Radical Light Christian Wiman,2018-09-11 A moving meditation on memory oblivion and eternity by one of our most celebrated poets What is it we want when we can't stop wanting And how do we make that hunger productive and vital rather than corrosive and destructive These are the questions that animate Christian Wiman as he explores the relationships between art and faith death and fame heaven and oblivion Above all He Held Radical Light is a love letter to poetry filled with moving surprising and sometimes funny encounters with the poets Wiman has known Seamus Heaney opens a suddenly intimate conversation about faith Mary Oliver puts half of a dead pigeon in her pocket A R Ammons stands up in front of an audience and refuses to read He Held Radical Light is as urgent and intense as it is lively and entertaining a sharp sequel to Wiman's earlier memoir My Bright Abyss **School of Music Programs** University of Michigan. School of Music,1999

Picture Bride Cathy Song,1983-01-01 Poems portray people's journeys and migrations and pay homage to the art of the American painter Georgia O Keeffe and a Japanese printmaker **Warnings against Myself** David Stevenson,2016-03-01 From his youthful second ascent of the north ridge of Mount Kennedy in the Yukon's Saint Elias Range an in and out on skis for which he had not entirely learned how to ski to a recent excursion across the Harding Icefield conceived under the influence of rain and whiskey David Stevenson chronicles several decades of a life unified by a preoccupation with climbing Reflective and literary and also entertaining and funny his accounts move across the great climbing locations of the western United States with forays into the spires of the Alps and slip freely in time from the author's childhood when he could not wait to head west to his adulthood with a wife and two sons in which he still feels compelled by a longing to be on the heights

Starting Today Rachel Zucker,Arielle Greenberg,2010-04-09 The poems in this anthology document the political and personal events of the president's crucial first days through a variety of contemporary poetic voices *The Best American Poetry 2006* Billy Collins,2008-06-17 A vivid anthology of poems filled with wit humor imagination and surprise selected by guest editor Billy Collins The seventy five poems in an array of styles and forms in this collection celebrate the pleasures of poetry from writers as varied as Laura Cronk to Reb Livingston With insightful comments from the poets illuminating their work and series editor David Lehman's thought provoking foreword The Best American Poetry 2006 is a brilliant addition to a series that links the most noteworthy verse and prose poems of our time to a readership as discerning as it is devoted to the art of poetry **Dispatches from the End of Ice** Beth Peterson,2019-11-28 The future of the world's ice is at a critical

juncture marked by international debate about climate change and almost daily reports about glaciers and ice shelves breaking oceans rising and temperatures spiking across the globe These changing landscapes and the public discourse surrounding them are changing fast It is science wrought with mystery and for Beth Peterson it became personal A few months after Peterson moved to a tiny village on the edge of Europe's largest glacier things began to disappear The glacier was melting at breakneck pace and people she knew vanished her professor went missing while summiting a volcano in Japan and a friend wandered off a mountain trail in Norway Finally Peterson took a harrowing forty foot fall while ice climbing Peterson's effort to make sense of these losses led to travels across Scandinavia Italy England and back to the United States She visited a cryonics institute an ice core lab a wunderkammer Wittgenstein's cabin and other museums and libraries She spoke with historians guides and scientists in search of answers Her search for a noted glacier museum in Norway led to news that the renowned building had set on fire in the middle of the night before and burned to the ground Dispatches from the End of Ice is part science part lyric essay and part research reportage all structured around a series of found artifacts a map a museum an inventory a book in an attempt to understand the idea of disappearance It is a brilliant synthesis of science storytelling and research in the spirit of essayists like Robert Macfarlane John McPhee and Joni Tevis Peterson's work veers into numerous terrains orbiting the idea of vanishing and the taxonomies of loss both in an unstable world and in our individual lives

Ravishing DisUnities Agha Shahid Ali, 2000-11-03 A star studded anthology infuses English poetry with the rigor and wit of a foreign form In recent years the ghazal pronounced ghuzzle a traditional Arabic form of poetry has become popular among contemporary English language poets But like the haiku before it the ghazal has been widely misunderstood and thus most English ghazals have been far from the mark in both letter and spirit This anthology brings together ghazals by a rich gathering of 107 poets including Diane Ackerman John Hollander W S Merwin William Matthews Paul Muldoon Ellen Bryant Voigt and many others As this dazzling collection shows the intricate and self reflexive ghazal brings the writer a unique set of challenges and opportunities Agha Shahid Ali's lively introduction gives a brief history of the ghazal and instructions on how to compose one in English An elegant afterword by Sarah Suleri Goodyear elucidates the larger issues of cultural translation and authenticity inherent in writing in a borrowed form

The Best American Poetry 2004 Lyn Hejinian, David Lehman, 2004-09-14 The eagerly anticipated new edition of the yearly anthology of contemporary American poetry is now a brand name in the literary world

Workshops of Empire Eric Bennett, 2015-10-15 During and just after World War II an influential group of American writers and intellectuals projected a vision for literature that would save the free world Novels stories plays and poems they believed could inoculate weak minds against simplistic totalitarian ideologies heal the spiritual wounds of global catastrophe and just maybe prevent the like from happening again As the Cold War began high minded and well intentioned scholars critics and writers from across the political spectrum argued that human values remained crucial to civilization and that such values stood in dire need of formulation and affirmation Creative

writing emerged as a graduate discipline in the United States amid this astonishing swirl of grand conceptions Workshops of Empire explores this history via the careers of Paul Engle at the University of Iowa and Wallace Stegner at Stanford In the story of these founding fathers of the discipline Eric Bennett discovers the cultural political literary intellectual and institutional underpinnings of creative writing programs within the university Book jacket *The Best American Poetry* 2023 David Lehman, Elaine Equi, 2023-09-05 An award winning poet and guest editor assembles the best contemporary poetry from 2023 resulting in an exceptionally articulate vision of American poetry today Yale Alumni Weekly, 1919

The Poetry of James Wright Andrew Elkins, 1991 In *The Poetry of James Wright* the author traces Wright's formal evolution and concentrates on his consistent themes the artist's role in society the artist's search for poetic and personal identities the power of poetry as fortification against the onslaughts of time and the definition of a good and humane action Charting the poet's evolution from his first book *The Green Wall* to the last collections *This Journey* Elkins discusses one major book in each chapter explicating the more important poems in detail and explaining how each volume is part of a progression from youthful imitator to mature innovator Wright's individual struggle taking place as it did in the last half of the 20th century in America dramatizes the central problems of the creative individual in a late industrial society who is trying to turn a life into art Wright worked in the great tradition of the adamant individualists in our literary heritage and like all of his formidable ancestors he refused to trust the socialized self he found attached to his soul refused to be diminished or circumscribed by any society's definition of himself The effect of reading and studying his complete work is the recognition that Wright is a major 20th century American poet whose apparent simplicity and occasional sentimentality can obscure the complexity and maturity of his courageous confrontation with the problems of living and writhing in contemporary America
