Why Be Moral? Yong Huang,2014-10-07 Yong Huang presents a new way of doing comparative philosophy as he demonstrates the resources for contemporary ethics offered by the Cheng brothers Cheng Hao 1032 1085 and Cheng Yi 1033 1107 canonical neo Confucian philosophers Huang departs from the standard method of Chinese Western comparison which tends to interest those already interested in Chinese philosophy While Western oriented scholars may be excited to learn about Chinese philosophers who have said things similar to what they or their favored philosophers have to say they hardly find anything philosophically new from such comparative work Instead of comparing and contrasting philosophers each chapter of this book discusses a significant topic in Western moral philosophy

examines the representative views on this topic in the Western tradition identifies their respective difficulties and discusses how the Cheng brothers have better things to say on the subject Topics discussed include why one should be moral how weakness of will is not possible whether virtue ethics is self centered in what sense the political is also personal how a moral theory can be of an antitheoretical nature and whether moral metaphysics is still possible in this postmodern and postmetaphysical age

Cheung Ph.D.,2017-11-14 The goal of the book is to solve the three big problems plaguing our world poverty war and environment deterioration from pollutions The big three besides making lives unbearable for billions also have increasingly threatened to destroy us Many including the wisest and the most learned the human race has to offer have tried and only to fail The reason is simple they just dont know what the reasons behind the problems are This book The Quest of an Unlikely Fixer has through biophysics clearly identified that the selfish nature of living organisms is the only reason Selfishness always leads to hurtful behaviors that is one of the reasons The other reason is our godlike power But we sadly dont have the right morality to guide this power The solution to human selfishness and our godlike power is by a correct new golden rule based morality which allows us to come up with two moral principles to deal with selfishness The book introduces moral selfishness as the tool to heal our sick planet Following moral selfishness will promote intelligence and cooperation among the people of the world It will bring a paradise to our planet The book is full of original ideas *Transcending Utopia* Kevin Hunter,2018-03-02 Transcending Utopia is packed with both practical and spirit knowledge that focuses on enhancing your life through empowering divinely guided spiritual related teachings inspiration wisdom guidance and messages The way to accelerate existence on Earth towards Utopia is if every person on the planet resided in their soul s true nature which is in a state of all love joy and peace The ultimate Nirvana is surpassing that perfection through methods that a limited consciousness could ever dream possible This is the exceptional glory your soul was born into before the dense turbulence of Earthly life enveloped and suffocated you Transcending Utopia is to go beyond your limits and travel outside of the generic mundane materialistic achievement that human beings taught one another to thrive for A utopian society is where everything is perfectly blissful on all levels according to the sanctified values you were born with The sensations connected to how flawless everything feels in that moment reveals the authentic perfection you were made from Utopia is the ideal paradise as imagined in one s dreams that

seems to be inaccessible by human standards It is a state of mind that is possible to reach by adopting broader ways of looking at circumstances while being disciplined about how you conduct your life Deep down every soul longs for that heavenly excellence of unabashed joy and serenity It is the space where unwavering love and harmony envelop and lift you upwards into the almighty Divine Transcending beyond the dull insensible frustrated Earthly life and into the natural condition the soul once habited is a goal that delights reminding you of where it came from You search for a sign of this utopia through external means only to be consistently left with disappointment This is because utopia begins and ends inside the spark that burns within your spirit like a pilot light waiting to be ignited
