There is no evidence of a beginning of messianic consciousness Jesus conceived of himself as the Messiah even prior to his baptism C.S. Lewis--The Work of Christ Revealed P. H. Brazier, 2012-08-14 C S Lewis The Work of Christ Revealed focuses on three doctrines or aspects of Lewis s theology and philosophy his doctrine of Scripture his famous mad bad or God argument and his doctrine of christological prefigurement In each area we see Lewis innovating within the tradition He accorded a high revelatory status to Scripture but acknowledged its inconsistencies and shrank away from a theology of inerrancy He took a two thousand year old theological tradition of aut Deus aut malus homo either God or a bad man and developed it in his own way Most innovative of all was his doctrine of christological prefigurement intimations of the Christ event in pagan mythology and ritual This book forms the second in a series of three studies on the theology of C S Lewis titled C S Lewis Revelation and the Christ www.cslewisandthechrist.net The books are written for academics and students but also crucially for those people ordinary Christians without a theology degree who enjoy and gain sustenance from reading Lewis s work Exegetical Essays, 3rd Edition Don Garlington, 2003-10-13 Exegetical Essays is a collection of thirteen biblical studies The purpose of each is to fill a gap in New Testament research or to offer alternate understandings of familiar passages The second edition of these Essays incorporates corrections and updated documentation and presents three new studies The order of the articles follows as closely as possible the canonical biblical text The book commences with a consideration of the biblical theological method followed by an Old Testament essay and then proceeds through the Gospels Paul and Revelation and concludes with review articles of two recent notable books **The Doctrine of the Person of Jesus Christ** Hugh Ross Mackintosh, 1912

Christ-Oriented Expository Preaching Kyoochan Lee, 2020-07-24 This book provides an exegetical theological rhetorical paradigm the Christ oriented approach Lk 24 27 44 that facilitates accuracy effectiveness and practicality in preaching the New Testament use of the Old In providing a practical expository model and sermon preparation evaluation principles this work moves beyond the level of theory into the realm of praxis and will thus appeal to practitioners as well as to academics **Jesus as the Pierced One** Bret A. Rogers, 2020-06-08 How can John use Zech 12 10 to explain both Jesus first coming in humility John 19 37 and Jesus second coming in glory Rev 1 7 In this book Rogers demonstrates how God s self revelation in Jesus provides the key for understanding the fulfillment of Zech 12 10 in light of both John s high Christology and John s inaugurated and consummated eschatology In contrast to previous approaches Rogers proposes that John interprets Zech 12 10 not simply along a human messianic axiom but along a divine messianic axiom Moreover by treating Zech 12 10 John 19 37 and Rev 1 7 in a single study readers will better understand the unified narrative spanning

the Testaments the nature of Jesus divine identity and mission in John s writings and how Jesus divine nature and mission compels the church to live between his two advents **Jesus and His Own** Daniel B. Stevick,2011-04-29 In his section by section commentary Stevick gives careful attention to the literary structural and theological features of the text pointing also to how and where the Revised Common Lectionary incorporates passages from John 13 17 The distillation of a senior seminary professor s lifelong study and reflection Jesus and His Own will be especially valuable for pastors preparing to teach or preach from John s Gospel Book Jacket **The Analogy of Love** Gary Chartier,2015-11-09 This book offers an overview of Christian theology organized around the twin themes of divine and human love The book covers the traditional theological topics as well as basic questions of theological method It seeks to integrate a focus on love throughout While love is regularly canvassed as a dominant theme in Christian thought it has rarely been the focus of Christian theological construction or a constraint on theological formulation The book seeks to suggest chapter by chapter how a given topic relates to the broad theme of love The book is written in a way designed to make it accessible to university students and educated laypersons At the same time it takes positions on controverted scholarly issues and the methodological approach outlined at the beginning will be of interest to academic theologians *The Christian Faith* Hans Schwarz,2014-09-09 This reader friendly primer offers a concise yet thorough overview of the Christian faith Hans Schwarz one of the major Lutheran theologians of the last half century covers the Christian faith from creation to the final fulfillment of life He gives his account of the major points of Christian doctrine always moving from the biblical text to the unfolding of the faith through the centuries to contemporary significance This brief systematic theology will appeal to professors students pastors and educated lay readers who want a quick but profound and biblically grounded overview of the Christian faith **New Techniques for Proving Plagiarism** M. V. Dougherty,2024-05-21 This book demonstrates that the principles of textual criticism borrowed from the fields of classics and medieval studies have a valuable application for plagiarism investigations Plagiarists share key features with medieval scribes who worked in scriptoriums and produced copies of manuscripts Both kinds of copyists scribes and plagiarists engage in similar processes and they commit distinctive copying errors When committed by plagiarists these copying errors have probative value for making determinations that a text is copied and hence unoriginal To show the efficacy of the newly proposed techniques for proving plagiarism case studies are drawn from philosophy theology and canon law *The God Who Is* Hans Schwarz,2011-01-01 Who is the God in whom Christians believe Is he just a figment of the human mind as critics of religion claimed in the nineteenth century and as crusading atheists assert again today Since the beginnings of rational thought the brightest minds among humanity have attempted to assert that God does indeed exist But even the so called proofs for God s existence always started with the assumption that there is someone to prove As soon as we move beyond that which is within space and time mere proofs or disproofs no longer suffice Both believers and unbelievers live to a certain degree by faith Yet religion is inextricably connected with human history

When we journey through the landscape of religion and witness its gradual unfolding we soon realize that not all religions are equal Though they may be witnesses of the same God the way they talk about God is so different that this not only leads to very different concepts of God but also to different approaches to life on this earth At the end of this long journey we finally arrive at the Judeo Christian tradition which witnesses to the God in whom Christians believe This book seeks to show how this belief matured and what difference this belief still makes today **Christian Theology** Peter Crafts
