Selling Hitler Robert Harris, 1986 Based on the true story of one of the lost diaries of Adolf Hitler and how they turned out to be fake **Selling Hitler** Robert Harris, 1987 The Hitler Diaries Charles Hamilton, 2014-07-11 Now for the first time the complete expose of the most daring and successful forgery of all time For seven days in April 1983 the sensational discovery of Hitler's sixty two volumes of secret diaries dominated the news headlines of the world Scholars hailed the diaries as the greatest find of the century a historical bonanza that would entirely alter our views of Hitler and the Third Reich Shocked readers followed daily installments showing that Hitler knew nothing about the Holocaust Then in an abrupt reversal the diaries were proved to be bogus Hitler's People Richard J Evans, 2024-08-13 Named a Best Book of the Year by Kirkus Reviews and Air Mail A fascinating and instructive book elegantly written and perceptive Wall Street Journal Kaleidoscopic A fascinating exploration of individual agency that never loses sight of the larger context Just the kind of probing nuanced and unsparing study to help us think things through The New York Times Through a connected set of biographical portraits of key Nazi figures that follows power as it radiated out from Hitler to the inner and outer circles of the regime's leadership one of our greatest historians answers the enduring question how does a society come to carry out a program of unspeakable evil Richard Evans author of the acclaimed The Third Reich Trilogy and over two dozen other volumes on modern Europe is our preeminent scholar of Nazi Germany Having spent half a century searching for the truths behind one of the most horrifying episodes in human history in Hitler's People he brings us back to the original site of the Nazi movement namely the lives of its most important members Working in concentric circles out from Hitler and his closest allies Evans forms a typological framework of Germany society under Nazi rule from the top down With a novelist's eye for detail Evans explains the Third Reich through the personal failings and professional ambitions of its members from its most notorious deputies like Goebbels the regime's propagandist and Himmler the Holocaust's chief architect to the crucial enforcers and instruments of the Nazi agenda that history has largely forgotten like the schoolteacher Julius Streicher and the actress Leni Riefenstahl Drawing on a wealth of recently unearthed historical sources Hitler's People lays bare the inner and outer lives of the characters whose choices led to the deaths of millions Nearly a century after Hitler's rise the leading nations of the West are once again being torn apart by a will to power By telling the stories of these infamous lives as human lives Evans asks us to grapple with the complicated nature of complicity showing us that the distinctions between individual and collective responsibility and even between pathological evil and rational choice are never easily drawn Trump and Hitler Henk de Berg, 2024-03-01 This book compares Trump and Hitler as political performance artists It explores their populist self staging and rhetorical strategies and explains how they connected with their respective audiences It also analyses the two men's character work ethic and management style In addition the book addresses seemingly peripheral issues like the reasons behind Hitler's toothbrush moustache and Trump's hairstyle By demystifying Hitler and Trump the

Lying About Hitler Richard J. Evans,2008-08-04 In ruling against the controversial historian David Irving in his libel suit against the American historian Deborah Lipstadt last April 2000 the High Court in London labeled him a falsifier of history No objective historian declared the judge would manipulate the documentary record in the way that Irving did Richard J Evans a Cambridge historian and the chief advisor for the defense uses this pivotal trial as a lens for exploring a range of difficult questions about the nature of the historian s enterprise For instance don t all historians in the end bring a subjective agenda to bear on their reading of the evidence Is it possible that Irving lost his case not because of his biased history but because his agenda was unacceptable The central issue in the trial as for Evans in this book was not the past itself but the way in which historians study the past In a series of short sharp chapters Richard Evans sets David Irving s methods alongside the historical record in order to illuminate the difference between responsible and irresponsible history The result is a cogent and deeply informed study in the nature of historical interpretation

Telling Lies about Hitler Richard J. Evans,2002 Richard J Evans worked on the historical evidence on behalf of the defence during the Irving libel trial In *Telling Lies about Hitler* the author discusses the importance of historical writing and the social role of historians in such trials

Hoax Edward Steers Jr.,2013-04-01 Did a collector with a knack for making sensational discoveries find the first document ever printed in America Did Adolf Hitler pen a revealing multivolume set of diaries Has Jesus of Nazareth s burial cloth survived the ages Can the shocking true account of Abraham Lincoln s assassination be found in lost pages from his murderer s diary Edward Steers Jr investigates six of the most amazing frauds ever to gain wide acceptance in this engrossing book *Hoax* examines the legitimacy of the Shroud of Turin perhaps the most hotly debated relic in all of Christianity and the discovery of fossils confirming humanity s missing link the Piltdown Man Steers also discusses two remarkable forgeries the Hitler diaries and the Oath of a Freeman and famous conspiracy theories including allegations that Franklin D Roosevelt had prior knowledge of the attack on Pearl Harbor and that the details of Lincoln s assassination are recorded in missing pages from John Wilkes Booth s journal The controversies that Steers presents show that there are two major factors involved in the success of hoaxes and forgeries greed and the desire to believe Although all of the counterfeits and conspiracies featured in this book have been scientifically debunked some are still widely perceived as truth As Steers demonstrates the endurance of these frauds highlights a disturbing fact If true history fails to entertain the public it is more likely to be ignored or forgotten
