

SHELLEY  
AT WORK  
*A CRITICAL INQUIRY*

SECOND EDITION

*"The book is a collection of intricate paths  
in a labyrinth. Truth is just as elusive."*

NEVILLE ROGERS

# Shelley At Work A Critical Inquiry

**Karen A. Weisman**

## **Shelley At Work A Critical Inquiry:**

*Shelley at Work* Neville Rogers, 1996      *Shelley at Work, a Critical Inquiry* by Neville Rogers Neville Rogers, 1956

*The Unfamiliar Shelley* Timothy Webb, 2016-12-05 Stimulated by new editions of Shelley's writings and the evidence of notebooks the editors have assembled an outstanding group of international Shelley scholars to work through the implications of recent advances in scholarship With particular attention to texts that have been neglected or underestimated the contributors consider many important aspects of Shelley's prolific and remarkably diverse output including the verse letter plays prose essays satire pamphlets political verse romance prefaces translations from the Greek prose style artistic representations fragments and early writings Revaluations of Shelley's youthful works often criticized for their over exuberance pay dividends as they reveal Shelley's early maturation as a writer and also shed light on his later achievement Taken as a whole the collection makes evident that Shelley's reputation has been based largely on surprisingly imperfect and incomplete edited publications driven by Victorian taste and culture A writer very different from the one we thought we knew emerges from these essays which are sure to inspire more reappraisals of Shelley's work      *Shelley's Poetry* S.

Haines, 1997-02-24 Shelley's detractors since Hazlitt have noticed a division in the self of his poems A central reasoning core fears the passions surrounding it and distrusts the language expressing it A few of his admirers offer an alternative view of the poems as symbolical pointers to a non linguistic reality transcending passion most miss the point justifying their admiration by referring to the poems systems of thought This reading of Shelley's major poems and critical prose finds the adverse case more convincing      **Shelley's Italian Experience** Alan M. Weinberg, 2016-07-27 Focusing on Shelley's Italian experience the present study both addresses itself to the living context which nurtured Shelley's creativity and explores a neglected but essential component of his work The poet's four years of self exile in Italy 1818 1822 were in fact the most decisive of his career As he responded to Italy his poetry acquired a new subtlety and complexity of vision Endowed with remarkably keen powers of absorption the poet imaginatively reshaped the rich cultural heritage of Italy and the vital qualities of its landscape and climate      **Review of Neville Rogers's Shelley at Work** Kenneth Neill Cameron, 1958

**Platonism and the English Imagination** Anna Baldwin, 1994-03-24 This is the first comprehensive overview of the influence of Platonism on the English literary tradition showing how English writers including Chaucer Shakespeare Milton Blake Wordsworth Yeats Pound and Iris Murdoch used Platonic themes and images within their own imaginative work

**Shelley's Ambivalence** Christine Gallant, 1989-11-02 A study of Shelley's poetry approaching it from the viewpoint of contemporary Jungian analytical psychology that incorporates the theories of Melanie Klein and D W Winnicott Material that relates to the earliest stages of the ego's development to the pre Oedipal situation are used      **The Damnation of Newton**

Frederick Burwick, 2012-05-10 No detailed description available for The Damnation of Newton      *Shelley's Visual Imagination* Nancy Moore Goslee, 2011-06-23 First full length study of Shelley's remarkable notebooks and the visual and

textual imagination they reveal      **The Dark Angel: Gothic Elements in Shelley's Works** John V. Murphy, 1975 By establishing a relationship between Shelley's works and the Gothic tradition this study offers a new way of approaching the center of Shelley's thought Consideration of Shelley's application of the Gothic mode as an agency for psychological analysis is preceded by a brief introduction to Gothic sensibility      **Encyclopedia of Romanticism (Routledge Revivals)** Laura Dabundo, 2009-10-15 First Published in 1992 this encyclopedia is designed to survey the social cultural and intellectual climate of English Romanticism from approximately the 1780s and the French Revolution to the 1830s and the Reform Bill Focussing on the spirit of the age the book deals with the aesthetic scientific socioeconomic indeed the human environment in which the Romantics flourished The book considers poets playwrights and novelists critics editors and booksellers painters patrons and architects as well as ideas trends fads and conventions the familiar and the newly discovered The book will be of use for everyone from undergraduate English students through to thesis driven graduate students to teaching faculty and scholars      **The Alternative Trinity** The late A. D. Nuttall, 1998-07-30 The Trinity of orthodox Christianity is harmonious The Trinity for Blake is conspicuously not a happy family the Father and the Son do not get on It might be thought that so cumbersome a notion is inconceivable before the rise of Romanticism but the Ophite Gnostics of the second century AD appear to have thought that God the Father was a jealous tyrant because he forbade Adam and Eve to eat from the Tree of Knowledge and that the serpent who led the way to the Tree of Knowledge was really Christ This book explores the possibility of an underground perennial heresy linking the Ophites to Blake The alternative Trinity is intermittently visible in Marlowe's Doctor Faustus and even in Milton's Paradise Lost Blake's notorious detection of a pro Satan anti poem latent in this theologically patriarchal epic is less capricious better grounded historically and philosophically than is commonly realised      Imageless Truths Karen A. Weisman, 2016-11-11 In Imageless Truths Karen A Weisman offers a new reading of Shelley's work in the context of the poet's changing constructions of poetic fictions Shelley's understanding of language in general and of the fictions and their rhetorical trope in particular evolved throughout his career and Weisman argues that it is in his self consciousness over these transformations that we can find the primary motivating factor in the poet's philosophical and literary development Weisman discerns in Shelley an ongoing quest for a mode of fiction making that can accommodate both the poet's belief in a metaphysical ultimate and his anxiety over the implications of grounding poetic fictions too firmly in the details of everyday life If Shelley's awareness of fictionality is a major element in the poetry it is an awareness that comes with the troubled sense of the limits of fiction Weisman contends that it is this persistent double edged anxiety that distinguishes Shelley from the other English Romantics Her point is not intended to deny the validity or the continuing relevance of the deconstructionist perspective nor the value of its various claims for Shelley she is simply concerned that the instability of poetic fictions was eventually perceived as a given by Shelley as the beginning premise which he acknowledged and then tried to move beyond Imageless Truths will be of interest to students and scholars of

