Selected Short Plays George Bernard Shaw, Dan H. Laurence, 1987 This selection comprises THE ADMIRABLE BASHVILLE HOW HE LIED TO HER HUSBAND PASSION POISON AND PETRIFICATION THE GLIMPSE OF REALITY THE DARK LADY OF THE SONNETS OVERRULED THE MUSIC CURE GREAT CATHERINE THE INCA OF PERUSALEM O FLAHERTY V C AUGUSTUS DOES HIS BIT ANNAJANSKA THE BOLSHEVIK EMPRESS VILLAGE WOOING THE SIX OF CALAIS and CYMBELINE REFINISHED *The Collected Short Plays of Thornton Wilder* Thornton Wilder, 1997 Volume One of the collected short plays by one of the greatest American playwrights of the Twentieth Century **The Collected Short Plays of Thornton Wilder, Volume I** Thornton Wilder, 2014-11-01 Thornton Wilder author of such landmark works for the stage as *Our Town* and *The Skin of Our Teeth* as well as the classic novel *The Bridges of San Luis Rey* is considered one of America's greatest man of letters This two volume publication collects the complete short works for the stage including a never before published one act play *A Select Collection of Old English Plays* Various Authors, After the lapse of about half a century since the issue of the last edition of Dodsley's *Select Collection of Old Plays* and the admittance of that work into the honourable rank of scarce and dear books it seemed a desirable thing to attempt with such additional improvements as might be practicable or expedient a revival of a publication which has been a favourite with the lovers of our early drama since its first publication more than a hundred years ago Between 1744 the date of its original appearance and 1825 it passed through three editions and it may be remarked that the tendency in each successive edition has been to remodel the undertaking on the principle of rejecting plays which from time to time have been lifted up so to speak into the collected works of their respective authors and to substitute for them plays which have either suffered unmerited obscurity in original and rare editions or have lain so far scattered about in various other collections and in the present instance that principle has been strictly adhered to It is desirable that it should be seen precisely in what manner and to what extent the edition now offered differs from its predecessors as regards the contents The points of variation are three 1 Omissions 2 Additions of pieces not included in the former editions 3 Additional plays now first reprinted from the originals The first division comprises the following productions which since the last republication of Dodsley have been taken up into the collected editions of their respective authors *A Select Collection of Old English Plays, Volume 07* Robert Dodsley, 2023-08-19 In *A Select Collection of Old English Plays Volume 07* Robert Dodsley curates a compelling anthology that showcases the richness of early English drama The volume features meticulously selected plays from the 16th and 17th centuries highlighting the intricate narratives and diverse theatrical forms that defined the period Dodsley's literary style reflects his deep appreciation for the historical context of these works combining both scholarly insight and engaging commentary allowing modern readers to grasp the cultural significance and artistic innovation of early English theater The collection serves not only as a literary artifact but also as a critical examination of social norms and human emotions that resonate through the ages Robert

Dodsley a prominent 18th century playwright and publisher played a pivotal role in the preservation and promotion of early English literary works His background as a bookseller and his connections within literary circles provided him with a unique perspective on the evolution of theater Dodsley s passion for the dramatic arts coupled with his awareness of their historical value motivated him to undertake this ambitious compilation ensuring that these lesser known works were neither forgotten nor overlooked Readers seeking to deepen their understanding of English literary heritage will find *A Select Collection of Old English Plays Volume 07* an indispensable resource This volume not only enriches the canon of early drama but also invites contemporary audiences to explore the thematic complexities and stylistic nuances of this formative artistic tradition It stands as a testament to Dodsley s dedication to the craft making it essential reading for scholars students and lovers of classic literature

A Select Collection of Old Plays , 1744

The American Play Marc Robinson, 2009-01-01 In this brilliant study Marc Robinson explores more than two hundred years of plays styles and stagings of American theater Mapping the changing cultural landscape from the late eighteenth century to the start of the twenty first he explores how theater has and has not changed and offers close readings of plays by O Neill Stein Wilder Miller and Albee as well as by important but perhaps lesser known dramatists such as Wallace Stevens Jean Toomer Djuna Barnes and many others Robinson reads each work in an ambitiously interdisciplinary context linking advances in theater to developments in American literature dance and visual art The author is particularly attentive to the continuities in American drama and expertly teases out recurring themes such as the significance of visuality He avoids neatly categorizing nineteenth and twentieth century plays and depicts a theater more restive and mercurial than has been recognized before Robinson proves both a fascinating and thought provoking critic and a spirited guide to the history of American drama
