Huna and Self Suggestion Max Freedom Long, 2015-01-10 Using self suggestion is a simple process which may be divided into three steps First quite naturally one must decide what is to be suggested to the low self by the middle self to the subconscious by the conscious mind self Second one relaxes the body stills the trains of thought that may be running through the mind and when the low self is in this way made ready to accept suggestion the third step is taken This third step is to give the suggestion to the low self either aloud or silently One may succeed in getting some response from the low self on the very first attempt to use self suggestion but usually it takes a little period of practice before one gets a full and swift response One learns to crawl then to walk and then to run An attempt to reverse the process and start with the running cannot help but be a waste of time From Chapter 4 Get Your Copy Today Teaching of Huna Max Freedom Long, 2023-11-26 In Teaching of Huna Max Freedom Long presents an intricate exploration of the ancient Hawaiian spiritual system known as Huna blending elements of psychology mysticism and philosophy Long s literary style is both accessible and profound inviting readers into the depths of Hawaiian tradition while employing a scholarly yet personal narrative The book contextualizes Huna within a broader spiritual landscape drawn from Long s extensive research and practical experience in Hawaii offering insights into healing self discovery and the interconnectivity of mind and spirit that characterize this indigenous system Max Freedom Long an American author and researcher dedicated much of his life to studying Hawaiian culture and esoteric practices which culminated in his passion for Huna His background as a teacher and an ethnographer coupled with his experiences in the Pacific Islands informed his understanding of Huna s intricate principles Moreover his aim was clear to bridge the gap
