Shame And Pride Affect Sex And The Birth Of The Self

Irving B. Weiner, W. Edward Craighead

Shame And Pride Affect Sex And The Birth Of The Self:

Shame and Pride Donald L. Nathanson, 1994 This is a revolutionary book about the nature of emotion about the way emotions are triggered in our private moments in our relations with others and by our biology Drawing on every theme of the modern life sciences Dr Nathanson shows how the nine basic affects interest excitement enjoyment joy surprise startle fear terror distress anguish anger rage dissmell disgust and shame humiliation not only determine how we feel but shape our very sense of self For too long there has been a battle between those who explain emotional discomfort on the basis of lived experience and those who blame chemistry As Dr Nathanson shows chemicals and illnesses can affect our mood just as surely as an uncomfortable memory or a stern rebuke He presents a completely new understanding of all emotion providing the first link between the exciting affect theory of Silvan Tomkins and the entire world of biology medicine psychology psychotherapy religion and the social sciences Shame is the least understood of the painful emotions although it affects every phase of life We have all been made to feel foolish just at the moment we most wanted to appear wonderful we have all been rebuffed by those we wished to court Not one of us looks exactly as we might wish Shame haunts our every dream of love and influences how we experience ourselves as sexual beings We react to shame by withdrawing by making painful alliances with those who humiliate us by calling attention to what brings us pride or by attacking whoever has made us feel inferior The comedian as Nathanson shows in his discussion of Buddy Hackett makes us laugh at what we try to keep hidden transforming shame into acceptance and even pride This book explains everything that can possibly make us proud or ashamed All are in this book nobody who reads it will be quite the same again [The Corsini Encyclopedia of Psychology, Volume 4](#) Irving B. Weiner, W. Edward Craighead, 2010-01-19 Psychologists researchers teachers and students need complete and comprehensive information in the fields of psychology and behavioral science The Corsini Encyclopedia of Psychology Volume Four has been the reference of choice for almost three decades This indispensable resource is updated and expanded to include much new material It uniquely and effectively blends psychology and behavioral science The Fourth Edition features over 1 200 entries complete coverage of DSM disorders and a bibliography of over 10 000 citations Readers will benefit from up to date and authoritative coverage of every major area of psychology *Affect Regulation and the Origin of the Self* Allan N. Schore, 2015-11-19 For over three decades Allan N Schore has authored numerous volumes chapters and articles on regulation theory a biopsychosocial model of the development psychopathogenesis and treatment of the implicit subjective self The theory is grounded in the integration of psychology psychiatry and neuroscience and it is now being used by both clinicians to update psychotherapeutic models and by researchers to generate research First published in 1994 this pioneering volume represented the inaugural expression of his interdisciplinary model and has since been hailed by a number of scientific and clinical disciplines as a groundbreaking and paradigm shifting work This volume appeared at a time when the problem of emotion ignored for most of the last century was finally beginning to be addressed by science including

the emergent field of affective neuroscience After a century of the dominance of the verbal left brain it presented a detailed characterization of the early developing right brain and its unique social emotional and survival functions not only in infancy but across all later stages of the human life span It also offered a scientifically testable and clinically relevant model of the development of the human unconscious mind Affect Regulation and the Origin of the Self acts as a keystone and foundation for all of Schore's later writings as every subsequent book article and chapter that followed represented expansions of this seminal work

Paul And The Religious Experience Of Reconciliation Gilbert I. Bond, 2005

Handbook of Contemporary Psychotherapy William O'Donohue, Steven R. Graybar, 2009 Handbook of Contemporary Psychotherapy explores a wide range of constructs not captured in the DSM or traditional research but that play important roles in psychotherapy cases To provide readers with a tool bag of practical techniques they can use in these cases editors William O'Donohue and Steven R Graybar present chapters written by leading clinical authorities on such topics as the process of change in psychotherapy attachment and terror management projective identification terminating psychotherapy therapeutically shame and its many ramifications for clients dream work boundaries forgiveness the repressed and recovered memory debate and many others

Phenomenological Inquiry in Psychology Ron Valle, 2013-11-11 This fine new book the third in a series brings psychologists up to date on the advances of phenomenological research methods in illuminating the nature of human awareness and experiences In the more congenial and welcoming intellectual climate of the 1990s phenomenological methods have moved to the forefront of discourse on research methods that support and advocate an expanding view of science In Valle and King 1978 phenomenological methods were presented as alternatives to behavioral methods In Valle and Halling 1989 phenomenological methods were advanced to perspectives in psychology This new volume is even less cautious indeed bolder in relation to conventional methods and epistemologies By now people knowledgeable about psychology and most psychologists have digested the criticisms directed against methods that operationalize quantify and often minimize human behavior In bringing us up to date on the growing power of phenomenological methods this volume brings welcome coherence and integrity to an increasingly harried science attempting to reenchanted itself with meaning and depth an endeavor artfully exemplified by phenomenological inquiries of the last several decades

