## **Selling Serenity Life Among The Recovery Stars:**

**Selling Serenity** Andrew Meacham,1999-07 With the phenomenal growth of Alcoholics Anonymous the vast number of other 12 Step programs that have evolved from it the recovery movement has attained epic status People are recovering from everything from overeating to sexual addictions most of them engaging in the 12 steps in order to heal Those experts that have attained a degree of fame the Recovery Stars get thousands of dollars for speaking about their own recovery experiences The recovery movement has become a billion dollar industry a major facet of our current culture Recovery is a subculture of shared values the highest noblest of which is serenity Recovery is not only proposed as a means of conquering an addiction but also a way of saving your life achieving a higher level of being In this detailed well researched book however author Andrew Meacham questions the processes that the 12 Step programs in fact the entire recovery movement employ Why does the medical profession qualify all these addictions as diseases why is the insurance industry so quick to pay for treatment Meacham attempts to answer these questions many more that the recovery movement raises He attempts to define addiction disease cites various studies used to support recovery ideology pointing out the misapplication of their results that often leads to over generalization false claims He discusses the paradox between the written word of individuality within the recovery movement the unwritten universal stories that recovery gurus use to take away the individual s power *The Recovery Revolution* Claire D. Clark,2017-05-02 In the 1960s as illegal drug use grew from a fringe issue to a pervasive public concern a new industry arose to treat the addiction epidemic Over the next five decades the industry s leaders promised to rehabilitate the casualties of the drug culture even as incarceration rates for drug related offenses climbed In this history of addiction treatment Claire D Clark traces the political shift from the radical communitarianism of the 1960s to the conservatism of the Reagan era uncovering the forgotten origins of today s recovery movement Based on extensive interviews with drug rehabilitation professionals and archival research *The Recovery Revolution* locates the history of treatment activists influence on the development of American drug policy Synanon a controversial drug treatment program launched in California in 1958 emphasized a community based approach to rehabilitation Its associates helped develop the therapeutic community TC model which encouraged peer confrontation as a path to recovery As TC treatment pioneers made mutual aid profitable the model attracted powerful supporters and spread rapidly throughout the country The TC approach was supported as part of the Nixon administration s law and order policies favored in the Reagan administration s antidrug campaigns and remained relevant amid the turbulent drug policies of the late twentieth and early twenty first centuries While many contemporary critics characterize American drug policy as simply the expression of moralizing conservatism or a mask for racial oppression Clark recounts the complicated legacy of the ex addict activists who turned drug treatment into both a product and a political symbol that promoted the impossible dream of a drug free America **The Quest for the Inner Human** Steven H. Propp,2013-12-03 Psychology means the study of the soul it is the social science concerned with

investigating who we are why we have certain feelings and why we do the things we do Are we no more than a vast assembly of nerve cells and their associated molecules Is biology our genetic inheritance destiny or does social upbringing play a crucial role What are the roles played by Nature and by Nurture Are we purely physical beings or is there an aspect that can be called spiritual This thought provoking novel takes you on a journey of intellectual and emotional exploration considering along the way questions that weve all asked ourselves such as Is it true that we only use 10% of our brains Does playing classical music for infants increase their intelligence Do crime rates go up during a full moon Can hypnosis or post hypnotic suggestions make us do something we wouldnt normally do Does subliminal advertising influence us to buy products Are our memories stored indelibly almost like a tape recorder What causes memory lapses as we age Can repressed traumatic memories be recovered through hypnosis Do some people have multiple personalities How can I tell if someone has a neurosis or a psychosis Do men have an inner feminine side and women an inner masculine Are there innate psychological differences between males and females The four main characters in this book will guide you through a diverse and sometimes bewildering world of differing approaches to answering such questions such as Freudian Jungian and Adlerian Humanistic Existential and Transpersonal as well as Cognitive Emotive and Behaviorist Along the way you will learn about the developmental stages proposed by psychologists such as Erikson Kohlberg Piaget and Fowler and even explore some of the questions currently being asked by both neuroscientists and philosophers of the mind Start reading to begin your study of our innermost selves

Legalizing Misandry Paul Nathanson, Katherine K. Young, 2006-03-21 Paul Nathanson and Katherine Young believe that this reveals a shift in the United States and Canada to a worldview based on ideological feminism which presents all issues from the point of view of women and in the process explicitly or implicitly attacks men as a class They argue that ideological feminism is silently reshaping law public policy education and journalism

*The Repressed Memory Epidemic* Mark Pendergrast, 2017-10-13 This book offers a comprehensive overview of the concept of repressed memories It provides a history and context that documents key events that have had an effect on the way that modern psychology and psychotherapy have developed Chapters provide an overview of how human memory functions and works and examine facets of the misguided theories behind repressed memory The book also examines the science of the brain the reconstructive nature of human memory and studies of suggestibility It traces the present day resurgence of a belief in repressed memories in the general public as well as among many clinical psychologists psychiatrists social workers body workers and others who offer counseling It concludes with legal and professional recommendations and advice for individuals who deal with or have dealt with the psychotherapeutic practice of repressed memory therapy Topics featured in this text include The modern diagnosis of Dissociative Identity Disorder DID once called MPD The Satanic Panic of the 1980s and its relation to repressed memory therapy The McMartin Preschool Case and the Day Care Sex Panic A historical overview from the Great Witch Craze to Sigmund Freud s theories spanning the 16th to 19th centuries An exploration of the cultural context that produced the

repressed memory epidemic of the 1990s The repressed memory movement as a religious sect or cult The Repressed Memory Epidemic will be of interest to researchers and clinicians as well as undergraduate and graduate students in the fields of psychology sociology cultural studies religion and anthropology      **The Language of the Heart** Trysh Travis,2010-01-01 In The Language of the Heart Trysh Travis explores the rich cultural history of Alcoholics Anonymous AA and its offshoots and the larger recovery movement that has grown out of them Moving from AA s beginnings in the mid 1930s as a men s fellowship that met in church basements to the thoroughly commercialized addiction treatment centers of today Travis chronicles the development of recovery and examines its relationship to the broad American tradition of self help highlighting the roles that gender mysticism and bibliotherapy have played in that development      **Psychiatry in Law / Law in Psychiatry, Second Edition** Ralph Slovenko,2009-03-03 Psychiatry in Law Law in Psychiatry 2nd Edition is a sweeping up to date examination of the infiltration of psychiatry into law and the growing intervention of law into psychiatry Unmatched in breadth and coverage and thoroughly updated from the first edition this comprehensive text and reference is an essential resource for psychiatry residents law students and practitioners alike      Forthcoming Books Rose Arny,1999
