The History and Logic of Modern Chinese Politics Mingsheng Wang,2021-08-24 This book explores the history and development of modern Chinese politics Written by Dr Mingsheng Wang a renowned Chinese political scientist it presents a truly groundbreaking and thought provoking study of the sociopolitical forces behind China s gradual emergence as a new global power in the 20th century and its rapid rise as the world s second largest economy over the past 40 years The author s argument illuminated by comparative theoretical analyses based on meticulously detailed empirical research functions as a lens through which readers can better understand China s remarkable accomplishments as well as consider broader issues that have perplexed many Is there a China Path to sociopolitical progress What is socialism with Chinese characteristics Can China redefine its niche and maintain its growing momentum in an increasingly multilateral world And finally what lessons can we draw from China s continuing progress in the post COVID era As the author argues eloquently and with persuasive evidence China s ongoing progress has followed neither the mode of Russian style socialism nor that of Western prototypical capitalism Rather it represents a distinctively different model of progress and a continuous search for a viable alternative route to modernity that is permeated with Chinese realities By identifying an alternative system described as the China Path the author demonstrates convincingly that there exist ample options for different types of modernity and that economic growth means not only industrialization but also the development of political democratization and the realization of the rule of law In this sense this book significantly enriches our understanding of modern China The 33 carefully selected essays in the anthology provide a much needed opportunity for scholars policy makers and all interested readers to obtain an insider s view of the history and prospect of China s political development **Translations on Communist China** ,1971 *Press and Publications Summary* United States Information Service (Taipei, Taiwan),1967-10 **The Cambridge History of China: Volume 15, The People's Republic, Part 2, Revolutions Within the Chinese Revolution, 1966-1982** Roderick MacFarquhar,John K. Fairbank,Denis Crispin Twitchett,1991-11-29 In continuing the post revolution study started in Volume 14 Volume 15 considers the developments in Mao s thoughts and how they related to China s government The most comprehensive account of this turbulent period in Chinese history **Translations from Hung-ch'i (Red Flag)** United

The Cultural Revolution in the People's Republic of China started in 1966 and lasted about a decade This revolutionary upsurge of Chinese students and workers led by Mao Zedong wreaked havoc in the world's most populous country often turning things upside down and undermining the party government and army while simultaneously weakening the economy society and culture Tens of millions of people were killed injured or imprisoned during this period and relatively few benefited aside from Mao Zedong and the Gang of Four the group that would eventually receive the blame for the events of the Cultural Revolution Given the turbulence and confusion it is hard to know just what happened The A to Z of the Chinese Cultural Revolution tackles this task First in an extensive chronology which traces the events from year to year and month to month then in an introduction puts these events in context and helps to explain them But most importantly the bulk of the information is provided in a dictionary section with numerous cross referenced entries on important persons places institutions and movements A bibliography points to further sources of information and a glossary will help those researching in Chinese

**Chinese Propaganda on Tibet** Warren W. Smith Jr.,2023-04-11 China has produced a tremendous amount of propaganda justifying its invasion and occupation of Tibet This book reproduces excerpts from some of the most notable of these articles along with a critical analysis The primary themes of Chinese propaganda about Tibet are that Tibet has always been a part of China thus there is no question about Tibetan independence or a Chinese invasion of Tibet that the traditional Tibetan social system was a dark cruel savage feudal hell on earth from which Tibetans welcomed their liberation by the CCP and that China has selflessly assisted Tibetan social and economic development ever since while taking nothing from Tibet China denies the legitimacy of any issues of Tibetan nationalism self determination or any desire by Tibetans for an independent political existence Despite China's claims about the happiness of the Tibetan people Tibetan resistance has continued These excerpts from propaganda articles and documents reveal the political and cultural ideology of the Chinese as they attempt to maintain and justify their control over Tibet

