Selfgenesis Connecting The Power Within A Developmental Framework For Change:

Self-genesis Deborah Nicholson, 2005-01 Ever thought of you and change in your life from an organizational systems point of view Think About It All human interaction within the infrastructure of an organization takes place within three major sub systems each being dynamic and fluid and of equal importance to the organization and its people with change being the common denominator within and between them The inability to manage change in one sub system or the other is the result of not developing and nurturing a big picture view of the need and impact of change on the infrastructure Now think about YOU SELF Genesis Connecting the Power Within offers a framework for such an analysis Using the basic concepts of organizational development systems theory and human relations Self Genesis is a conscious journey of self growth and maturity to discover the true origin of our power in balancing the gap between expectations and reality created by change in our life system The power is discovered in the strength of our Spirit Expectations Longevity and Faith within SELF
