She Done Him Wrong:

The Catholic Crusade Against the Movies, 1940-1975 Gregory D. Black, 1998-01-13 For more than three decades the Catholic church through its Legion of Decency had the power to control the content of Hollywood films From the mid 1930s to the late 1960s the Catholic Legion served as a moral guardian for the American public Hollywood studios submitted their films to the Legion for a rating which varied from general approval to condemnation This book details how a religious organisation got control of Hollywood and how films like *A Streetcar Named Desire* *Lolita* and *Tea and Sympathy* were altered by the Legion to make them morally acceptable Documenting the inner workings of the Legion *The Catholic Crusade against the Movies* also examines how the changes in the movie industry and American society at large in the post World War II era eventually conspired against the Legion's power and so lead to its demise **Hollywood Censored** Gregory D.

Black, 1994 After a series of sex scandals rocked the film industry in 1922 movie moguls hired Will Hays to clear the image of movies Hays tried a variety of ways to regulate movies before adopting what became known as the production code Written in 1930 by a St Louis priest the code stipulated that movies stress proper behaviour respect for government and Christian values The Catholic Church reinforced these efforts by launching its Legion of Decency in 1934 Intended to force Hays and Hollywood to censor films the Legion of Decency engineered the appointment of Joseph Breen as head of the Production Code Administration For the next three decades Breen Hays and the Catholic Legion of Decency virtually controlled the content of all Hollywood films *Mae West* Jill Watts, 2003-04-17 Why don't you come up and see me sometime Mae West invited and promptly captured the imagination of generations Even today years after her death the actress and author is still regarded as the pop archetype of sexual wantonness and ribald humor But who was this saucy starlet a woman who was controversial enough to be jailed pursued by film censors and banned from the airwaves for the revolutionary content of her work and yet would ascend to the status of film legend Sifting through previously untapped sources author Jill Watts unravels the enigmatic life of Mae West tracing her early years spent in the Brooklyn subculture of boxers and underworld figures and follows her journey through burlesque vaudeville Broadway and finally Hollywood where she quickly became one of the big screen's most popular and colorful stars Exploring West's penchant for contradiction and her carefully perpetuated paradoxes Watts convincingly argues that Mae West borrowed heavily from African American culture music dance and humor creating a subversive voice for herself by which she artfully challenged society and its assumptions regarding race class and gender Viewing West as a trickster Watts demonstrates that by appropriating for her character the black tradition of double speak and signifying West also may have hinted at her own African American ancestry and the phenomenon of a black woman passing for white This absolutely fascinating study is the first comprehensive interpretive account of Mae West's life and work It reveals a beloved icon as a radically subversive artist consciously creating her own complex image

The Dame in the Kimono Leonard J. Leff, Jerold L. Simmons, 2013-07-24 This excellent lively study examines the raucous debate sparked by the Code over the morals and ideals of American movies Publishers Weekly The new edition of this seminal work takes the story of the Production Code and motion picture censorship into the present including the creation of the PG 13 and NC 17 ratings in the 1990s Starting in the early 1930s the Production Code Director Joe Breen and his successor Geoff Shurlock understood that American motion pictures needed enough rope enough sex and violence and tang to lasso an audience and not enough to strangle the industry To explore the history and implementation of the Motion Picture Production Code this book uses 11 movies Dead End Gone With the Wind The Outlaw The Postman Always Rings Twice The Bicycle Thief Detective Story A Streetcar Named Desire The Moon Is Blue The French Line Lolita and Who's Afraid of Virginia Woolf The authors combine a lively style with provocative insights and a wealth of anecdotes to show how the code helped shape American screen content for nearly 50 years A readable intimate account of the rise to near tyrannical power and the fall to well deserved ignominy of the old Production Code Administration Atlantic Monthly A valuable insight into our own innocence and naivet The New York Times Book Review The triumph of Leff and Simmons's fine work is that they have reminded us of how fatuous and inimical a code of conduct can be how tempting it is as a theoretical answer and how intrinsically flawed it is as a working solution The Times of London
