Selfless Love:

Selfless Love Ellen Jikai Birx, 2014-04-01 Selfless Love shows how meditation can help us realize that we don't love we are love Gentle elegant and radically inspiring Selfless Love presents a holistic experiential meditative path that enables us to see beyond our preconceived notions of identity spirituality and humanity Drawing equally from Zen parables her experience as a mental health therapist and the Gospels Ellen Birx shows us that through meditation we can recognize that our true selves are not selves at all that all beings are united in unbounded infinite awareness and love beyond words Recognizing the limitations of language in describing the indescribable Birx concludes each chapter in the Zen tradition of turning words with a verse meant to invite insights Selfless Love and Human Flourishing in Paul Tillich and Iris Murdoch Julia Theresa Meszaros, 2016 In an age of self affirmation and self assertion selfless love can appear as a threat to the lover's personal well being This perception jars with the Biblical promise that we gain our life through losing it and therefore calls for a theological response In conversation with the Protestant theologian Paul Tillich and the atheistic moral philosopher and novelist Iris Murdoch Selfless Love and Human Flourishing in Paul Tillich and Iris Murdoch enquires into the anthropological grounds on which selfless love can be said to build up rather than undermine the lover's self It proposes that while the implausibility of selfless love was furthered by the modern deconstruction of the self both Tillich and Murdoch utilize this very deconstruction towards explicating and restoring the link between selfless love and human flourishing Julia T Meszaros shows that they use the modern diagnosis of the human being's lack of a stable and independent self as manifest in Sartre's existentialism in support of an understanding of the self as relational and fallen This leads them to view a loving orientation away from self and a surrender to the other as critical to the full flourishing of human selfhood In arguing that Tillich and Murdoch defend the link between selfless love and human flourishing through reference to the human being's ontological selflessness Meszaros closely engages Soren Kierkegaard's earlier attempt to keep selfless love and human flourishing in a productive dialectical tension She also examines the breakdown of this tension in the later figures of Anders Nygren Simone Weil and Jean Paul Sartre and addresses the pitfalls of this breakdown Her examination concludes by arguing that the link between selfless love and human flourishing would be strengthened by a more resolute endorsement of a personal God and of the reciprocal nature of selfless love Creative Victory Tomas, 1995-01-01 Millions of readers around the world have been captivated by the writings of Carlos Castaneda Now Tomas speaks to the compelling heart of that collective work through an inspirational commentary on the Toltec process of power *From Childhood to Christhood* Jocelyne Ranucci, 2007-01-02 Jocelyne Ranucci saved her own life Fed up with abusive relationships and dead end jobs she set out to become the architect of her own salvation Through a careful process of study and meditation she began to realize that we are all the creators of our own destiny that we can learn to love and accept ourselves deeply and that we can leave the destructive patterns of the past behind forever Her story is touching her transformation profound With great candor warmth and wit she reveals the

