Red Gaze:

Expressionism Norbert Wolf, Uta Grosenick, 2004 Expressionism is a style of art in which the intention is not to reproduce a subject accurately but instead to portray it in such a way as to express the inner state of the artist. The movement is also associated with Germany in particular and was influenced by such emotionally charged styles as Symbolism, Fauvism, and Cubism. Leading Expressionists included Wassily Kandinsky, George Grosz, Franz Marc, and Amadeo Modigliani. *Red* Jordan Summers, 2008-11-04 Gina Santiago is a member of an elite tactical team in charge of protecting the world. She devoted her life to apprehending the most heinous criminals that prey on society, and now she's after the worst one yet. On her own, with no backup, the trail takes her to a dusty, tight-knit town on the fringes of society where everyone's a suspect. Even the sexy sheriff Morgan Hunter isn't telling her everything. Gina knows he's trouble, but she's inexorably drawn to him. The closer Gina comes to finding out the secret of this sleepy little town and its big bad sheriff, the closer she comes to catching the predator, the more scared she gets because she's beginning to realize that she has a secret too. A secret that will change Gina's life and make her the killer's prey. *Working Bullocks* Katharine Susannah Prichard, 1927 *The Red Veld* Nicholas Rinh, 2018-11-27 With the Drowned Tower in shambles and its practitioners left to wander the foreign lands of Ferus Terria, Sylvie and Jack set out to learn more about the stone's history. Their first stop, the Red Veld. But finding answers isn't as easy as simply inquiring. They quickly find themselves stepping into an entire Institute of uncooperative practitioners banding with an eccentric auctioneer and standing against a horde of hired nebbins. Where they must carve a path for themselves or risk losing what little they have left, it isn't much of a choice. The pair barrel blindly through the dark. While unknown to them, the Zenith Council stirs with revolts surging in the west, and Jack's closest friend is captured by slavers interested in learning the secret to magic. The world continues to spin. But together they realize the mystery behind the rise of the First Zenith and uncover truths that could rock the very foundation of the Institute that governs them. Some secrets, however, should never be brought to light. And there are those that would kill to keep it that way. *Mercenaries: Shadow and Red* Korey Ficara, 2013-04-10 There's a fine line between good and evil, and on that line is where mercenaries reside. Red Trebbon, a gunslinging nutcase, and Shadow, a young ninja with extraordinary abilities, are two individuals who sell their skills to the highest bidders in a world of heroes and villains. Friends from an early age, they are reunited when a mob boss enlists their help in rescuing his daughter from a rival crime lord. The two will have their work cut out for them. Not only will they have to go up against a maniac, his organization, and the vast amount of resources he possesses, but Shadow and Red must also survive each other. Their different views and ways of handling situations will put them at odds, but both must learn to overcome their differences if they are to survive and complete their mission. *Red* Sabrina Voerman, 2020-12-09 Red is a page-turning historical fantasy that invokes the fairy tale Little Red Riding Hood and the horror of the Brothers Grimm.
