Introduction to Criminology Pamela J. Schram,Stephen G. Tibbetts,2017-02-13 Introduction to Criminology Why Do They Do It Second Edition by Pamela J Schram Stephen G Tibbetts offers a contemporary and integrated discussion of the key theories that help us understand crime in the 21st century With a focus on why offenders commit crimes this bestseller skillfully engages students with real world cases

and examples to help students explore the fundamentals of criminology To better align with how instructors actually teach this course coverage of violent and property crimes has been integrated into the theory chapters so students can clearly understand the application of theory to criminal behavior Unlike other introductory criminology textbooks the Second Edition discusses issues of diversity in each chapter and covers many contemporary topics that are not well represented in other texts such as feminist criminology cybercrime hate crimes white collar crime homeland security and identity theft Transnational comparisons regarding crime rates and the methods other countries use to deal with crime make this edition the most universal to date and a perfect companion for those wanting to learn about criminology in context Quick Fixes Benjamin Y. Fong, 2023-07-11 Drugs are ubiquitous in the past and present of capitalist society What can they tell us about our society and economy Americans are in the midst of a world historic drug binge Opiates amphetamines benzodiazepines marijuana antidepressants antipsychotics across the board consumption has shot up in the 21st century At the same time the United States is home to the largest prison system in the world justified in part by a now zombified war on drugs How did we get here Quick Fixes is a look at American society through the lens of its pharmacological crutches Though particularly acute in recent decades the contradiction between America's passionate love and intense hatred for drugs has been one of its defining characteristics for over a century Through nine chapters each devoted to the modern history of a drug or class of drugs Fong examines Americans' fraught relationship with psychoactive substances As society changes it produces different forms of stress isolation and alienation These changes in turn shape the sorts of drugs society chooses By laying out the histories functions and experiences of our chemical comforts the hope is to help answer that ever perplexing question what does it mean to be an American *Higher Wisdom* Roger Walsh, Charles S. Grob, 2005-09-01 Psychedelics have been a part often a central and sacred part of most societies throughout history and for half a century psychedelics have rumbled through the Western world seeding a subculture titillating the media fascinating youth terrifying parents enraging politicians and intriguing researchers Not surprisingly these curious chemicals fascinated some of the foremost thinkers of the twentieth century fourteen of whom were interviewed for this book Because no further human research can be done these researchers constitute an irreplaceable resource Higher Wisdom offers their fascinating anecdotes invaluable knowledge and hard won wisdom the culmination of fifty years of research and reflection on one of the most intriguing and challenging topics of our time **The New Social Contract** Joseph Dillon Davey, 1995-08-30 According to the Justice Department's National Crime Survey the crime rate in the United States is lower today than it was when Nixon was in the White House In spite of this political leaders demand nationwide prison construction as a response to the war on drugs and to accommodate the results of the new three strikes law At the same time the gap between rich and poor is wider than ever and the needs of the non disruptive poor are being ignored by the economic and political elites to the point of unprecedented homelessness The author predicts this widening gap will prompt the return of 1960s style civil turmoil which will lead to the end of the war

on drugs and the emptying of hundreds of thousands of cells so the protesting poor can be plausibly threatened with incarceration

The Culture of Fear Barry Glassner, 2010-01-05 The bestselling book revealing why Americans are so fearful and why we fear the wrong things now updated for the age of Trump In the age of Trump our society is defined by fear Indeed three out of four Americans say they feel more fearful today than they did only a couple decades ago But are we living in exceptionally perilous times In his bestselling book *The Culture of Fear* sociologist Barry Glassner demonstrates that it is our perception of danger that has increased not the actual level of risk Glassner exposes the people and organizations that manipulate our perceptions and profit from our fears politicians who win elections by heightening concerns about crime and drug use even as rates for both are declining advocacy groups that raise money by exaggerating the prevalence of particular diseases TV shows that create a new scare every week to garner ratings Glassner spells out the prices we pay for social panics the huge sums of money that go to waste on unnecessary programs and products as well as time and energy spent worrying about our fears All the while we are distracted from the true threats from climate change to worsening inequality In this updated edition of a modern classic Glassner examines the current panics over vaccination and political correctness and reveals why Donald Trump's fearmongering is so dangerously effective

Drugs, Crime and Public Health Alex Stevens, 2010-10-04 *Drugs Crime and Public Health* provides an accessible but critical discussion of recent policy on illicit drugs Using a comparative approach centred on the UK but with insights and complementary data gathered from the USA and other countries it argues that problematic drug use can only be understood in the social context in which it takes place

[Encyclopedia of Prisons and Correctional Facilities](#) Mary Bosworth, 2004-12-15 Click Additional Materials for downloadable samples The two volume *Encyclopedia of Prisons and Correctional Facilities* aims to provide a critical overview of penal institutions within a historical and contemporary framework The United States has the highest incarceration rate in the world a fact that has caused lawmakers advocates and legal professionals to rethink punishment policies as well as develop new policies on prisoner education and rehabilitation Issues of race gender and class are fully integrated throughout in order to demonstrate the complexity of the implementation and intended results of incarceration The *Encyclopedia* contains biographies articles describing important legal statutes and detailed and authoritative descriptions of the major prisons in the United States Comparative data and examples are employed to analyze the American system within an international context The *Encyclopedia*'s 400 entries are all written by recognized authorities The appendix contains a comprehensive listing of every federal prison in the U S complete with facility details and service information Key Themes Juvenile Justice Labor Prison Architecture Prison Populations Prison Reform Privatization Race Gender Class Security and Classification Sentencing Policy and Laws Staff Theories of Punishment Treatment Programs Editorial Board Stephanie Bush Baskette National Council on Crime and Delinquency NCCD Jeanne Flavin Fordham University Esther Heffernan Edgewood College Jim Thomas Northern Illinois University

