relevant feature of North American populations faced by millions. Narratives on blended heritage show how mixed race authors utilize their multiple ethnic experiences, knowledge, archives, and sensibilities. They explore how individuals attempt to cope with the cognitive anxiety, stigmas, and perceptions that are intertwined in their blended ethnic heritage, family, and social dynamics, and the renegotiation of their ethnic identity. The Southwest is a region riddled by Eurocentric and Colonial concepts of identity yet at the same time highly treasured in the Frontier experiences of physical mobility and mental and spiritual journeys and transformations. Judith K. Dr. argues that the process of ethnic positioning is a choice made by mixed heritage people that results in renegotiated identities leading to more complex and engaging concepts of themselves.

Feminist Readings of Native American Literature Kathleen M. Donovan, 1998-02 Who in a society can speak and under what circumstances? These questions are at the heart of both Native American literature and feminist literary and cultural theory. Despite the recent explosion of publication in each of these fields, almost nothing has been written to date that explores the links between the two. With *Feminist Readings of Native American Literature*, Kathleen Donovan takes an important first step in examining how studies in these two fields inform and influence one another. Focusing on the works of N. Scott Momaday, Joy Harjo, Paula Gunn Allen, and others, Donovan analyzes the texts of these well-known writers, weaving a supporting web of feminist criticism throughout. With careful and gracefully offered insights, the book explores the reciprocally illuminating nature of culture and gender issues. The author demonstrates how Canadian women of mixed blood ancestry achieve a voice through autobiographies and autobiographical novels. Using a framework of feminist reader response theory, she considers an underlying misogyny in the writings of N. Scott Momaday. And in examining commonalities between specific cultures, she discusses how two women of color, Paula Gunn Allen and Toni Morrison, explore representations of femaleness in their respective cultures. By synthesizing a broad spectrum of critical writing that overlaps women's voices and Native American literature, Donovan expands on the frame of dialogue within feminist literary and cultural theory. Drawing on the related fields of ethnography, ethno-poetics, ecofeminism, and post-colonialism, *Feminist Readings of Native American Literature* offers the first systematic study of the intersection between two dynamic arenas in literary studies today.

The Strategic Poet Diane Lockward, 2021 *The Strategic Poet: Honing the Craft* focuses on the craft of poetry and is based on the belief that craft can be taught and the best teacher of craft is a good poem. This book assumes a knowledgeable reader that is one who already knows the language of poetry and already practices the craft. This book is organized into thirteen sections, each one devoted to a specific poetic strategy. While only thirteen strategies are used for organizational purposes, the reader will find many additional strategies referred to and discussed within the sections. There is a progression from one section to the next, but each section also stands alone so the reader or teacher can follow the order of the Contents or move about freely among the sections. Each section begins with a Craft Talk solicited from a well-known poet with a clear mastery of craft. Each Craft Talk is followed by Model Poems and Prompts. Each Model Poem is followed by an

analysis of its craft elements especially its use of the section's strategy One Model Poem in each section is followed by a Commentary from the poet who wrote the poem and is focused on a particular strategy used in the poem Each of the thirty six Prompts is followed by two Sample Poems written to the prompts These seventy two poems demonstrate that the prompts are not mere exercises and can produce terrific poems Each section ends with three Bonus Prompts There thirty nine additional prompts were contributed by thirteen contemporary poets These short prompts provide additional practice with the strategies can be used multiple times and should lead to some good poems Contributors include 114 of our best contemporary poets This book is suitable for use by poets working independently by poets in writing groups and by teachers in the classroom
