Share Me A Shadow:

Romantic Insanity Patrick Basu, 2013-01-09 I was touched by T S Elliot in my school days and I was profoundly impressed by William Somerset Maugham the British writer with pungent social idiosyncrasies and a disenchanting life Later in college I was inspired by poet singer and musician Paul Simon This literary flare transcribed into a more tangible artistic landscape on films Truly I was mentored by Satyajit Ray David Lean and Francois Truffaut It seemed just a capricious dream that came alive in the mode of morbid anatomy of medicine I was fortunate to peel off the deeper fascia and palpate the sublime passion in the art of medicine with an uncompromising devotion to imbibe the true elixir that heals life and touches millions of souls The literary acumen came in handy to express and depict the mundane facts and dry statistics in scientific journals Embraced liver into life and persuaded a sanative intimacy to cure liver disease and transplantation My smoldering desire for poetry and cinema was rekindled and came alive in screenplays after a few decades of my life drowned in medicine I sculpted the lost dream into a few film screenwrites with a nascent flicker of poignant passion for poetry I dedicate the book as a prelude to my widowed mother who was the primordial driving force in my life in making me a physician and to my wife who has submitted an infinite tolerance to forgiving my daily insanities Patrick Basu MD **Perhaps Love** Patrick Basu, 2014-05 *Perhaps Love* is a compendium of romantic poems composed by the author over many decades intimately reflective of a serene storgic dying entity of true self sacrificing love It is written beautifully with a style so sublime such that the interpretation is left open to the reader depending on their individual context and frame of mind which could range from lovers to best of friends The style is rich and varies from sonnets to horatic and Pindaric odes dedicated to the lover and his beloved *Perhaps Love* is an enjoyable read for anyone at any level People with a passion for literary art can appreciate its full depth The author is truly an enigmatic individual to many of us who intimately know him He has a depth that is unfathomable to many and I consider myself truly privileged to know him as my father figure both personally and professionally

Shadowforged Moira Katson, 2013-04-11 With Catwin's help Miriel has captured the heart of the King but their victory has come at a cost the suspicion and enmity of the Duke and the unrelenting hatred of the Court As they recover from the attempt on their lives the two form a fragile alliance promising that their first loyalty is to each other and that their one goal is to survive But to survive Catwin and Miriel need power and the search for power of their own draws them ever further into the Court and inexorably closer to the throne Enemies surround them ruthless and vengeful and the only way forward is a dark path that threatens to sever them from themselves For it is not only enemies that are a danger Light and Shadow now but the weakness of their own hearts As she protects them both Catwin struggles against her love for Tamar the Duke's assassin to capture the King's heart Miriel must forget both her love for Wilhelm and her passion belief in the populist uprising A reckoning is coming a betrayal that has been in the making for decades and if they are to survive both Catwin and Miriel must be prepared to give up everything they hold dear Shadowbred Paul S. series of invitations towards living attentiveness examining how we all make the other through projection blaming and shaming the other outside ourselves our enemy with whom we prefer not to dialogue All of us are faced daily with individual and collective manifestations of the Shadow all that we fear despise and makes us feel ashamed Carl Jung s concept of the Shadow emerging as it did from his personal confrontation with the realms of his unconscious self is one of the most important contributions he made to the understanding of humanity and to depth psychology that realm where the focus is on

unconscious processes The contributors to this book reframe his concept in the context of contemporary Jungian thinking exploring how the Shadow develops in an individual s infancy and adolescence and its culmination where collective manifestations of the Shadow are addressed The book offers a voyage through a series of fundamental Shadow concepts and themes including couples relationships disease organizations Evil fundamentalism ecology and boundary violation before ending with a chapter designed to help us integrate the Shadow and hold contra positions with patience and a tilt towards mutual understanding rather than being locked in polarities This fascinating new book will be of considerable interest to the general public Jungian analysts trainees scholars and therapists both in training and practice with an interest in the inner world