most intimate details of her personal struggle and shows us how we can bridge the gap between spirituality and every day life She teaches us how to unleash the great healing power that lies buried deep within us so that we too can alter our path conquer our fears and free our spirit allowing us to embrace the joys and the serenity of the endless possibilities that lie ahead Extract from the Kirkus review Jocelyne Ranucci the author experienced a rough childhood starved of love approval and support her mother was highly critical and manipulative and left her to fend for herself at the age of 16 Though she remained deeply convinced of her own value the author began to realize that she was replicating in her adult relationships the damage she had suffered as a child In order to overcome these negative patterns she dedicated herself to her spiritual growth Here she shares her journey the universal laws and divine resources she discovered and the ways in which she was able to reinvent her outlook on life Ranucci s insights are compelling because they demonstrate how she has concretely improved her daily life and she offers enough guidance for readers to begin their own journeys Bharat Post Modi Korak Day,2024-10-15 Many love Modi while others hate him and even the concept of an ascendant India But what will happen after Modi What is the next chapter in the saga of Bharat s destiny In a culture where positive change is the only constant Korak Day peels back the layers of India s future with surgical precision in Bharat Post Modi This isn t just a book it s a blueprint for a new era a vision for Bharatottum Excellence of Bharat where excellence is not merely an imagination but a step by step ascend of reality How will the future supreme leaders of Bharat steer clear of traitors anti Bharat forces and other challenges to create a positivity oriented wealthiest and most powerful ideal country that is future proof Bharat Post Modi asks the questions that every Indian is secretly pondering offering insights that could redefine what it means to be part of this ancient yet ever evolving civilization Embark on a journey that starts where Modi s story ends leading you into the dawn of Bharatottum organically This book is an introduction to the futuristic Eternal Dharma Constitution of Bharat which is the ideal replacement for the present copy paste version of the British **Returning to Tillich** Russell Re Manning, Samuel Andrew Shearn,2017-12-04 Fifty years after his death in 1965 the essays in this collection return to Paul Tillich to investigate his theology and its legacy with a focus on contemporary British scholarship Originating in a conference held in Oxford in 2014 the book contains 16 original contributions from a mixture of junior and more established scholars most of whom have a connection to Britain The contributions are diverse but four themes emerge throughout the volume Several essays are concerning with a characterisation of Tillich s theology In dialogue with recent emphases on the radical Tillich some essays suggest a more conservative estimation of Tillich s theology rooted in the Idealist and classical Christian platonic traditions whilst in constant engagement with changing existential situations Secondly and perhaps reflecting the context of religious diversity and theories of religious pluralism in Britain many essays engage Tillich s approach to non Christian religions Thirdly some essays address the importance of existentialist philosophy for Tillich notably via an engagement with Sartre Finally a number of essays take up the diagnostic potential of Tillich s theology as a resource for engaging contemporary

renewal In this concept the spiritual union with Christ unio mystica cum Christo is taken as the starting point in order to consider the way in which renewal obtains form in relation to God our neighbour ourselves and the world To place this concept into a historical perspective van Vlastuin begins his study with an investigation of Luther and Calvin's theology concerning the relationship between the union with Christ and personal renewal The concept is developed within the current theological debate with particular reference to the eschatological character of the Christian life An important issue concerns the measure of renewal especially in relation to the sinful heart of the believer In this context the author also deals with the question of sanctification as a position or a process and the relation between the two In addition the relationship between the Holy Spirit and the human soul in the process of renewal is discussed Another important issue concerns the abiding significance of the law and the way in which it functions in the Christian life The exploration of several theological positions leads to a modern concept by which to understand law The study concludes with an investigation of the relationship between the eschatological Christian life in this present life and the complete revelation of the eschaton

Satterlee, 2023-01-10 My Burden Is Light Making Room for Jesus in Preaching invites preachers to reclaim proclaiming Jesus as the goal of preaching Too often Satterlee observes we usher Jesus to the back of the pulpit invite him to make a cameo appearance or even excuse him from the sermon altogether With the author's guidance readers imagine the ways Jesus is present in their favorite liturgical space and explore ways they can make room for Jesus in preaching and experience abundant life for themselves and for their people Satterlee argues that by preaching the mystery of Jesus's life death and resurrection as good news for God's people the church and the world all of whom long for salvation we powerfully address the issues we face including pandemic climate change assaults on democracy social justice and division Drawing on his lifetime of experience learning preaching and teaching the gospel this book is foundational for preaching courses and a balm for preachers needing nourishment and renewal **Buddhist Modernities**

On the True Nature of the Soul: Essays for the Seriously Curious Robert Colacurcio,2017-02-16 This book is a compilation of essays written mostly to family members and friends in response to their questions and comments to my other books These essays were written in over a period of two years and can be read singly although I have grouped them to try to achieve a cumulative effect Many people seem satisfied with the childhood information about the soul that they carry into adulthood Some people just find the subject beyond them even though the soul is their most intimate companion Everyone agrees that proper feeding requires accurate information about the animal or person being fed and yet the spiritual nurture of the soul is not examined with the same critical eye Much that I have to say therefore has to do with the proper feeding of the soul based on a critical examination of the true nature of the soul As in all my books I am indebted to the methods of examination from the Buddhas spiritual technology toolkit
