Being Hindu, Being Indian Vanya Vaidehi Bhargav, 2024-02-29 In popular imagination Lala Lajpat Rai is frequently associated with Bhagat Singh who by assassinating J P Saunders avenged Rai's death caused by a police lathi charge and was hanged for it Lajpat Rai is also remembered for his fervent opposition to British rule In recent decades however historians have converged with the Hindu Right in rediscovering Lajpat Rai as an ideological ancestor of Hindutva But what then explains Rai's wholehearted approval of Congress Muslim League cooperation and attempt to endow Hindus and Muslims with bonds of common belonging Why did he reinterpret India's medieval history to highlight peaceful coexistence between Hindus and Muslims Have our hasty conclusions about Lajpat Rai's nationalist thought concealed its complexities and distorted our understanding of nationalism in general Meticulously researched and eloquently written *Being Hindu Being Indian* offers the first comprehensive examination of Lajpat Rai's nationalist thought By revealing the complexities of Rai's thinking it provokes us to think more deeply about broader questions relevant to present day politics Are all expressions of Hindu nationalism the same as Hindutva What are the similarities and differences between Hindu and Indian nationalism Can communalism and secularism be expressed together How should we understand fluidity in politics This book invites readers to treat Lajpat Rai's ideas as a gateway to think more deeply about history politics religious identity and nationhood

Culture **Urdu and Indo-Persian Thought, Poetics, and Belles Lettres** ,2017-06-06 Urdu and Indo Persian Thought Poetics and Belles Lettres is a collection on the subject of Urdu poetics Dastan translation studies in Urdu and Indo Persian The essays employ interdisciplinary perspectives for exploring the dynamic literary landscape of the South Asian subcontinent since the sixteenth century The individual topics in the collection depict a plausible picture of how the development of Urdu and Indo Persian thoughts and poetics have influenced one another for centuries Contributors are Satya Hedge Prashant Keshavmurthy Pasha M Khan Mehr Afshan Faruqi David Lelyveld Natalia Prigarina Carla Petievich Christina Oesterheld Baidar Bakht Frances Pritchett Gail Minault Ludmila Vassilieva Spirals of Contention Satish Saberwal,2012-04-27 This study examines the social and psychological processes that led to the Partition of the Indian subcontinent in 1947 It recognizes the long term continuities in the idiom of conflict as well as cooperation and shows that by 1900 the conflicts and animosities were gathering a self aggravating momentum The book moves back and forth between evidence and general or theoretical understanding Separateness between Hindus and Muslims grew reciprocally with hardening religious identities and the growing frequency of incidents of conflict These skirmishes had several dimensions symbolic desecrating places of worship societal conversions and physical violence against women As mutual trust declined a quarter century of negotiations under diverse auspices failed to yield an agreement and even the framework of the Partition in 1947 was imposed by the colonial rulers A theoretically informed study this book takes a comparative stance along several axes Recognizing long term continuities in the idiom of conflict as well as of cooperation it will be of interest to students of conflicts Partitions history sociology and South Asian studies **A History of Modern India** Ishita Banerjee-Dube,2014-10-27 This book provides an interpretive and comprehensive account of the history of India between the eighteenth and twentieth centuries a crucial epoch characterized by colonialism nationalism and the emergence of the independent Indian Union It explores significant historiographical debates concerning the period while highlighting important new issues especially those of gender ecology caste and labour The work combines an analysis of colonial and independent India in order to underscore ideologies policies and processes that shaped the colonial state and continue to mould the Indian nation *Hindu Mahasabha in Colonial North India, 1915-1930* Prabhu Babu,2013 Hindu nationalism has emerged as a political ideology represented by the Hindu Mahasabha This book explores the campaign for Hindu unity and organisation in the context of the Hindu Muslim conflict in colonial north India in the early twentieth century It argues that India s partition in 1947 was a result of the campaign and politics of the Hindu rightwing rather than the Islamist politics of the Muslim League alone The book explains that the Mahasabha articulated Hindu nationalist ideology as a means of constructing a distinct Hindu political identity and unity among the Hindus in conflict with the Muslims in the country It looks at the Mahasabha s ambivalence with the Indian National Congress due to an extreme ideological opposition and goes on to argue that the Mahasabha had its ideological focus on an anti Muslim antagonism rather than the anti British struggle

for India's independence adding to the difficulties in the negotiations on Hindu Muslim representation in the country. The book suggests that the Mahasabha had a limited class and regional base and was unable to generate much in the way of a mass movement of its own but developed a quasi military wing besides its involvement in a number of popular campaigns. Bridging the gap in Indian historiography by focusing on the development and evolution of Hindu nationalism in its formative period, this book is a useful study for students and scholars of Asian Studies and Political History.

National Identities in Pakistan Cara Cilano, 2014-06-03 In 1971 a war which took place in Pakistan that resulted in the establishment of two separate countries. East Pakistan became Bangladesh leaving the remaining four western provinces to comprise a truncated Pakistan. This book examines how literature by those who remained Pakistanis acts as a cultural response to the threat the war posed to a nationalist identity. It provides an analysis of the writing by Pakistani authors in their attempt to deal with the radical shock of the war and shows how fiction about the war helps readers imagine what the paring down of the country means for any abiding articulation of a Pakistani group identification. The author discusses English and Urdu language fictions in the context of the historical debate about Pakistani nationalism including how such nationalism informs literary culture and in the contemporary interest in official apologies for the past. The author organises the literary analysis around four key issues: the domestic sphere and the family, the territorial limits of citizenship, multiculturalism, class and nationalist history and diasporic imaginings of the nation. These issues resonate across the fictions in both languages and the author's analysis of them traces how these works grapple with changing notions of what it means to be Pakistani after the civil war and offers an interesting discussion to studies in South Asia.

The Postcolonial World Jyotsna G. Singh, David D. Kim, 2016-10-04 The Postcolonial World presents an overview of the field and extends critical debate in exciting new directions. It provides an important and timely reappraisal of postcolonialism as an aesthetic, political and historical movement and of postcolonial studies as a multidisciplinary, transcultural field. Essays map the terrain of the postcolonial as a global phenomenon at the intersection of several disciplinary inquiries. Framed by an introductory chapter and a concluding essay, the eight sections examine: Affective Postcolonial Histories, Postcolonial Desires, Religious Imaginings, Postcolonial Geographies and Spatial Practices, Human Rights and Postcolonial Conflicts, Postcolonial Cultures and Digital Humanities, Ecocritical Inquiries in Postcolonial Studies, Postcolonialism versus Neoliberalism. The Postcolonial World looks afresh at re-emerging conditions of postcoloniality in the twenty-first century and draws on a wide range of representational strategies, cultural practices, material forms and affective affiliations. The volume is an essential reading for scholars and students of postcolonialism.
