1920s its interruption by Chinese leadership under Mao in 1949 and its rejuvenation in the early 1980s with the start of China's opening to the world under Premier Deng Xiaoping. Covering a span of almost one hundred years, Marlow focuses on a variety of subjects: the musicians who initiated jazz performances in China; the means by which jazz was incorporated into Chinese culture; and the musicians and venues that now present jazz performances. Featuring unique face-to-face interviews with leading indigenous jazz musicians in Beijing and Shanghai, plus interviews with club owners, promoters, expatriates, and even diplomats, Marlow marks the evolution of jazz in China as it parallels China's social, economic, and political evolution through the twentieth and into the twenty-first century. Also featured is an interview with one of the extant members of the Jimmy King Big Band of the 1940s, one of the first major all-Chinese jazz big bands in Shanghai. Ultimately, *Jazz in China: From Dance Hall Music to Individual Freedom of Expression* is a cultural history that reveals the inexorable evolution of a democratic form of music in a Communist state. — *Trübner's American and Oriental Literary Record*, Nicolas Trübner, 1867

*Thelma's Diary 1935* Thelma F. Dyke, Joyce M. Wiedie, 2013-07-03 Thelma's journal begins shortly after she asked her sisters to join her on an adventure around the world. While Marge agreed to accompany her, Ula declined for reasons unknown. Thelma and Marge left Akron, Ohio, in May 1935. The places they'd only read about were soon to become real-life adventures. The breathtaking views of the Grand Canyon and Mount Wilson were some of the riches they encountered on their way to the Dollar Steamship Lines in Los Angeles, where their cruise originated. Their first port of call was Honolulu. So taken by its beauty and tranquility, Thelma and Marge vowed to return. In Italy, they had a private audience with Pope Pius XI in Castel Gandolfo, his summer home outside Rome. Although Joyce wrote parts of this book, Thelma's diary is in her own words. You'll read about the events she witnessed and then wrote about each day: an uncensored depiction of two sisters out to explore and experience life. Joyce's wish to preserve family history compelled her to share this memoir. It shows Joyce's affection for the Dyke sisters and is a fitting tribute to their extraordinary lives. — **Oriental News and Comment**, 1919

**French Banking and Entrepreneurialism in China and Hong Kong** Hubert Bonin, 2019-06-07 Many books have addressed the economic and financial history of Hong Kong and the imperialist conflicts in the key Chinese port cities, but very few books have explored French initiatives and performance in this area beyond diplomacy, geopolitics, or cultural issues. In this book, Hubert Bonin confronts arguments about the great divergence, the first globalisation, and forms of economic patriotism. He gauges the competitive edge of French companies and banks, their struggle with British domination, HSBC, chartered shipping, trade houses, hongcs, and their resistance against competitors from other countries: Japan, Germany, Netherlands, Belgium, USA, or Russia. The book delves into studies of management abroad, therefore mixing broad geo-economic issues with precise business history and deep banking history. The connections between French interests in China and Hong Kong and the colony of Indochina are established too. A second part of the book is dedicated to the case study of Hong Kong as the British colony acted as a hub for Asian and European interests at the heart of connections with mainland

China and some neighbouring territories Indochina etc This is essential reading for academics interested in banking and business history the history of entrepreneurship as well as those involved in the contemporary history of China and Hong Kong in the assessment of world wide geo economic competition between European powers in Asia Great Britain and France and in the first stages of economic modernity along European models in emerging modern China *Cook's Oriental Travellers' Gazette and Home & Foreign Advertiser ...* Thomas Cook (Firm),1892 Urban Development in Post-Reform China Fulong Wu,Jiang Xu,Anthony Gar-On Yeh,2006-12-05 Radically reoriented under market reform Chinese cities present both the landscapes of the First and Third World and are increasingly playing a critical role in the country s economic development Yet radical marketization co exists with the ever presence of state control Exploring the interaction of China s market development state regulation and the resulting transformation and creation of new urban spaces this innovative key book provides the first integrated treatment of China s urban development in the dynamic market transition Focusing on land and housing development the authors all renowned authorities in this field show how the market has been created under post reform urban conditions and examine the state in action highlighting how changing urban governance towards local entrepreneurial state facilitates market formation A significant original contribution they highlight the key actors and their institutional contexts China has been very successful in using urban land development as an economic growth engine and here the authors investigate complex interactions between the market and state in creating this new urbanism Taking a unique perspective they marshal original ideas and empirical work based on field studies and collaborative work with colleagues in China **Modern Oriental Corporate Culture** Yong Su,Lanjian Chen,2013-09-17 The book covers Oriental management theories as well as their applications research on positivism long term focus exclusive interviews and accumulating first hand data etc It also addresses the following topics Chinese family businesses that have survived for more than one hundred years e g INFINITUS Beijing TRT Chinese enterprises and firms that follow the oriental management culture serve as the dynamic engines to the 2nd largest economic entity in the world e g Huawei Technologies Co Ltd Mengniu Dairy Gr Hainan Airlines and so on Eastern and western managerial cultures that have been growing within Chinese businesses e g Hainan Airlines INFINITUS Varied schools such as Confucianism Taoism Buddhism legalism Military Strategists Mohist School remain vital but at the same time Chinese businesses and firms welcome and extract the essence of western managerial civilization rather than reject it etc These areas will be of particular interest to readers and the purpose of the book is not only to acquaint the reader with China by providing information about Chinese businesses and firms but also to provide a royal road to doing business with China as well as allowing them to learn about Chinese managerial wisdom