Towards More Effective Global Drug Policies Caroline

Chatwin,2018-05-25 This book examines the topical issue of global drug policy and outlines five steps that could be taken to improve its effectiveness A public criminology approach is applied to explore not only what could be done but also why it matters and how it could be achieved It argues that more effective global drug policies require an acknowledgement of the failure of a war on drugs approach and the harms it has caused Instead strategies that reduce drug related harm should be prioritised An innovative and diverse range of approaches should be developed that are underpinned by evaluation and dissemination of results Finally the horizons of the drug policy debate should be broadened In line with the central aims of public criminology this book provides an accessible contribution to global drug policy debates that links theory and practice and which will have appeal to a wide range of audiences

Drugs, Prisons and Policy-Making K. Duke,2003-10-14 In this fascinating new work Karen Duke explores the conflicts and contradictory pressures in the development of prison drugs policy in Britain from 1980 to the present Based on interviews with key policy actors and documentary analysis it explores how policy networks around drug issues in prisons have attempted to contain the contradictions between treatment and punishment and how their activities have been shaped by the ways in which the drugs issue is framed the roles of research evidence and knowledge and the impact of wider social political policy and institutional contexts

Choosing Correctional Options That Work Alan T. Harland,1995-12-14 This landmark volume responds to the persistent demands from criminal justice professionals policy advisers and the general public for correctional options that work The contributors define the options seek to identify the varied concepts and hidden agendas underneath the simple phrase what works select three key areas in which to review relevant theory and empirical evidence risk needs assessment techniques intervention sanctioning options programme implementation approaches promote a dialogue amongst the key players which will prepare them for proactive decision making on when and for whom alternatives to prison particularly in the community are appropriate rather than force them into panic decisions

Drug Policy Harmonization and the European Union C. Chatwin,2011-04-28 Exploring the illegal drug issue in international context this book looks at why harmonization has not already taken place at the European level It considers the desirability and viability of harmonization examines the conflict between repressive and liberal drug policies and applies a multi level governance lens to the issue

Understanding Globalization Robert K. Schaeffer,2003 This best selling text vividly shows how political and economic changes affect people s lives in different settings around the world Globalization the author argues is not completely new Instead the current wave of globalization builds on international institutions created just after World War II and was given new impetus by policies introduced in the 1970s and 80s The new edition has five new chapters as well as updates and changes throughout Visit our website for sample chapters

Place Matters Peter Dreier,John Mollenkopf,Todd Swanstrom,2014-08-15 How can the United States create the political will to address our major urban problems poverty unemployment crime traffic congestion toxic pollution education energy consumption and housing among others That s the basic question addressed by the new edition of this award winning book

Thoroughly revised and updated for its third edition *Place Matters* examines the major trends and problems shaping our cities and suburbs explores a range of policy solutions to address them and looks closely at the potential political coalitions needed to put the country's urban crisis back on the public agenda The problem of rising inequality is at the center of *Place Matters* During the past several decades the standard of living for the American middle class has stagnated the number of poor people has reached its highest level since the 1960s and the super rich have dramatically increased their share of the nation's wealth and income At the same time Americans have grown further apart in terms of where they live work and play This trend economic segregation no longer simply reflects the racial segregation between white suburbs and minority cities In cities and suburbs alike poor middle class and wealthy Americans now live in separate geographic spaces The authors have updated the case studies and examples used to illustrate the book's key themes incorporated the latest Census data and drawn on exit polls and other data to examine the voting patterns and outcomes of the 2012 elections They have expanded their discussion of how American cities are influenced by and influence global economic and social forces and how American cities compare with their counterparts in other parts of the world And they draw upon the latest research and case studies not only to examine the negative impacts of income inequality and economic segregation but also assess the efforts that civic and community groups unions business and government are making to tackle them Fully up to date and far richer and more provocative this new version surpasses its previous editions and will continue to be an essential volume for all who study urban politics and care about our cities

The Cult of Pharmacology Richard DeGrandpre, 2006-11-27 Richard DeGrandpre author of *Ritalin Nation* targets the illogic underlying U.S. drug policy and Americans' limited understanding of what drugs are and how they work

Deviance and Crime Walter S. DeKeseredy, Desmond Ellis, Shahid Alvi, 2014-09-19 This book sensitizes the reader to the fact that there is substantial disagreement within the academic community and among policymakers and the general public over what behaviors conditions e.g. physical attributes and people should be designated as deviant or criminal Normative conceptions the societal reaction labeling approach and the critical approach are offered as frameworks within which to study these definitions A comprehensive explanation of theory and social policy on deviance is constructed
