Shaman Psalm:

Shaman Psalm James Broughton, 1984 The Psalms Samuel L. Terrien, 2003 In this monumental work his most ambitious undertaking the late Samuel Terrien brings together a lifetime of scholarship on Psalms long the wellspring of Jewish spirituality as well as the main hymnal of the Christian church The book's insightful and clearly written introduction treats such subjects as the longevity and ecumenicity of the psalms their Near Eastern background the Hebrew text and ancient versions their music their strophic structure their literary genre their theology and their relation to the New Testament In the commentary itself Terrien freshly elucidates the theological significance of these collected poems by putting readers in touch with the formal versatility and religious passion of the psalmists themselves While Terrien always engages in scientific exegesis before drawing theological conclusions he is careful to allow full expression to the theological and especially the doxological voice of these unmatched spiritual songs The result is a commentary that provides a link between the archaic language of Psalms and the intellectual demands of modern thinking and spirituality Throughout his exposition Terrien shows great respect for the scribal testimony of the Jewish tradition especially the consonants of the Masoretic text He likewise displays great care in finding the most accurate meaning for Hebrew words of obscure origin This meticulous work renders a translation of Psalms more reliable than those of Terrien's predecessors He also draws on many fruitful gains of structural analysis in discerning the strophic divisions within the Hebrew text Often he finds unity of composition where earlier critics denied it And for readers interested in specific aspects of translation and interpretation Terrien has appended bibliographical lists of modern works on each psalm *The Exploding Eye* Wheeler Winston Dixon, 1997-10-30 *The Exploding Eye* explores the work of lesser known American experimental filmmakers whose work has been excluded from the dominant film canon Although the works of such artists as Michael Snow Stan Brakhage Bruce Conner Robert Nelson and Maya Deren are well known to the contemporary scholar of independent cinema there is an entire body of work created in the American experimental cinema that has been overlooked work of considerable beauty and influence that was enthusiastically received when first released and that is still available for viewing today awaiting long overdue rediscovery Featuring more than seventy rare stills and complete information on the films and filmmakers covered *The Exploding Eye* offers a fresh vision of American experimental film for critics scholars and the general reader

Shamanic Christianity Bradford Keeney, 2006-03-13 A guide to reconnecting with Jesus Mary and the saints as shamanic teachers of divine mysteries Contains meditations contemplations parables and active ritual tasks that help bring forth a shamanic understanding and practice of Christianity Shows shamanic experience to be the root of mystical communion When the missionaries came to North America to save the American Indians they were perplexed to discover that while they talked about Jesus some of the Indians claimed to talk directly with him Among Christians there is almost complete silence on the subject of the place of shamanism in experiencing the divine yet shamanic experience is at the root

of all mystical communion Shamanic Christianity offers a chance to rekindle the shamanic practices of Christianity to those who wish to restore their direct connection to the spirit world In the tradition of contemplative practice this reconnection takes the form of devotions Presented in four forms these devotions begin with a specific contemplation followed by a meditative focus then a parable from the author s own visionary experiences and finally an active mystical practice to help ground the meditations and contemplations in a ritual or ceremony that involves active participation These four forms serve to reintroduce Jesus Mary and the historically renowned saints as shamanic teachers of divine mysteries whose spiritual presence is readily available to contemporary lives The author also presents specific directives for handling everyday challenges in a shamanic inspired manner drawing upon creative activities and resources that encourage approaching the world with the imaginative and playful spirit of a child whose personal freedom and creative expression is always wide open to possibilities
