The Admirals When we reflect on our nation s history the American Revolution can feel almost like a foregone conclusion In
reality the first weeks and months of 1775 were very tenuous and a fractured and ragtag group of colonial militias had to
coalesce rapidly to have even the slimmest chance of toppling the mighty British Army American Spring follows a fledgling
nation from Paul Revere s little known ride of December 1774 and the first shots fired on Lexington Green through the
catastrophic Battle of Bunker Hill culminating with a Virginian named George Washington taking command of colonial forces
on July 3 1775 Focusing on the colorful heroes John Hancock Samuel Adams Mercy Otis Warren Benjamin Franklin and
Patrick Henry and the ordinary Americans caught up in the revolution Walter R Borneman uses newly available sources and
research to tell the story of how a decade of discontent erupted into an armed rebellion that forged our nation **Furniture**
