**The Selected Letters of Somerville and Ross** Edith (Enone Somerville, Martin Ross, 1991 Edith Somerville 1858 1949 and Violet Martin Ross 1862 1915 are among the best known names in English Irish literature They were cousins who entered a literary partnership that produced the 19th century Irish novel *The Real Charlotte* and its series of comic stories *Some Experiences of an Irish RM* Somerville and Ross exchanged many hundreds of letters which were often lively and full of close observation The letters are amused intelligent and curious recording aspects of Irish life previously overlooked Their portrait of Ireland during a momentous 30 year period up to 1915 is both vivid and comprehensive The letters chronicle the last days of the big house and chart the course of a unique collection between two gifted and unusual women **Writing**

**Double** Bette London, 2002-01-01 Although Roland Barthes and Michel Foucault announced the death of the author several decades ago critics have been slow to abandon the idea of the solitary writer Bette London maintains that this notion has blinded us to the reality that writing is seldom an individual activity and that it has led us to overlook both the frequency with which women authors have worked together and the significance of their collaborative undertakings as a form of professional activity In *Writing Double* the first full length treatment of women's literary partnerships she goes to the heart of issues surrounding authorial identity What is an author Which forms of authorship are sanctioned and which forms marginalized Which of these forms have particularly attracted women Such questions are central to London's analysis of the challenge that women's literary collaboration presents to accepted notions of authorship Focusing on British texts from the nineteenth and twentieth centuries she considers a fascinating variety of works by largely noncanonical and in some instances highly unconventional authors from the enormously popular novels composed by writing teams at the turn of the century to the Brontë juvenilia and the occult scripts of Georgie Yeats and W B Yeats to automatic writings produced by mediums purporting to be in communication with the spirit world **The Professional Literary Agent in Britain, 1880-1920** Mary Ann

Gillies, 2007-01-01 Breaking new ground in the study of British literary culture during an important transitional period this new work by Mary Ann Gillies focuses on the professional literary agent whose emergence in Britain around 1880 coincided with and accelerated the transformation of both publishing and authorship Like other recent studies in book and print culture *The Professional Literary Agent in Britain 1880 1920* starts from the central premise that the business of authorship is inextricably linked with the aesthetics of literary praxis Rather than provide a broad overview of the period however Gillies focuses on a specific figure the professional literary agent She then traces the influence of two prominent agents A P Watt generally acknowledged as the first professional literary agent and J B Pinker the leading figure in the second wave of agents focusing on their respective relationships with two key clients The case studies not only provide insight into the business dynamics of the literary world at this time but also illustrate the shifting definition of literature itself during the period

*Charlotte Yonge* Tamara Wagner,2014-07-16 Charlotte Yonge a dedicated religious didactic and domestic novelist has become one of the most effectively rediscovered Victorian women writers of the last decades Her prolific output of fiction does not merely give a fascinatingly different insight into nineteenth century popular culture it also yields a startling complexity This compels a reappraisal of the parameters that have long been limiting discussion of women writers of the time Situating Yonge amidst developments in science technology imperialism aesthetics and the book market at her time the individual contributions in this book explore her critical and often self conscious engagement with current fads controversies and possible alternatives Her marketing of her missionary stories the wider significance of her contribution to Tractarian aesthetics the impact of Darwinian science on her domestic chronicles and her work as a successful editor of a newly established magazine show this self confidently anti feminist and domestic writer exert a profound influence on Victorian literature and culture This book was previously published as a special issue of *Women's Writing* *The Life of W. Ehnenn,2017-05-15 The first full length study to focus exclusively on nineteenth century British women while examining queer authorship and culture Jill R Ehnenn's book is a timely interrogation into the different histories and functions of women's literary partnerships For Vernon Lee Violet Paget and Kit Anstruther Thomson Somerville and Ross Edith Somerville and Violet Martin Elizabeth Robins and Florence Bell and Katharine Bradley and Edith Cooper the couple who wrote under the pseudonym of Michael Field collaborative life and work functioned strategically as sites of discursive resistance that critique Victorian culture in ways that would be characterized today as feminist lesbian and queer Ehnenn's project shows that collaborative texts from such diverse genres as poetry fiction drama the essay and autobiography negotiate many limitations of post Enlightenment patriarchy Cartesian subjectivity and solitary creativity industrial capitalism and alienated labor and heterosexism In so doing these jointly authored texts employ a transgressive aesthetic and

invoke the potentials of female spectatorship refusals of representation and the rewriting of history Ehnenn s book will be a valuable resource for scholars and students of Victorian literature and culture women s and gender studies and collaborative writing

**Oxford History of the Irish Book, Volume V** Clare Hutton, Patrick Walsh, 2011-06-23 Part of a series providing an authoritative history of the book in Ireland this volume comprehensively outlines the history of 20th century Irish book culture This book embraces all the written and printed traditions and heritages of Ireland and places them in the global context of a worldwide interest in book histories **Trauma, Primitivism and the First World War** Joy Porter, 2021-04-08

This book examines the extraordinary life of Frank Toronto Prewett and the history of trauma literary expression and the power of self representation after WWI Joy Porter sheds new light on how the First World War affected the Canadian poet and how war induced trauma or shell shock caused him to pretend to be an indigenous North American Porter investigates his influence of and acceptance by some of the most significant literary figures of the time including Siegfried Sassoon Edmund Blunden Wilfred Owen and Robert Graves In doing so Porter skillfully connects a number of historiographies that usually exist in isolation from one another and rarely meet By bringing together a history of the WWI era early twentieth century history Native American history the history of literature and the history of class Porter expertly crafts a valuable contribution to the field *Inventing Ireland* Declan Kiberd, 2009-05-04 Kiberd one of Ireland's leading critics and a central figure in the FIELD DAY group with Brian Friel Seamus Deane and the actor Stephen Rea argues that the Irish Literary Revival of the 1890-1922 period embodied a spirit and a revolutionary generous vision of Irishness that is still relevant to post colonial Ireland This is the perspective from which he views Irish culture His history of Irish writing covers Yeats Lady Gregory Synge O'Casey Joyce Beckett Flann O'Brien Elizabeth Bowen Heaney Friel and younger writers down to Roddy Doyle **Irish Classics** Declan Kiberd, 2001 A celebration of the tenacious life of the enduring Irish classics this book by

one of Irish writing's most eloquent readers offers a brilliant and accessible survey of the greatest works since 1600 in Gaelic and English which together have shaped one of the world's most original literary cultures In the course of his discussion of the great seventeenth and eighteenth century Gaelic poems of dispossession and of later work in that language that refuses to die Declan Kiberd provides vivid and idiomatic translations that bring the Irish texts alive for the English speaking reader Extending from the Irish poets who confronted modernity as a cataclysm and who responded by using traditional forms in novel and radical ways to the great modern practitioners of such paradoxically conservative and revolutionary writing Kiberd

s work embraces three sorts of Irish classics those of awesome beauty and internal rigor such as works by the Gaelic bards Yeats Synge Beckett and Joyce those that generate a myth so powerful as to obscure the individual writer and unleash an almost superhuman force such as the Cuchulain story the lament for Art O Laoghaire and even Dracula and those whose power exerts a palpable influence on the course of human action such as Swift s Drapier s Letters the speeches of Edmund Burke or the autobiography of Wolfe Tone The book closes with a moving and daring coda on the Anglo Irish agreement claiming that the seeds of such a settlement were sown in the works of Irish literature A delight to read throughout Irish Classics is a fitting tribute to the works it reads so well and inspires us to read and read again Yeats's Worlds David Pierce,1995-01-01