**The Tragedy of Liberation** Frank Dikötter,2013-09-24 A groundbreaking chronicle of the violent early years of the People's Republic of China by the author of the BBC Samuel Johnson Prize winning *Mao's Great Famine* The Chinese Communist party refers to its victory in 1949 as a liberation In China the story of liberation and the revolution that followed is not one of peace liberty and justice It is first and foremost a story of calculated terror and systematic violence So begins Frank Dikötter's stunning and revelatory chronicle of Mao Zedong's ascension and campaign to transform the Chinese into what the party called New People Following the defeat of Chiang Kai shek in 1949 after a bloody civil war Mao hoisted the red flag over Beijing's Forbidden City and the world watched as the Communist revolution began to wash away the old order

Due to the secrecy surrounding the country's records little has been known before now about the eight years that followed preceding the massive famine and Great Leap Forward Drawing on hundreds of previously classified documents secret police reports unexpurgated versions of leadership speeches eyewitness accounts of those who survived and more The Tragedy of Liberation bears witness to a shocking largely untold history Interweaving stories of ordinary citizens with tales of the brutal politics of Mao's court Frank Dikötter illuminates those who shaped the liberation and the horrific policies they implemented in the name of progress People of all walks of life were caught up in the tragedy that unfolded and whether or not they supported the revolution all of them were asked to write confessions denounce their friends and answer queries about their political reliability One victim of thought reform called it a carefully cultivated Auschwitz of the mind Told with great narrative sweep The Tragedy of Liberation is a powerful and important document giving voice at last to the millions who were lost and casting new light on the foundations of one of the most powerful regimes of the twenty first century *Ten Years Of Turbulence* Barbara Barnouin, Yu Changgen, 2012-11-12 First published in 1993 The Cultural Revolution CR was undoubtedly one of the most tumultuous and dramatic periods of China's modern history It was marked by violence factionalism and economic disruptions The cataclysm it created had traumatic effects on the majority of the Chinese people both in their private and professional lives In this study the author's emphasise the primordial role of Mao Zedong in instigating and prolonging the Cultural Revolution **Communist China Digest**, 1967 *Revival: The People's Liberation Army and China's Nation-Building (1973)* Ying-Mao Kau, 2017-09-29 This revised edition brings the problem of Third World conflict into the post Cold War era It asks when and how should the developed countries intervene in internal wars outside of their traditional geopolitical interest and what can such intervention realistically accomplish The great proletarian cultural revolution. An Overview Paul Scholz, 2017-07-17 Seminar paper from the year 2016 in the subject Orientalism Sinology Chinese China grade 1-3 Tsinghua University language English abstract The Chinese Cultural Revolution also well known as the Great Proletarian Cultural Revolution Wuchan jieji Wenhua Dageming describes a unparalleled and from the top established revolution launched by Chinese Communist Party CCP chairman Mao Zedong during his very last period in power 1966-76 to restore the spirit of the Chinese Revolution Lieberthal 2016 Mao Zedong during this time feared that China possibly could develop like the Soviet Russian nation did and he did not want China to follow their example He was very concerned about China's and his own place in history and therefore did not hesitate to throw China's cities into chaos in a big effort to reverse the historic processes which were on their way obviously Plenty of the events during this period of this time are without equal in the modern world's history After the catastrophic Great Leap Forward in which according to some sources more than 45 million people died Mao Zedong decided to take a passive role in governing China More practical and moderately oriented leaders such as Vice Chairman Liu Shaoqi and Premier Zhou Enlai introduced soft economic reforms founding on individual incentives such as allowing private people to farm their own land an effort to rebuild and strengthen

the heavily harmed economy Leese 2016 Mao disliked such actions as they went against the principles of pure communism in which he believed deeply In fact China s economy grew sustainably from 1962 to 1965 with the more conservative economic policies applying Stanford 2001      Historical Dictionary of the Chinese Cultural Revolution Guo Jian,Yongyi Song,Yuan Zhou,2015-07-23 As the world s only English language historical dictionary of the Chinese Cultural Revolution 1966 1976 this book offers a comprehensive coverage of major historical figures events political terms and other matters relevant to this unique period of modern Chinese history that had profound influence on social and cultural movements of the world in the 1960s and 1970s This second edition of Historical Dictionary of the Chinese Cultural Revolution covers its history through a chronology an introductory essay glossary and an extensive bibliography The dictionary section has over 400 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about this important period in Chinese history
