes you on an epic journey through the history of Indian Parallel Cinema 1968 1995 India the late 1960s Something was in the air A film manifesto penned by passionate cinephiles called for a new cinema An exciting generation of iconoclastic filmmakers were on the march the first to graduate from the newly incarnated Film and Television Institute of India seizing the moment to forge one of the first major post colonial film movements What emerged was an unprecedented level of creativity merging international influences with experimental indigenous styles and creating an aesthetic and

thematic rupture and that ultimately led to new ways of making films But it is a story that has rarely been told inextricably absent from the parochial Euro centric and linear histories of film This is the story of Indian Parallel Cinema From auteurs like Mani Kaul and John Abraham to Smita Patil and Om Puri The Revolution of Indian Parallel Cinema in the Global South explores the origins evolution demise and legacy of a film movement that produced a pantheon of innovative filmmakers in excess of two hundred films and a distinctly regional identity in which film societies state funding and political insurgency were catalysts for a defiant radical dialogue much of it anti establishment that broke all the rules Most importantly this publication considers the ways in which Parallel Cinema narrated a new history from below using a range of case studies that includes Uski Roti Mirch Masala and Amma Ariyan *The Tree Dispensary* Christina Stapley, 2021-11-25 An exploration of the history folklore and medicinal uses of thirty exotic trees beautifully illustrated with the author's own photographs From Cacao to Eucalyptus and Almond through to Frankincense Christina Stapley takes us on a journey through North America Oman the Mediterranean China and the Caribbean The Tree Dispensary reflects a deep and thorough appreciation for trees the author has studied them for many years as a herb historian and practising herbalist Of the trees mentioned in the book she has experience of growing around a third of them herself including several from China and has travelled around the world to study the rest The book is categorised into geographical areas and looks at the trees which grow in each location Each of the thirty chapters looks at a different and unique tree along with its cultivation cooking foraging history botany medicinal use and mythology While she was travelling Christina encountered connections between the trees and cultures in which they grew and this provides a rich and moving historical thread throughout the book The Tree Dispensary Exotic Trees is the companion volume to Stapley's previous work which explored the history herbalism and uses of native European trees
