Forster, Lina Steiner**

Problems Of Idealism Essays In Russian Social Philosophy:

Problems of Idealism Owen Bennett Jones, 2003-01-01 This work was originally published in 1902 marked a watershed in the Russian Silver age a vibrant cultural renaissance

A History of Russian Philosophy 1830-1930 G. M. Hamburg, Randall A. Poole, 2010-04-22 The great age of Russian philosophy spans the century between 1830 and 1930 from the famous Slavophile Westernizer controversy of the 1830s and 1840s through the Silver Age of Russian culture at the beginning of the twentieth century to the formation of a Russian philosophical emigration in the wake of the Russian Revolution This volume is a major history and interpretation of Russian philosophy in this period Eighteen chapters plus a substantial introduction and afterword discuss Russian philosophy's main figures schools and controversies while simultaneously pursuing a common central theme the development of a distinctive Russian tradition of philosophical humanism focused on the defence of human dignity As this volume shows the century long debate over the meaning and grounds of human dignity freedom and the just society involved thinkers of all backgrounds and positions transcending easy classification as religious or secular The debate still resonates strongly today

The Oxford Handbook of Russian Religious Thought Caryl Emerson, George Pattison, Randall A. Poole, 2020 A comprehensive collection exploring the role of ideas institutions and movements in the evolution of Russian religious thought Contains cutting edge scholarship that expands understanding of one of the richest aspects of Russian cultural and intellectual life Considers the influence of Russian religious thought in the West and the role of religion in aesthetics music poetry art film and the novel An authoritative reference for students and scholars Book jacket

The Russian Intelligentsia Sibelan Forrester, Olga Partan, 2025-04-29 The Russian intelligentsia is the historic phenomenon of an educated opposition and it has provoked a substantial body of Russian and Western publications This book focuses on the intelligentsia's Myth Mission Metamorphosis as discovered in literature journalism and theater The chapters define essential elements of the myth of the intelligentsia as a distinctive social group and a spiritual formation claiming high moral standards and expectations for the self and for society Second contributions explore how the intelligentsia sees its mission on various historical stages as inextricably linked with Russia's and the Soviet Union's cultural destiny especially its literary and other artistic creations Finally the volume addresses the metamorphosis of the intelligentsia over centuries as socio political factors shaped its persistence and its perpetual transformation

A Public Empire Ekaterina Pravilova, 2018-05-22 Property rights and Russia do not usually belong in the same sentence Rather our general image of the nation is of insecurity of private ownership and defenselessness in the face of the state Many scholars have attributed Russia's long term development problems to a failure to advance property rights for the modern age and blamed Russian intellectuals for their indifference to the issues of ownership A Public Empire refutes this widely shared conventional wisdom and analyzes the emergence of Russian property regimes from the time of Catherine the Great through World War I and the revolutions of 1917 Most importantly A Public Empire shows the

emergence of the new practices of owning public things in imperial Russia and the attempts of Russian intellectuals to reconcile the security of property with the ideals of the common good The book analyzes how the belief that certain objects rivers forests minerals historical monuments icons and Russian literary classics should accede to some kind of public status developed in Russia in the mid nineteenth century Professional experts and liberal politicians advocated for a property reform that aimed at exempting public things from private ownership while the tsars and the imperial government employed the rhetoric of protecting the sanctity of private property and resisted attempts at its limitation Exploring the Russian ways of thinking about property A Public Empire looks at problems of state reform and the formation of civil society which as the book argues should be rethought as a process of constructing the public through the reform of property rights Russian Liberalism Paul Robinson,2023-09-15 Russian Liberalism charts the development of liberal ideas and political organizations in Russia as well as the implementation of liberal reforms by the Russian and Soviet governments at various points in time Paul Robinson s comprehensive survey covers the entire period from the late eighteenth century to the present day Robinson demonstrates that liberalism has always lacked strong roots in the Russian population being largely espoused by a narrow group of intellectuals whose culture it has reflected and has tended toward a form of historical determinism that sees Russia as destined to become like the West Many see the current political struggle between Russia and the West as being in part a conflict between the liberal West and an illiberal Russia By explaining the historical causes of liberalism s failure in that country Russian Liberalism offers an understanding of a significant aspect of contemporary international affairs After Putin s February 2022 invasion of Ukraine understanding Russian political thought is a matter of considerable importance *The Teachings of Modern Orthodox Christianity on Law, Politics, and Human Nature* John Witte (Jr.),2007 The Teachings of Modern Orthodox Christianity on Law Politics and Human Nature examines how modern Orthodox Christian thinkers have answered the most pressing political legal and ethical questions of our time It discusses the enduring teachings of important Orthodox Christian intellectuals of the late nineteenth and twentieth centuries Leading contemporary scholars analyze these thinkers views on the nature and purpose of law and authority the limits of rule and obedience the care of the needy and innocent the ethics of war and violence and the separation of church and state among other themes A diverse and powerful portrait of Orthodox Christian legal and political thought this volume underscores the various ways Orthodox Christian intellectuals have shaped modern debates over the family the state religion and society The book concentrates on Russian philosophers Vladimir Soloviev 1853 1900 and Vladimir Lossky 1903 1958 Russian theologian Nicholas Berdyaev 1874 1948 Russian nun and social reformer Mother Maria Skobtsova 1891 1945 and Romanian theologian Dumitru St niloae 1903 1993 **Thinking Orthodox in Modern Russia** Patrick Lally Michelson,Judith Deutsch Kornblatt,2014-07-31 This collection of essays on Russian religious thought focuses on the extent to which Russian culture and ideology has been informed by the nation s roots in Orthodox Christianity **The Palgrave Handbook of Russian Thought** Marina F. Bykova,Michael N.

