most fascinating almost president in American history As FDR s third term vice president and a hero to many progressives he lost his place on the 1944 Democratic ticket in a wild open convention resulting in Harry Truman becoming president upon FDR s death Books films and even plays have since portrayed the circumstances surrounding Wallace s defeat as corrupt and the results catastrophic Filmmaker Oliver Stone among others has claimed that Wallace s loss ushered in four decades of devastating and unnecessary Cold War Now based on striking new finds from Russian FBI and other archives Benn Steil s *The World That Wasn t* paints a decidedly less heroic portrait of the man of the events surrounding his fall and of the world that might have been under his presidency Though a brilliant geneticist Henry Wallace was a self obsessed political figure blind to the manipulations of aides many of whom were Soviet agents and assets From 1933 to 1949 Wallace undertook a series of remarkable interventions abroad each aimed at remaking the world order according to his evolving spiritual blueprint As agriculture secretary he fell under the spell of Russian mystics and used the cover of a plant gathering mission to aid their doomed effort to forge a new theocratic state in Central Asia As vice president he toured a Potemkin Siberian continent guided by undercover Soviet security and intelligence officials who hid labor camps and concealed prisoners He then wrote a book together with an American NKGB journalist source hailing the region s renaissance under Bolshevik leadership In China the Soviets uncovered his private efforts to coax concessions to Moscow from Chiang Kai shek fueling their ambitions to dominate Manchuria Running for president in 1948 he colluded with Stalin to undermine his government s foreign policy allowing the dictator to edit his most important election speech It was not until 1950 that he began to acknowledge his misapprehensions regarding the Kremlin s aims and conduct Meticulously researched and deftly written *The World That Wasn t* is a spellbinding work that shows how American history and world history could have turned out very differently if just a few things had gone the other way *The Wall Street Journal*