The Expression of the Emotions in Man and Animals Charles Darwin, Phillip Prodger, 1998 Previously published London J Murray 1890

Lesbian and Bisexual Women's Mental Health Robin M Mathy, Shelly K Kerr, 2014-07-16 Examine the psychosocial factors that affect lesbian and bisexual women's mental health This essential guide presents up to date evidence based information that can be implemented to improve mental health services for lesbian and bisexual women in a variety of settings It examines the systemic factors that play a role in their psychological and emotional well being and presents new research on protective factors that play an important role when lesbian bisexual women face depression anxiety and other mental health disorders Lesbian and Bisexual Women's Mental Health reviews the past literature on mental health and

sexual orientation citing biased and inadequate assessment diagnosis and treatment approaches currently in use in the care of lesbian and bisexual women This essential guide for clinicians and researchers presents new empirical research on lesbian bisexual women s mental health It explores specific challenges that face various lesbian and bisexual female populations with research on dysthymia depression and anxiety including a chapter on depressive distress among African American women the way that community size and religiosity impact lesbian bisexual women s psychosexual development the relationship between shame and a client s attachment style the mental health implications of same sex marriage mental health in Taiwan s T Po lesbian community with a focus on community members sexual orientation gender roles and gender identity the interconnectedness of sexual fantasies psychological adjustment and close relationship functioning in lesbian bisexual women body image and eating issues As the diversity of this population becomes progressively more evident so does the necessity for deeper exploration of the mental health problems facing lesbians and bisexuals Whether you are a student an educator or an experienced clinician Lesbian and Bisexual Women s Mental Health is an essential resource for relevant and meaningful information that focuses much needed attention on the mental health of lesbian and bisexual women Proceedings, American Philosophical Society (vol. 137, No. 3, 1993) , See What You Made Me Do Jess Hill, 2020-09-01 A deeply researched mental abuse book from an award winning journalist that uncovers the ways in which abusers exert control in the darkest and most intimate ways imaginable A gripping and eye opening expos that courageously confronts the dangers society often turns a blind eye to This groundbreaking book sheds light on the insidious nature of domestic abuse challenging our preconceived notions and urging us to acknowledge the horrifying reality many victims face In this compelling narrative investigative journalist Jess Hill meticulously unravels the complexities of domestic abuse examining the subtle nuances that perpetuate the cycle of violence Drawing on extensive research powerful real life stories and compelling statistics Hill reveals the harrowing truths we collectively choose to ignore explain away or simply refuse to see See What You Made Me Do is an indispensable resource that empowers readers to identify and dismantle the myths surrounding domestic abuse challenging us all to take a stand against this pervasive social issue By understanding the psychology of abuse and the mechanisms that enable its perpetuation we can collectively work towards creating a safer and more compassionate society Whether you re an advocate survivor or concerned citizen this thought provoking book serves as a catalyst for change urging us to confront the uncomfortable truths about domestic abuse and inspire actionable steps towards a future free from violence The Passions of Law Susan Bandes, 2001-05 This anthology treats the role that emotions play don t play and ought to play in the practice and conception of law and justice The work consists largely of original essays by scholars of law theology political science and philosophy Making an Impact on Mental Health James N. Kirby, Paul Gilbert, 2020-09-22 Advancements in research in psychological science have afforded great insights into how our minds work Making an Impact on Mental Health analyses contemporary international research to examine a number of core themes in mental health such

as mindfulness and attachment and provides an understanding of the sources of mentally ill health and strategies for remediation The originality of this work is the embedding of psychological science in an evolutionary approach Each chapter discusses the context of a specific research project looking at the methodological and practical challenges how the results have been interpreted and communicated the impact and legacy of the research and the lessons learnt As a whole the book looks at how social environments shape who we are and how we form relationships with others which can be detrimental but equally a source of flourishing and well being Covering a range of themes conducive to understanding and facilitating improved mental health Making an Impact on Mental Health is invaluable reading for advanced students in clinical psychology and professionals in the mental health field

Affect

Regulation Theory: A Clinical Model (Norton Series on Interpersonal Neurobiology) Daniel Hill, 2015-08-31 The rich complex theory of affect regulation boiled down into a clinically useful guide Affect regulation theory the science of how humans regulate their emotions is at the root of all psychotherapies Drawing on attachment developmental trauma implicit processes and neurobiology major theorists from Allan Schore to Daniel Stern have argued how and why regulated affect is key to our optimal functioning This book translates the intricacies of the theory into a cogent clinical synthesis With clarity and practicality Hill decodes the massive body of contemporary research on affect regulation offering a comprehensible and ready to implement model for conducting affect regulation therapy The book is organized around the four domains of a

clinical model 1 a theory of bodymind 2 a theory of optimal development of affect regulation in secure attachment relationships 3 a theory of pathogenesis in which disordered affect regulation originates in relational trauma and insecure attachment relationships and 4 a theory of therapeutic actions targeted to repair the affect regulating systems The key themes of Hill s affect focused approach include how and why different patterns of affect regulation develop how regulatory patterns are transmitted from caretakers to the infants what adaptive and maladaptive regulatory patterns look like neurobiologically psychologically and relationally how deficits in affect regulation manifest as psychiatric symptoms and personality disorders and ultimately the means by which regulatory deficits can be repaired Specific chapters explore such subjects as self states mentalization classical and modern attachment theory relational trauma and its manifestations in chronic dissociation personality disorders and pervasive dissociated shame supporting self development in therapy patient therapist attunement implicit and explicit therapeutic actions and many more

