Shame About The Title Poems That Point:

The Title to the Poem Anne Ferry,1996 The first six chapters are distinguished according to the nature of the question a reader might ask about the poem which the title purports to answer Who gives the title Who has the title Who says the poem Who hears the poem What genre does the poem belong to What is the poem about **American Literature** Percy Holmes Boynton,1923 *Shame about the Title* Matt Fitzgerald,1994 A History of American Literature Percy Holmes Boynton,1919 The Poems of W.B. Yeats Peter McDonald,2020-08-18 In this multi volume edition the poetry of W B Yeats 1865 1939 is presented in full with newly established texts and detailed wide ranging commentary Yeats began to write verse in the nineteenth century and over time his own arrangements of poems repeatedly revised and rearranged both texts and canon This edition of Yeats s poetry presents all his verse both published and unpublished including a generous selection of textual variants from the many manuscript and printed sources The edition also supplies the most extensive commentary on Yeats s poetry to date explaining specific references and setting poems in their contexts it also gives an account of the vast range of both literary and historical influences at work on the verse The poems are presented in order of composition and major revisions or rewritings of poems result in separate inclusions in chronological sequence for these writings as they were subsequently reconceived by the poet This first volume collects Yeats s poetry of the 1880s from his ambitious and extensive juvenilia including hitherto little noticed dramatic poems to his earliest published pieces leading to his first substantial book of verse The pastoral romance of classically inflected early work like *The Island of Statues* is succeeded in these years by the Irish mythic material that finds its largest canvas in the mini epic *The Wanderings of Oisín* In Yeats s work through the 1880s an adolescent poet s youthful absorption in Romantic poetry is replaced by a commitment to esoteric religious speculation and Irish political nationalism This edition allows readers to see Yeats s emergence as a poet step by step in compelling detail in relation to his literary influences including significantly the Anglo Irish poetry of the nineteenth century The commentary provides an extensive view of Yeats s developing personal cultural and historical worlds as the poems gain in maturity and depth From the first attempts at verse of a teenage boy to the fully accomplished writings of an original poet standing on the verge of popular success with poems such as *The Lake Isle of Innisfree* Yeats s poetry is displayed here in unprecedented fullness and detail **The Poetry of Raymond Carver** Sandra Lee Kleppe,2016-02-24 Best known as one of the great short story writers of the twentieth century Raymond Carver also published several volumes of poetry and considered himself as much a poet as a fiction writer Sandra Lee Kleppe combines comparative analysis with an in depth examination of Carver s poems making a case for the quality of Carver s poetic output and showing the central role Carver s pursuit of poetry played in his career as a writer Carver constructed his own organic literary system of autopoetics a concept connected to a paradigm shift in our understanding of the inter relatedness of biological and cultural systems This idea is seen as informing Carver s entire production and a distinguishing feature of Kleppe s book is its contextualization of Carver s poetry within the

complex literary and scientific systems that influenced his development as a writer Kleppe addresses the common themes and intertextual links between Carver s poetry and short story careers situates Carver s poetry within the love poem tradition explores the connections between neurology and poetic memories and examines Carver s use of the elegy genre within the context of his terminal illness Tellingly Carver s poetry which has aroused slight interest among literary scholars is frequently taught to medical students This testimony to the interdisciplinary implications of Carver s work suggests the appropriateness of Kleppe s culminating discussion of Carver s work as a bridge between the fields of literature and medicine

Practising shame Mary C. Flannery,2019-11-01 Practicing shame investigates how the literature of medieval England encouraged women to safeguard their honour by cultivating hypervigilance against the possibility of sexual shame A combination of inward reflection and outward comportment this practice of shamefastness was believed to reinforce women s chastity of mind and body and to communicate that chastity to others by means of conventional gestures The book uncovers the paradoxes and complications that emerged from these emotional practices as well as the ways in which they were satirised and reappropriated by male authors Working at the intersection of literary studies gender studies and the history of emotions it transforms our understanding of the ethical construction of femininity in the past and provides a new framework for thinking about honourable womanhood now and in the years to come *Twentieth Century Poetry* Peter Robinson,2005 Peter Robinson s third book of literary criticism presents a sequence of chapters exploring ways that selves and situations interact and become imaginatively identified with each other in poems Readings of works by Ezra Pound Basil Bunting Louis MacNeice W S Graham Elizabeth Bishop Allen Curnow Charles Tomlinson Mairi MacInnes Tom Raworth and Roy Fisher share an interest in how poems can be both attached to and detached from the culture society and conditions inwhich they were written These studies draw out and underline both the ubiquity and elusiveness of the self in the situation of the text The poems studied here are also discussed as focal points for relations between readerly and writerly selves and their situations in and over time

Encyclopedia of Homosexuality Wayne R. Dynes,2016-03-22 First published in 1990 The Encyclopedia of Homosexuality brings together a collection of outstanding articles that were at the time of this book s original publication classic pioneering and recent Together the two volumes provide scholarship on male and female homosexuality and bisexuality and reaching beyond questions of physical sexuality they examine the effects of homophilia and homophobia on literature art religion science law philosophy society and history Many of the writings were considered to be controversial and often contradictory at that time and refer to issues and difficulties that still exist today This volume contains entries from M Z

