Shango In The New World:

Shango in the New World William Russell Bascom, 1972 *African Beliefs in the New World* Lucie Pradel, 2000 Like a kaleidoscope the Caribbean world displays the vibrant colors of its diversity Ethnic groups from four continents brought their customs and beliefs to this New World The sheer number of African people brought to the Caribbean islands perpetuated through their spiritual vitality the central role played by traditional religions in African life Though they hadn't brought along the material support of their worship they had buried in their memory other essential supports memories of gods of myths rites rhythms tales legends proverbs songs dances sculptures all the fundamental vectors of their religious thought Through a process of secularization continuity adaptation creation syncretism and synthesis these elements helped vitalize the artistic profane and sacred domains of Caribbean cultures Black Literature and Humanism in Latin America Richard L.

Jackson, 2008-08-01 In *Black Literature and Humanism in Latin America* Richard L. Jackson explores literary Americanism through writings of black Hispanic authors such as Carlos Guillermo Wilson Quince Duncan and Nelson Estupiñán Bass that in many ways provide a microcosm for the larger literature Jackson traces the roots of Afro Hispanic literature from the early twentieth century Afrocriollo movement the Harlem Renaissance of Latin America to the fiction and criticism of black Latin Americans today Black humanism arose from Afro Hispanics self discovery of their own humanity and the realization that over the years they had become not only defenders of threatened cultures but also symbolic guardians of humanity This humanist tradition had enabled writers such as Manuel Zapata Olivella to write of a Latin America from below the slave ship deck and from inside the mind of Africa Though many writers have adopted black literary models in their quest for a poetry of sources of fundamental human values Jackson demonstrates that literature about blacks by blacks themselves is clearly separate from yet instrumental to these other works Relating the vision of Latin American blacks not only to other Latin American writers but also to North American literary critics such as Eugene Goodheart and John Gardner Jackson stresses the universal power of resisting oppression and injustice through the language of humanism **Spirit Possession and**

Spirit Mediumship in Africa and Afro-America Irving Zaretsky, Cynthia Shambaugh, 2019-06-19 Originally published in 1978 *Spirit Possession and Spirit Mediumship in Africa and Afro America* is an incredibly diverse and comprehensive bibliography on published works containing ethnographic data on and analysis of spirit possession and spirit mediumship in North and Sub Saharan Africa and in some Afro American communities in the Western Hemisphere The sources on Western Afro American communities were chosen to shed light on the African continent and the Americas The bibliography while not exhaustive provides extensive research on the area of research in spiritualism in Africa and Afro America The bibliography also provides unique sources on spirit cults ritual or ethnic groups and will be of especial interest to researchers Although published in the late 70s this book will still provide an incredibly useful research tool for academics in the area of religion with a focus on spiritualism and non western religions **Santeria from Africa to the New World** George

Brandon,1997-03-22 On his own terms Brandon more than fulfills his promise to take the reader on the transatlantic journey of the orisha and to explore the complexities of African memory in the diaspora American Historical Review He adeptly addresses broader issues such as power relations within Caribbean slavery multiculturalism and the forms of religious accommodation to cultural change In addition he offers a fresh and cogent assessment of the production and reproduction of African beliefs and practices in new contexts Brandon s exemplary archival research is supplemented by skillful participant observation Choice The Yoruba religious tradition arose in West Africa but its influence has spread beyond Africa to millions of adherents in the Americas as well Santeria from Africa to the New World retraces one path taken by this tradition a path from Africa to Cuba and to New York City George Brandon examines the religion s transatlantic route through Cuban Santeria Puerto Rican Espiritismo and Black Nationalism In following the historical and anthropological evolution of the Yoruba religion Brandon discusses broader questions of power multiculturalism cultural change and the production and reproduction of African retentions

World Christianity and Indigenous Experience David Lindenfeld,2021-05-20 In this book David Lindenfeld proposes a new dimension to the study of world history Here he explores the global expansion of Christianity since 1500 from the perspectives of the indigenous people who were affected by it and helped change it giving them active agency Integrating the study of religion into world history his volume surveys indigenous experience in colonial Latin America Native North America Africa and the African diaspora the Middle East India East Asia and the Pacific Lindenfeld demonstrates how religion is closely interwoven with political economic and social history Wide ranging in scope and offering a synoptic perspective of our interconnected world Lindenfeld combines in depth analysis of individual regions with comprehensive global coverage He also provides a new vocabulary with a spectrum ranging from resistance to acceptance and commitment to Christianity that articulates the range and complexity of the indigenous conversion experience Lindenfeld s cross cultural reflections provide a compelling alternative to the Western narrative of progressive development

