Problem Solving Toward A More Humanizing Curriculum:

Problem Solving Otto Hollaway, 1975 Anti-Authoritarian Curriculum Practice Daniel J. Castner, Jennifer L. Schneider, James G. Henderson, 2025-07-10 The pervasive politicization of education in the United States makes teachers work extraordinarily challenging Decades of bi partisan accountability based reform policies and top down instructional management have conceived of teachers as mere technicians who consume and implement prefabricated curricular plans Such views fail to recognize the intimate relationship between curriculum and teaching and minimize educators professional authority Anti Authoritarian Curriculum Practice is for teachers exasperated by contemporary education s politicized conditions Instead of identifying specific authoritarian figures or ideologies this book critiques authoritarian practices actions that undermine accountability for how power is exercised It advocates for anti authoritarian curriculum practices emphasizing the intellectual and moral responsibilities of professional curricular decision making Appreciating that significant decisions are made at school district and policy levels without teachers meaningful involvement the authors utilize practical curriculum theorizing to examine commonly overlooked elements of curriculum practice emphasizing teachers direct roles in shaping what is experienced in their classrooms Readers are introduced to the HI STAR process a three part framework that invites educators to holistically imagine curricular visions HI engage in study and teaching activities ST and assess student outcomes while reflecting on their practices AR *End the Biggest Educational and Intellectual Blunder in History* Norman W. Edmund, 2005 This book discusses misunderstandings related to the scientific method of creative problem solving and decision making The author has conducted extensive research in this field for more than 15 years and shows that the misunderstandings have created great harms in the educational field and in most other fields This book will be important reading for all those interested in better education better thinking and a better society *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1976 Secondary Education William Van Til, 1978 CAS. Curriculum Advisory Service Quarterly , 1975 **Educational Leadership** , 1943 *Toward a Literacy of Promise* Linda A. Spears-Bunton, Rebecca Powell, 2012-08-21 This book gives us strategies for bringing life back to school it allows us to think creatively about connecting instruction to the lives of children who have not been well served it helps us learn to value the gifts with words our children of color bring and it gives us hope for educating a generation that can change the status quo that will build the America we have yet to see the one that made that as yet unfulfilled promise of liberty and justice for all Lisa Delpit From the Foreword *Toward a Literacy of Promise* examines popular assumptions about literacy and challenges readers to question how it has been used historically both to empower and to oppress The authors offer an alternative view of literacy a literacy of promise that charts an emancipatory agenda for literacy instructional practices in schools Weaving together critical perspectives on pedagogy language literature and popular texts each chapter provides an in depth discussion that illuminates how a literacy of promise can be realized in school and classrooms Although the major focus is on

African American middle and secondary students as a population that has experienced the consequences of inequality the chapters demonstrate general and specific applications to other populations **Alberta Journal of Educational Research**
