The Gold Rush Frank W Lewis,2010-04-09 In 1849 the greatest gold rush in history began as thousands of wouldbe miners gamblers murderers and prostitutes made their way to California to seek their fortunes In less than two years more than 100 00 people arrived from all over the world to get in on the action When the first gold nugget was found in the Mother Lode no one understood the importance of the discovery Soon however hundreds of ships littered San Francisco s harbor abandoned by crew members rushing to the goldfields The first gold was actually discovered in 1847 when California was still part of Mexico The United States had declared war against Mexico in 1846 In 1848 Mexico ceded California and other western lands to the United States before news of the gold strike was known The land belonged to the U S Government It was not open not free for the taking so all the mining done was extralegal outside of the law Once word got out that there was gold to be had for the taking short of sending in the Army to kill them there was no way to stop the miners They seized land and established Mining Districts that weren t authorized by Federal law and then set about governing themselves San Francisco and Sacramento became lawless criminal dominated cities where no man was safe who could not defend himself In The Gold Rush 1847 1849 the seventh book in the series Caleb and his ladies fight to protect their property from a ruthless New York Syndicate that will stop at nothing even murder to take over their operations
