The Interrogation of Joan of Arc Karen Sullivan, 1999 The transcripts of Joan of Arc's trial for heresy at Rouen in 1431 and the minutes of her interrogation have long been recognized as our best source of information about the Maid of Orleans

Historians generally view these legal texts as a precise account of Joan's words and by extension her beliefs. Focusing on the minutes recorded by clerics, however, Karen Sullivan challenges the accuracy of the transcript. In *The Interrogation of Joan of Arc*, she re-reads the record not as a perfect reflection of a historical personality's words but as a literary text resulting from the collaboration between Joan and her interrogators. Sullivan provides an illuminating and innovative account of Joan's trial and interrogation, placing them in historical, social, and religious context. In the fifteenth century, interrogation was a method of truth-gathering identified not with people like Joan who was uneducated but with clerics like those who tried her. When these clerics questioned Joan, they did so as scholastics educated at the University of Paris, as judges and assistants to judges, and as pastors trained in hearing confessions. *The Interrogation of Joan of Arc* traces Joan's conflicts with her interrogators, not to differing political allegiances but to fundamental differences between clerical and lay cultures. Sullivan demonstrates that the figure depicted in the transcripts as Joan of Arc is a complex, multifaceted persona that results largely from these cultural differences. Discerning and innovative, this study suggests a powerful new interpretive model and redefines our sense of Joan and her time. [Gods of Gift and Grief](#) Frank DuPont, 2019-01-30

Set in Sumeria in the middle Bronze Age, a head gardener becomes king. Enlil Bani, scheduled for execution, is made king for a day in accordance with the tradition of the era, instead reigning as king for 24 years. Based on a true event, *Gods of Gift and Grief* follows the lives of Enlil Bani and his family members as they experience revenge, lust, and love. Personal tragedies, plague, births, and deaths, and travels to exotic lands. **TRIGGER WARNING** This book contains scenes of violence and overt sexuality. [Mary Kingsley](#) Olwen

Campbell, 2024-09-30 The name of Mary Kingsley deserves to be more widely known than it is today. A woman of rare abilities and boundless courage, living in an age when the narrowest Victorian conventions about the duties of daughters in the home still prevailed, she nevertheless achieved fame and distinction as a traveller in the wildest regions of West Africa, a writer, an ethnologist, and an expert on Colonial Government. As a young woman, Mary Kingsley had no life beyond the strict confines of her home, not until 1892 when she was thirty. Did freedom come to her? Instantly, this astonishing young woman began the work which was to lead her to remote, unexplored regions of the Coast. Along unmapped rivers to a study of cannibals, and in England to a political struggle to which she wholeheartedly gave herself for the welfare of the peoples of West Africa, until her death in 1900. In vivid, discursive travel books, Mary Kingsley described her experiences with immense detachment and humour. These lengthy works have long been out of print, but in *Mary Kingsley: A Victorian in the Jungle*, first published in 1957, Olwen Campbell, by presenting selected extracts, preserves in a concise form the record of these strange adventures. But the adventures themselves are only a part of a remarkable life story. The effects on Mary Kingsley's character of her oppressive home life are fully brought out for the first time, and some explanation is suggested of a most enigmatic personality. Fresh light is also thrown on her political work and her character by a number of extracts from a series of remarkable letters never before published. For more from Justin Lee Anderson, check out **The Lost War** **Theatre Magazine**, 1916 **Apparition Fever** Tine Van Osselaer, 2025-06-13 In the early 1930s a wave of Marian apparitions cases in which visionaries reported seeing and receiving messages from the Virgin Mary swept over Belgium. With over forty apparition sites and hundreds of visionaries, the Belgian apparitions often attended by crowds of onlookers were unrivalled in scope and complexity and they confronted Catholics and others with a question: How do you decide what you believe? **Apparition Fever** explores the Belgian apparitions from initial reports to the eventual recognition of two episodes in the 1940s. It shows how knowledge was formed at all levels among the bystanders attending the sites to the medical experts who studied the visionaries and the clerical authorities who evaluated the authenticity of the apparitions. Tine Van Osselaer examines how these different perspectives converged and influenced each other, whose authority was accepted or challenged, and how the public character of the events affected their evaluation. **Apparition Fever** reveals that the public setting of Marian apparitions and the religious enthusiasm they triggered are not novel challenges for the Catholic Church. On the contrary, they have heavily influenced the evaluation of apparitions since the early twentieth century.
