Grossbach Mayer, 2011 A riveting story about the resiliency of Bronx high school students through the eyes of a passionate and dedicated teacher. *Rundown* vermin infested buildings rigid slow to react bureaucratic systems Children from broken homes and declining communities How can a teacher succeed How does a student not only survive but also come to thrive It can happen and *As Bad as They Say* tells the heroic stories of Janet Mayer's students during her 33 year tenure as a Bronx high school teacher In 1995 Janet Mayer's students began a pen pal exchange with South African teenagers who under apartheid had been denied an education almost uniformly the South Africans asked Is the Bronx as bad as they say This dedicated teacher promised those students and all future ones that she would write a book to help change the stereotypical image of Bronx students and show that in spite of overwhelming obstacles they are outstanding young people capable of the highest achievements She walks the reader through the decrepit school building describing in graphic detail the deplorable physical conditions that students and faculty navigate daily Then in eight chapters we meet eight amazing young people a small sample of the more than 14 000 students the writer has felt honored to teach She describes her own Bronx roots and the powerful influences that made her such a determined teacher Finally the veteran teacher sounds the alarm to stop the corruption and degradation of public education in the guise of what are euphemistically labeled reforms No Child Left Behind and Race to the Top She also expresses optimism that public education and our democracy can still be saved urgently calling on all to become involved and help save our schools

*We Hold Our Breath* Micah Fields, 2023-06-20 Houston's story has always been one of war waged relentlessly against water Houston spread like a glass of milk spilled on the wobbling table of Texan plains Micah Fields writes in this unique and poetic blend of reportage history and memoir Developed as the commercial hub of the Texas cotton and sugarcane industries Houston was designed for profit not stability Its first residents razed swamplands into submission to construct a maze of highways and suburbs giving the city a sprawling centerless energy where feral cats alligators and poisonous snakes flourished in the bayous as storms and floods rattled coastal Texas When Hurricane Harvey made landfall in 2017 Fields set off from his home in Iowa back to the battered city of his childhood to rescue his mother who was hell bent on staying no matter how many feet of rain surged in from the Gulf Along the way he traded a Jeep for a small boat and floated among the storm's detritus in search of solid ground With precision and eloquence Fields tracks the devastation of Hurricane Harvey one storm in a long lineage that threatens the fourth largest city in America Fields depicts the history of Houston with reverence and lyrical certainty investigating the conflicting facets of Texan identity that are as resilient as they are catastrophic steeped in racial subjugation environmental collapse and

capitalist greed He writes of the development of the modern city in the wake of the destruction of Galveston in 1900 of the wealthy Menil family and self taught abstract painter Forrest Bess a queer artist and fisherman born in 1911 who hardly ever left the Gulf Coast of the oil booms and busts that shaped the city of the unchecked lust for growth that makes Houston so expressive of the American dream We Hold Our Breath is a portrait of a city that exists despite it all a city whose story has always been one of war waged relentlessly against water