A concordance to the rhymes of The Faerie Queene Richard Danson Brown,J. B. Lethbridge,2021-01-26 This book is the first ever concordance to the rhymes of Spenser s epic It gives the reader unparalleled access to the formal nuts and bolts of this massive poem the rhymes which he used to structure its intricate stanzas As well as the main concordance to the rhymes the volume features a wealth of ancillary materials which will be of

value to both professional Spenserians and students including distribution lists and an alphabetical listing of all the words in *The Faerie Queene*. The volume breaks new ground by including two studies by Richard Danson Brown and J B Lethbridge so that the reader is given provocative analyses alongside the raw data about Spenser as a rhymers Brown considers the reception of rhyme theoretical models and how Spenser's rhymes may be reading for meaning Lethbridge in contrast discusses the formulaic and rhetorical character of the rhymes

A Clown in a Grave Michael Skau, 1999 Skau covers the complete works of Corso one of the four major Beat Generation writers with Jack Kerouac Allen Ginsberg and William S Burroughs who attempted to provide an alternative to what they saw as the academic forms of literature dominating American writing through the 1940s and 1950s

Specters of Cavafy Maria Boletsi, 2024 The Greek Alexandrian poet C P Cavafy 1863 1933 has been recognized as a central figure in European modernism and world literature His poetry explored the conditions for animating the past and making lost worlds or people haunt the present Yet he also described himself as a poet of the future generations Indeed his writings address concerns and desires that permeate the twentieth and twenty first centuries How does poetry concerned with the past memory loss and death carry futurity How does it haunt and how is it haunted by future presents *Specters of Cavafy* broaches these questions by proposing spectral poetics as a novel approach to Cavafy's work Drawing from theorizations of specters and haunting it develops spectrality as a lens for revisiting Cavafy's poetry and prose fiction and nonfiction as well as his poetry's bearing on our present By examining Cavafy's spectral poetics the book's first part shows how conjurations work in his writings and how the spectral permeates the entanglement of modernity and haunting and of irony and affect The second part traces the afterlives of specific poems in the Western imagination since the 1990s in Egypt's history of debt and colonization and in Greece during the country's recent debt crisis Beyond its original contribution to Cavafy studies the book proposes tools and modes of reading that are broadly applicable in literary and cultural studies

The Aesthetics of Power Claire Keyes, 2008

When still a senior at Radcliffe Adrienne Rich was selected as a Yale Younger Poet The judge W H Auden wrote the introduction to her first book of poems Thus Rich's career was launched by one of the most distinguished poets of the twentieth century someone Rich herself admired and emulated Adrienne Rich's early mentors were men and her early poetry consequently adopted a strong male persona In her development as artist woman and activist however Rich emerged as a leading voice of modern feminism a voice which rejects a male dominated world forcing new definitions of power new possibilities for women and profound repercussions for society In *The Aesthetics of Power* Claire Keyes examines the shape and scope of Rich's poetry as it applies to Rich's female aesthetic Keyes uncovers the process by which Rich embraces then rejects accepted uses of power achieving a vision of beneficent female power In her early poems Adrienne Rich accepts certain traditions associated with the divisions of power according to sex Later Rich continually defines and redefines power

until she can reject power as force patriarchal power for the power to transform which for her is the truly significant and essential power Surveying Rich's poetry and prose from 1951 to the present this book traces the development of Adrienne Rich's new understanding of the power of the poet and the power of woman Sharing Rich's feminist sensibilities yet at times critical of her more radical positions Claire Keyes draws a portrait of an artist who was molded by the complex political and social climate of post World War II America It is a portrait that reveals the creative growth of an artist and the personal growth of a powerful and controversial woman The Nation, 1984 **Adrienne Rich's Later Poetry** Alec Marsh, 2024-12-12 Reorienting understandings of Adrienne Rich's later work through her interest in Marx and Marxist politics this book engages with this overlooked part of her oeuvre through considerations of issues such as race nationhood and gender From 1983 onward after she visited revolutionary Nicaragua until the end of her life Rich's political vision can best be described as Marxist Humanist Until recently very little attention has been paid to Rich's interest in Marx there is no in depth treatment of the effect of Marx's humanistic philosophy on Rich's later work or even on her unwavering but altered dedication to Women's Liberation This book fills this gap showing how Rich's discovery of Marx's humanism affected her poetry In doing so it makes a significant intervention into debates about the direction of American poetics and argues powerfully for a greater consciousness of political engagement through poetry *The Complete Poetical Works* Elizabeth Barrett Browning, 1900 **Hafez in Love** Iraj Pezeshkzad, 2021-05-31 Shams al Din Mohammad Hafez is in love He is in love with a girl with a city and with Persian poetry Despite his enmity with the new and dangerous city leader the jealousy of his fellow court poets and the competition for his beloved Iran's favorite poet remains unbothered When his wit and charm are not enough to keep him safe in Shiraz his friends conspire to keep him out of trouble But their schemes are unsuccessful Nothing will chase Hafez from this city of wine and roses In Pezeshkzad's fictional account Hafez's life in fourteenth century Shiraz is a mix of peril and humor Set in a city that is at once beautiful and cutthroat the novel includes a cast of historical figures to illuminate this elusive poet of the Persian literary tradition Shabani Jadidi and Higgins's translation brings the beloved poetry of Hafez alive for an English audience and reacquaints readers with the comic wit and original storytelling of Pezeshkzad