Forster, Lina Steiner, 2021-05-22 This volume is a comprehensive Handbook of Russian thought that provides an in depth survey of major figures currents and developments in Russian intellectual history spanning the period from the late eighteenth century to the late twentieth century Written by a group of distinguished scholars as well as some younger ones from Russia Europe the United States and Canada this Handbook reconstructs a vibrant picture of the intellectual and cultural life in Russia and the Soviet Union during the most buoyant period in the country s history Contrary to the widespread view of Russian modernity as a product of intellectual borrowing and imitation the essays collected in this volume reveal the creative spirit of Russian thought which produced a range of original philosophical and social ideas as well as great literature art and criticism While rejecting reductive interpretations the Handbook employs a unifying approach to its subject matter presenting Russian thought in the context of the country s changing historical landscape This Handbook will open up a new intellectual world to many readers and provide a secure base for its further exploration *Russian*

Neo-Kantianism Thomas Nemeth, 2022-03-07 This the first in depth and comprehensive book length study of the Russian neo Kantian movement in English language challenges the assumption of the isolation of neo Kantianism to Germany The present investigation demonstrates that neo Kantianism had an international dimension by showing the emergence of a parallel movement in Imperial Russia spanning its emergence in the late 19th century to its gradual dissolution in the aftermath of the Bolshevik Revolution The author presents a systematic portrait of the development of Russian neo Kantianism starting with its rise as a philosophy of science However it was with the stream of young students returning to Imperial Russia after a period of study at German universities that the movement accelerated More often than not these enthusiastic young philosophers returned home imbued with the neo Kantianism of their respective but divergent host institutions As a result clashes were inevitable concerning the proper approach to philosophical issues as well as the very understanding of Kant s philosophy and his legacy for contemporary thought In the end the broad promise of a Western oriented neo Kantianism could not withstand the pressures it confronted on all sides *Tolstoy in Context* Anna A. Berman, 2022-12-22 Likened to a

second Tsar in Russia and attaining prophet like status around the globe Tolstoy made an impact on literature and the arts religion philosophy and politics His novels and stories both responded to and helped to reshape the European and Russian literary traditions His non fiction incensed readers and drew a massive following making Tolstoy an important religious force as well as a stubborn polemicist in many fields Through his involvement with Gandhi and the Indian independence movement his aid in relocating the Doukhobors to Canada his correspondence with American abolitionists and his polemics with scientists in the periodical press Tolstoy engaged a vast array of national and international contexts of his time in his life and thought This volume introduces those contexts and situates Tolstoy the man and the writer in the rich and tumultuous period in which his intellectual and creative output came to fruition **Deification in Russian Religious Thought** Ruth