The Thirsty Earth David Valentine Bernard, 2013-08-13 A young Caribbean boy must learn to survive by himself after the death of his grandmother and disappearance of his mother while trying to stay one step ahead of corrupt police A twelve year old Caribbean boy wakes up to discover his grandmother his only relative on the island has died during the night On his way into town to tell the authorities and call his mother in America he becomes the lone witness of a police execution Worse when he calls his mother's phone number he gets a message saying the number has been disconnected As he struggles to survive on his own the boy finds himself holding secrets that could have devastating consequences not only for his own survival but the island's as well Darkness lies beneath the idyllic image of the Caribbean island The Thirsty Earth is about the global struggle for human dignity amidst corruption isolation and the grim realities of life

[Southern Crossroads](#) Walter Conser, 2010-09-12 The South has always been one of the most distinctive regions of the United States with its own set of traditions and a turbulent history Although often associated with cotton hearty food and rich dialects the

South is also noted for its strong sense of religion which has significantly shaped its history. Dramatic political, social, and economic events have often shaped the development of southern religion, making the nuanced dissection of the religious history of the region a difficult undertaking. For instance, segregation and the subsequent civil rights movement profoundly affected churches in the South as they sought to mesh the tenets of their faith with the prevailing culture. Editors Walter H. Conser and Rodger M. Payne and the book's contributors place their work firmly in the trend of modern studies of southern religion that analyze cultural changes to gain a better understanding of religion's place in southern culture now and in the future. *Southern Crossroads: Perspectives on Religion and Culture* takes a broad interdisciplinary approach that explores the intersection of religion and various aspects of southern life. The volume is organized into three sections such as *Religious Aspects of Southern Culture* that deal with a variety of topics including food, art, literature, violence, ritual, shrines, music, and interactions among religious groups. The authors survey many combinations of religion and culture with discussions ranging from the effect of Elvis Presley's music on southern spirituality to yard shrines in Miami to the archaeological record of African American slave religion. The book explores the experiences of immigrant religious groups in the South, also dealing with the reactions of native southerners to the groups arriving in the region. The authors discuss the emergence of religious and cultural acceptance as well as some of the apparent resistance to this development as they explore the experiences of Buddhist Americans in the South and Jewish foodways. *Southern Crossroads* also looks at distinct markers of religious identity and the role they play in gender, politics, ritual, and violence. The authors address issues such as the role of women in Southern Baptist churches and the religious overtones of lynching with its themes of blood sacrifice and atonement. *Southern Crossroads* offers valuable insights into how southern religion is studied and how people and congregations evolve and adapt in an age of constant cultural change.

Romantic Reformers and the Antislavery Struggle in the Civil War Era Ethan J. Kytile, 2014-08-11. *Romantic Reformers* is an intellectual history of the American antislavery movement in the 1850s and early 1860s. Catalog of the Melville J. Herskovits Library of African Studies, Northwestern University Library (Evanston, Illinois) and Africana in Selected Libraries Melville J. Herskovits Library of African Studies, 1972. *Praising His Name in the Dance* Kenneth Anthony Lum, 2000. This book studies the phenomenon of spirit possession in the Spiritual Baptist Faith and Orisha Work of the West Indies, examining the similarities and interactions between the different religions of differing populations.

Symbolism 16 Rüdiger Ahrens, Florian Kläger, Klaus Stierstorfer, 2016-10-10. Essays in this special focus constellation around the diverse symbolic forms in which Caribbean consciousness has manifested itself transhistorically, shaping identities within and without structures of colonialism and postcolonialism. Offering interdisciplinary, critical, analytical, and theoretical approaches to the objects of study, the book explores textual, visual, material, and ritual meanings encoded in Caribbean lived and aesthetic practices.

Africana Anthony Appiah, Henry Louis Gates (Jr.), 2005. Ninety years after W. E. B. Du Bois first articulated the need for the equivalent of a black *Encyclopedia Britannica*. Kwame Anthony Appiah

and Henry Louis Gates Jr realized his vision by publishing *Africana: The Encyclopedia of the African and African American Experience* in 1999. This new greatly expanded edition of the original work broadens the foundation provided by *Africana*. Including more than one million new words, *Africana* has been completely updated and revised. New entries on African kingdoms have been added, bibliographies now accompany most articles, and the encyclopedia's coverage of the African diaspora in Latin America and the Caribbean has been expanded, transforming the set into the most authoritative research and scholarly reference set on the African experience ever created. More than 4,000 articles cover prominent individuals, events, trends, places, political movements, art forms, business and trade, religion, ethnic groups, organizations, and countries on both sides of the Atlantic. African American history and culture in the present-day United States receive a strong emphasis, but African American history and culture throughout the rest of the Americas and their origins in Africa itself have an equally strong presence. The articles that make up *Africana* cover subjects ranging from affirmative action to zydeco and span over four million years from the earliest known hominids to Sean Diddy Combs. With entries ranging from the African ethnic groups to members of the Congressional Black Caucus, *Africana* Second Edition conveys the history and scope of cultural expression of people of African descent with unprecedented depth.
