Selected Plays The Pre Inferno Period:

The Oxford Guide to Literature in English Translation Peter France, 2000 Translation has been a crucial process in world culture over the past two millennia and more. In the English speaking cultures many of the most important texts are translations from Homer to Beckett the Bible to Freud. Although recent years have seen a boom in translation studies there has been no comprehensive yet convenient guide to this essential element of literature in English. Written by eminent scholars from many countries the Oxford Guide to Literature in English Translation meets this need and will be essential reading for all students of English and comparative literature. It highlights the place of translation in our culture encouraging awareness of the issues raised making the translator more visible. Concentrating on major writers and works it covers translations out of many languages from Greek to Korean from Swahili to Russian. For some works e.g. Virgil's Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions. Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available. The Guide is divided into two parts. Part I contains substantial essays on theoretical questions a pioneering outline of the history of translation into English and discussions of the problems raised by specific types of text e.g. poetry oral literature. The second much longer part consists of entries grouped by language of origin some are devoted to individual texts e.g. the Thousand and One Nights or writers e.g. Ibsen Proust but the majority offer a critical overview of a genre e.g. Chinese poetry Spanish Golden Age drama or of a national literature e.g. Hungarian Scottish Gaelic. There is a selective bibliography for each entry and an index of authors and translators.

Nietzsche and the Rebirth of the Tragic Mary Ann Frese Witt, 2007 Addresses the question of the legacies of Nietzsche's theories of tragedy as literary genre and of the tragic as ontological concept. This volume gives a sampling of the multifaceted and widespread impact of Nietzsche's thought in Eastern as well as in Western Europe and in the United States.

An International Annotated Bibliography of Strindberg Studies 1870-2005: General studies Michael Robinson, 2008 This copiously annotated bibliography documents and examines the whole range of commentary on Strindberg's works and activity in many fields besides the plays for which he is internationally best known. These include his prose fiction and poetry his work as an historian and natural historian and his relationship to the other arts most notably his painting. It is concerned with both lasting works of literary and dramatic criticism as well as reviews of his books and plays in the theatre and some more ephemeral material all of this in several languages. Organised

generically and by subject and individual work the bibliography enables the reader to trace the changing impact of Strindberg and his works in various countries and during different periods It is thus very much a study in reception as well as a bibliographical record of published material It traces the developing image of Strindberg and his writing both during his lifetime and in subsequent years and with frequent cross reference offers a comprehensive overview of a literary and existential project that has rarely been matched for its multifaceted diversity The bibliography is published in three parts Volume 2 The Plays 978 0 947623 82 1 and Volume 3 Prose Poetry Miscellaneous 978 0 947623 83 8 are also now available Michael Robinson is Emeritus Professor of Drama and Scandinavian Studies at the University of East Anglia Norwich

Critical Companion to Eugene O'Neill, 2-Volume Set Robert M. Dowling, 2009 This study explores the personal historical and artistic influences that combined to form such dark and influential American masterpieces as *The Iceman Cometh* *The Emperor Jones* *Mourning Becomes Electra* *Hughie* and arguably the finest tragedy ever written by an American *Long Day's Journey into Night* Books in Print Supplement, 1985 *Selected Plays and Prose* August Strindberg, 1964 *Theatre Histories* Bruce McConachie, Carol Fisher Sorgenfrei, Tamara Underiner, Tobin Nellhaus, 2016-02-26 This thoroughly revised and updated third edition of the innovative and widely acclaimed *Theatre Histories* An Introduction offers a critical overview of global theatre and drama spanning a broad wealth of world cultures and periods Bringing together a group of scholars from a diverse range of backgrounds to add fresh perspectives on the history of global theatre the book illustrates historiographical theories with case studies demonstrating various methods and interpretive approaches Subtly restructured sections place the chapters within new thematic contexts to offer a clear overview of each period while a revised chapter structure offers accessibility for students and instructors Further new features and key updates to this third edition include A dedicated chapter on historiography New up to date case studies Enhanced and reworked historical cultural and political timelines helping students to place each chapter within the historical context of the section Pronunciation guidance both in the text and as an online audio guide to aid the reader in accessing and internalizing unfamiliar terminology A new and updated companion website with further insights activities and resources to enable students to further their knowledge and understanding of the theatre **The Collected Works of W.B. Yeats Vol II: The Plays** William Butler Yeats, 2010-05-11 The Collected Works of W B Yeats Volume II The Plays is part of a fourteen volume series under the general editorship of eminent Yeats scholars Richard J Finneran and George Mills Harper This complete edition includes virtually all of the Nobel laureate's published work in authoritative texts and with extensive explanatory notes The Plays edited by David R Clark and Rosalind E Clark is the first ever complete collection of Yeats's plays that honors the order in which the plays first appeared It provides the latest and most accurate texts in Yeats's lifetime as well as extensive editorial notes and emendations Though best known as one of the most important poets of the twentieth century from the beginning of his career William Butler Yeats understood the value of his plays and his poetry to be the same In 1923 when he accepted the Nobel Prize for Literature

Yeats suggested that perhaps the English committees would never have sent you my name if I had written no plays if my lyric poetry had not a quality of speech practiced on the stage Indeed Yeats s great achievement in poetry should not be allowed to obscure his impressive and innovative accomplishments as a dramatist In The Plays David and Rosalind Clark have restored the plays to the final order in which Yeats planned for them to be published This volume opens with Yeats s introduction for an unpublished Scribner collection and encompasses all of his dramatic work from The Countess Cathleen to The Death of Cuchulain The Plays enables readers to see clearly for the first time the ways in which Yeats s very different dramatic forms evolved over the course of his life and to appreciate fully the importance of drama in the oeuvre of this greatest of modern poets

Aspects of Modern Swedish Literature Irene Scobbie,1999 Brilliant The work of Scobbie and company deserves wide distribution World Literature Today This is the best single volume history of modern Swedish literature available and this new edition makes it even better With over one hundred pages of ne

Structures of Influence Marilyn Johns Blackwell,2020-05-01 This collection of essays featuring contributions from eminent Swedish and American Strindberg scholars addresses the question of how Strindberg s art collides and colludes ideologically and aesthetically with the literary doyens of the nineteenth and twentieth centuries in both the Scandinavian and the larger Western cultural context