Ethics in Human Communication

Richard L. Johannesen, Kathleen S. Valde, Karen E. Whedbee, 2008-01-09 Broad in scope yet precise in exposition the Sixth Edition of this highly acclaimed ethics text has been infused with new insights and updated material Richard Johannesen and new coauthors Kathleen Valde and Karen Whedbee provide a thorough comprehensive overview of philosophical perspectives and communication contexts pinpointing and explicating ethical issues unique to human communication Chief among the authors objectives are to provide classic and contemporary perspectives for making ethical judgments about human communication sensitize communication participants to essential ethical issues in the human communication process illuminate complexities and challenges involved in making evaluations of communication ethics and offer ideas for becoming more discerning evaluators of others communication Provocative questions and illustrative case studies stimulate reflexive thinking and aid readers in developing their own approach to communication ethics A comprehensive list of resources spotlights books scholarly articles videos and Web sites useful for further research or personal exploration

Knowing

Feeling: Affect, Script, and Psychotherapy Donald L. Nathanson, 1996-05-17 Nathanson and his colleagues explore contemporary affect studies focusing on the work of Silvan Tomkins and examine their impact on the theory and practice of psychotherapy

Jamaica Kincaid J. Brooks Bouson, 2012-02-01 Haunted by the memories of her powerfully destructive mother Jamaica Kincaid is a writer out of necessity Born Elaine Potter Richardson Kincaid grew up in the West Indies in the shadow of her deeply contemptuous and abusive mother Annie Drew Drawing heavily on Kincaid s many remarks on the autobiographical sources of her writings J Brooks Bouson investigates the ongoing construction of Kincaid s autobiographical and political identities She focuses attention on what many critics find so enigmatic and what lies at the heart of Kincaid s fiction and nonfiction work the mother mystery Bouson demonstrates through careful readings how Kincaid uses her writing to transform her feelings of shame into pride as she wins the praise of an admiring critical establishment and an ever growing reading public

The Abused and the Abuser Warwick Middleton, Adah Sachs, Martin J. Dorahy, 2019-10-23

Severe abuse often occurs in settings where the grouping whether based around a family or a community organisation or institution outwardly appears to be very respectable The nature of attachment dynamics allied with threat discrediting the manipulation of the victim s dissociative defences long term conditioning and the endless invoking of shame mean that sexual physical and emotional abuse may in some instances be essentially unending Even when separation from the long term abuser is attempted it may initially be extremely difficult to achieve and there are some individuals who never achieve this parting Even when the abuser is dead the intrapsychic nature of the enduring attachment experienced by their victim remains complicated and difficult to resolve This volume includes multiple perspectives from highly experienced clinicians researchers and writers on the nature of the relationship between the abused and their abuser s No less than five of this international grouping of authors have been president of the International Society for the Study of Trauma and Dissociation the world s oldest international trauma society This book which opens with a highly original clinical paper on weaponized sex by Richard Kluft one of the foremost pioneers of the modern dissociative disorders field concludes with a gripping historical perspective written by Jeffrey Masson as he reengages with issues that first brought him to worldwide prominence in the 1980s Between these two pieces the contributors all highly acclaimed for their clinical theoretical or research work present original cutting edge work on this complex subject This book was originally published as a double special issue of the Journal of Trauma and Dissociation

CBT for Compulsive Sexual Behaviour Thaddeus Birchard, 2015-05-15 Increasing numbers of therapists are coming into contact with the problem of compulsive sexual behaviour disorders However it is still a relatively new field and there is little in the current literature available that enables the therapist to work with and treat this problem

CBT for Compulsive Sexual Behaviour A guide for professionals addresses this by providing a guide to cognitive behavioural theory and practice which includes the assessment diagnosis and treatment of addictive sexually compulsive disorders Beginning with a description of addictive sexuality and an overview of cognitive behavioural therapy in which CBT is presented as the most useful response Thaddeus Birchard provides clear therapeutic information about the implementation of CBT treatment intervention The chapters included cover the neuroscience that underpins the addictive process a how to chapter on the use of groups paraphilias trauma and attachment comorbid disorders and cross addictions and analysis on the function of internet pornography all written from a cognitive behavioural stance Using case vignettes throughout Thaddeus Birchard draws on his own experience as a psychosexual therapist along with the latest research in the field to enable the therapist to treat a range of compulsive sexual problems in a way that can be applied in individual practice or in a group setting as well as how to prevent relapse This book will be essential reading for psychosexual therapists cognitive behaviour therapists and other professional working with sexual compulsive disorders