Coates, 2019-09-12 Deification in Russian Religious Thought considers the reception of the Eastern Christian Orthodox

doctrine of deification by Russian religious thinkers of the immediate pre revolutionary period Deification is the metaphor that the Greek patristic tradition came to privilege in its articulation of the Christian concept of salvation to be saved is to be deified that is to share in the divine attribute of immortality In the Christian narrative of the Orthodox Church God became human so that humans might become gods Ruth Coates shows that between the revolutions of 1905 and 1917 Russian religious thinkers turned to deification in their search for a commensurate response to the apocalyptic dimension of the universally anticipated destruction of the Russian autocracy and the social and religious order that supported it Focusing on major works by four prominent thinkers of the Russian Religious Renaissance Dmitry Merezhkovsky Nikolai Berdiaev Sergei Bulgakov and Pavel Florensky Coates demonstrates the salience of the deification theme and explores the variety of forms of its expression She argues that the reception of deification in this period is shaped by the discourse of early Russian cultural modernism and informed not only by theology but also by nineteenth century currents in Russian religious culture and German philosophy particularly as these are received by the novelist Fedor Dostoevsky and the philosopher Vladimir Soloviev In the works that are analysed deification is taken out of its original theological context and applied respectively to politics creativity economics and asceticism At the same time all the thinkers represented in the book view deification as a project a practice that should deliver the total transformation and immortalisation of human beings society culture and the material universe and this is what connects them to deification's theological source

Landmarks Revisited Robin Aizlewood, Ruth Coates, 2019-08-28 The Vekhi Landmarks symposium 1909 is one of the most famous publications in Russian intellectual and political history Its fame rests on the critique it offers of the phenomenon of the Russian intelligentsia in the period of crisis that led to the 1917 Russian Revolution It was published as a polemical response to the revolution of 1905 the failed outcome of which was deemed by all the Vekhi contributors to exemplify and illuminate fatal philosophical political and psychological flaws in the revolutionary intelligentsia that had sought it Landmarks Revisited offers a new and comprehensive assessment of the symposium and its legacy from a variety of disciplinary perspectives by leading scholars in their fields It will be of compelling interest to all students of Russian history politics and culture and the impact of these on the wider world

The Power of Language and Rhetoric in Russian Political History Richard S. Wortman, 2017-11-30 This book examines the rhetorical force of certain key words in the discourses of Russian state political thought and literature It shows how terms for cultured conduct kul turnost political affection love liubov joy radost etc personhood lichnost truth pravda and geographical integrity tsel nost assumed almost sacral meaning It considers how these terms took on a life of their own imposing the designs of the Russian state and defining the hopes of educated society in the process By exploring the usage of these words in a wide range of texts Richard Wortman provides glimpses into the ideas and feelings of leading figures and thinkers in Russian history from Peter the Great to Alexander Herzen and Nicholas Berdiaev as well as writers like Mikhail Lermontov Ivan Turgenev and Fedor Dostoevsky giving a sense of the intellectual and emotional universe they inhabited The Power of

Language and Rhetoric in Russian Political History provides both students and scholars with a specific focus through which to approach Russian culture and history This book is essential reading for students of Russian government thought literature and political action Liberals under Autocracy Anton A. Fedyashin, 2012-06-19 With its rocky transition to democracy post Soviet Russia has made observers wonder whether a moderating liberalism could ever succeed in such a land of extremes But in Liberals under Autocracy Anton A Fedyashin looks back at the vibrant Russian liberalism that flourished in the country's late imperial era chronicling its contributions to the evolution of Russia's rich literary culture socioeconomic thinking and civil society For five decades prior to the revolutions of 1917 *The Herald of Europe* *Vestnik Evropy* was the flagship journal of Russian liberalism garnering a large readership The journal articulated a distinctively Russian liberal agenda one that encouraged social and economic modernization and civic participation through local self government units *zemstvos* that defended individual rights and interests especially those of the peasantry in the face of increasing industrialization Through the efforts of four men who turned *The Herald* into a cultural nexus in the imperial capital of St Petersburg the publication catalyzed the growing influence of journal culture and its formative effects on Russian politics and society Challenging deep seated assumptions about Russia's intellectual history Fedyashin's work casts the country's nascent liberalism as a distinctly Russian blend of self governance populism and other national cultural traditions As such the book stands as a contribution to the growing literature on imperial Russia's nonrevolutionary intellectual movements that emphasized the role of local politics in both successful modernization and the evolution of civil society in an extraparliamentary environment Vladimir Nabokov and the Art of Moral Acts Dana Dragunoiu, 2021-09-15 Winner 2022 Brian Boyd Prize for Best Second Book on Nabokov This book shows how ethics and aesthetics interact in the works of one of the most celebrated literary stylists of the twentieth century the Russian American novelist Vladimir Nabokov Dana Dragunoiu reads Nabokov's fictional worlds as battlegrounds between an autonomous will and heteronomous passions demonstrating Nabokov's insistence that genuinely moral acts occur when the will triumphs over the passions by answering the call of duty Dragunoiu puts Nabokov's novels into dialogue with the work of writers such as Alexander Pushkin William Shakespeare Leo Tolstoy and Marcel Proust with Kantian moral philosophy with the institution of the modern duel of honor and with the European traditions of chivalric literature that Nabokov studied as an undergraduate at Cambridge University This configuration of literary influences and philosophical contexts allows Dragunoiu to advance an original and provocative argument about the formation career and legacies of an author who viewed moral activity as an art and for whom artistic and moral acts served as testaments to the freedom of the will *Anna Karenina in Our Time* Gary Saul Morson, 2007-01-01 In this invigorating new assessment of *Anna Karenina* Gary Saul Morson overturns traditional interpretations of the classic novel and shows why readers have misunderstood Tolstoy's characters and intentions Morson argues that Tolstoy's ideas are far more radical than has been thought his masterpiece challenges deeply held conceptions of romantic love the process of social reform modernization and