English literature      Dickinson's Nerves, Frost's Woods William Logan, 2018-06-05 In Dickinson's Nerves Frost's Woods William Logan the noted and often controversial critic of contemporary poetry returns to some of the greatest poems in English literature He reveals what we may not have seen before and what his critical eye can do with what he loves In essays that pair different poems Ozymandias On First Looking Into Chapman's Homer In a Station of the Metro The Red Wheelbarrow After great pain a formal feeling comes and Stopping by Woods on a Snowy Evening among others Logan reconciles history and poetry to provide new ways of reading poets ranging from Shakespeare and Shelley to Lowell and Heaney In these striking essays Logan presents the poetry of the past through the lens of the past attempting to bring poems back to the world in which they were made Logan's criticism is informed by the material culture of that world whether postal deliveries in Regency London the Metro lighting in 1911 Paris or the wheelbarrows used in 1923 Deeper knowledge of the poet's daily existence lets us read old poems afresh providing a new way of understanding poems now encrusted with commentary Logan shows that criticism cannot just root blindly among the words of the poem but must live partly in a lost world in the shadow of the poet's life and the shadow of the age      *Fatal Autonomy* William Jewett, 2019-05-15 *Fatal Autonomy* is a subtle gracefully written and politically astute reading of selected plays by the canonical Romantic poets Jewett offers the most original and carefully circumscribed formulations to date of the interaction between language and politics as it is depicted in Romantic drama Julie Carlson University of California Santa Barbara Describing an enduring moral puzzle and explaining how it helped to shape a key moment in the history of poetic drama *Fatal Autonomy* represents Romanticism as a reckoning with the costs of individual agency No moral calculus can ever fully determine the relation of events to an individual's actions and failures to act William Jewett argues that is why the stubborn belief in such a relationship gives rise to tragedy Jewett maintains that tragic drama forces its readers and viewers to confront the ways in which the use of language grants agency The Romantic poets saw a moral challenge in that confrontation and followed its generic implications toward a new kind of poetry *Fatal Autonomy* thus looks to Romantic drama to explain how Romantic poetry came to hold a permanent grip on conceptions of moral life Tracing the source of major strains in British Romanticism to a politically charged body of dramatic poems Jewett focuses on two historical moments 1794-97 which he describes as the political turning point in the careers of William Wordsworth and Samuel Taylor Coleridge and 1819-22 the years in which he believes Percy Bysshe Shelley and Lord Byron wrote their best poetry      **Romantic 'Anglo-Italians'** Maria Schoina, 2016-12-05 Focusing on key members of the Pisan Circle Byron the Shelleys and Leigh Hunt Maria Schoina explores configurations of identity and the acculturating practices of British expatriates in post-Napoleonic Italy The problems involved in British Romanticism's relations to its European others are her point of departure as she argues that the emergence and mission of what Mary Shelley termed the Anglo-Italian is inextricably linked to the social political economic and cultural conditions of the age the forging of the British identity in the midst of an expanding empire the rise of the

English middle class and the establishment of a competitive print culture and the envisioning by a group of male and female Romantic liberal intellectuals of social and political reform Schoina's emphasis on the political implications of the British Romantics hyphenated self representation results in fresh readings of the Pisan Circle's Italianate writings that move them away from interpretations focused on a purely aesthetic or poetic attachment to Italy to uncover their complex ideological underpinnings Recognizing that Mary Shelley was instrumental in conceptualizing the Romantics discourse of acculturation expands our understanding of this phenomenon as does Schoina's convincing case for the importance of gender as a major determinant of Mary Shelley's construction of Anglo Italianness      **The Romantic Poets** Uttara Natarajan, 2008-04-15 This welcome addition to the Blackwell Guides to Criticism series provides students with an invaluable survey of the critical reception of the Romantic poets Guides readers through the wealth of critical material available on the Romantic poets and directs them to the most influential readings Presents key critical texts on each of the major Romantic poets Blake Wordsworth Coleridge Byron Shelley and Keats as well as on poets of more marginal canonical standing Cross referencing between the different sections highlights continuities and counterpoints      The Witch of Atlas Notebook Percy Bysshe Shelley, 1997 This volume traces the modern critical and performance history of this play one of Shakespeare's most loved and most performed comedies The essay focus on such modern concerns as feminism deconstruction textual theory and queer theory      The French Revolution and Enlightenment in England, 1789-1832 Seamus Deane, 1988

Recognizing the showing off ways to get this ebook **Shelley At Work A Critical Inquiry** is additionally useful. You have remained in right site to begin getting this info. acquire the Shelley At Work A Critical Inquiry colleague that we provide here and check out the link.

You could purchase guide Shelley At Work A Critical Inquiry or get it as soon as feasible. You could speedily download this Shelley At Work A Critical Inquiry after getting deal. So, in imitation of you require the book swiftly, you can straight acquire it. Its as a result categorically simple and for that reason fats, isnt it? You have to favor to in this flavor
