this book will cause the much need discussion about why many of us behave the way we do My thoughts are that the high school girly behaviors are the manifestations of unhealed wound that I refer to as ghost wounds that are a direct result of the damage that has been done during the very critical school age years when many of us were trying to find out who were and develop some self esteem Unfortunately for most gay men that I have spoken to had very lonely childhoods where they felt isolated picked on at school and they most often felt like outsiders I believe these experiences have done more damage to gay people than we have ever given credit to As a result these ghost wounds have never been healed and follow them around for a lifetime unless addressed and will influence much of your behaviors and most importantly your ability to understand and really feel the beauty and deliciousness of true intimacy whether it be with friends or lifepartners Frequent sexual encounters are not intimacy It s devoid of intimacy and often leads to a deeper feeling of isolation loneliness and depression The last of what I want to say is good luck in your que **Occupational Safety and Health** United States.