the nature of good and evil By investigating the ethical philosophical and social issues with which Tolstoy grappled Morson finds in Anna Karenina powerful connections with the concerns of today He proposes that Tolstoy's effort to see the world more wisely can deeply inform our own search for wisdom in the present day The book offers brilliant analyses of Anna Karenin Dolly Levin and other characters with a particularly subtle portrait of Anna's extremism and self deception Morson probes Tolstoy's important insights evil is often the result of negligence goodness derives from small everyday deeds and completes the volume with an irresistible original list of One Hundred and Sixty Three Tolstoyan Conclusions

International Bibliography Of Sociology 2003/Bibliographie Internationale Des Sciences Sociales Compiled by the British Library of Political and Economic Science, Jean Sykes, 2004-12 First published in 1952 the International Bibliography of the Social Sciences anthropology economics political science and sociology is well established as a major bibliographic reference for students researchers and librarians in the social sciences worldwide Key features authority Rigorous standards are applied to make the IBSS the most authoritative selective bibliography ever produced Articles and books are selected on merit by some of the world's most expert librarians and academics breadth today the IBSS covers over 2000 journals more than any other comparable resource The latest monograph publications are also included international Coverage the IBSS reviews scholarship published in over 30 languages including publications from Eastern Europe and the developing world User friendly organization all non English titles are word sections Extensive author subject and place name indexes are provided in both English and French *The Soviet Colossus* Michael G. Kort, 2015-05-18 The twentieth century was not kind to Russia Despite its great potential and remarkable achievements the country also bore the weight of two world wars a revolution and civil war totalitarian tyranny famine and ecological destruction economic ruin and imperial decline Will Russia ever be prosperous peaceful and free Seeking clues in the past Michael Kort revisits earlier turning points in Russia's history from the fall of the old regime to the establishment of the Bolshevik dictatorship and Stalinist totalitarianism from the reforms and counter reforms of Khrushchev and Brezhnev to the tumultuous years of change under Gorbachev and Yeltsin Which strands of Russia's past is their successor Vladimir Putin weaving into the fabric of the present and which are being allowed to fade for better or worse This new edition of *The Soviet Colossus* brings the story up through the first decade of the twenty first century Distinctively readable judicious and focused on critical events and questions it integrates new revelations about the Soviet past and ongoing debates about the Soviet regime as well as its successor It is the ideal text for as one semester history course or background for a political science course *Reframing Russian Modernism* Irina Shevelenko, 2018-12-11 Presenting a multifaceted portrait of modernist culture in Russia an array of distinguished scholars shows how artists and writers in the early twentieth century engaged with politics science and religion At a time when many Russian social institutions looked to the past modernist arts powerfully amplified a gamut of new ideas about individual and collective transformation Expanding upon prior studies that focus more specifically on literary

manifestations of the movement Reframing Russian Modernism features original research that ranges broadly from political aesthetics to Darwinism to yoga These unique complementary perspectives counter reductionism of any kind integrating the study of Russian modernism into the larger body of humanistic scholarship devoted to modernity
