Russian Economic Development From Peter The Great To Stalin:

Russian Economic Development from Peter the Great to Stalin William L. Blackwell, 1974 **Russia Economic Development from Peter the Great to Stalin** William L. Blackwell, 1974 *The Industrialisation of the Continental Powers 1780-1914* Clive Trebilcock, 2014-07-22 The Industrialisation of the Continental Powers is both a broad survey of the process of European industrialisation from the late eighteenth century to the First World War and also a closely argued comparative economic study of how this process was experienced by different great powers Peter the Great M.S. Anderson, 2014-06-11 An excellent introduction to the formidable life and career of Peter the Great and his impact on Russia M S Anderson assesses his aims and achievements at home and abroad and examines the pressures and restrictions that shaped his attitudes and limited his actions Society and Economy in Early Modern Europe, 1450-1789 Barry Taylor, 1989 *Peter the Great* Lindsey Hughes, 2008-10-01 Peter the Great 1672 1725 tsar of Russia for forty three years was a dramatic appealing and unconventional character This book provides a vivid sense of the dynamics of his life both public and private and his reign Drawing on his letters and papers as well as on other contemporary accounts the book provides new insights into Peter s complex character giving information on his actions deliberations possessions and significant fantasy world his many disguises and pseudonyms his interest in dwarfs his clowning and vandalism It also sheds fresh light on his relationships with individuals such as his second wife Catherine and his favorite Alexander Menshikov The book includes discussions of Peter s image in painting and sculpture and there are two final chapters on his legacy and posthumous reputation up to the present **The Modernisation of Russia, 1676-1825** Simon Dixon, 1999-07-29 This is the first book to place Russia s long eighteenth century squarely in its European context The conceptual framework is set out in an opening critique of modernisation which while rejecting its linear implications maintains its focus on the relationship between government economy and society Following a chronological introduction a series of thematic chapters covering topics such as finance and taxation society government and politics culture ideology and economy emphasise the ways in which Russia s international ambitions as an emerging great power provoked administrative and fiscal reforms with wide ranging and often unanticipated social consequences This thematic analysis allows Simon Dixon to demonstrate that the more the tsars tried to modernise their state the more backward their empire became A chronology and critical bibliography are also provided to allow students to discover more about this colourful period of Russian history **Great Russian Fair** Anne L Fitzpatrick, 2016-02-24 *Events That Changed the World in the Eighteenth Century* John E. Findling, Frank W. Thackeray, 1998-01-26 Warfare on three continents empire building and revolution political agricultural and industrial dominate 18th century world history In Europe royal dynasties formed fought major wars that carved up the map of Europe and the Americas and began the great colonial expansion that dominated the next century But the 18th century also ushered in the Enlightenment which fired the imagination of Europeans and the Industrial and Agricultural Revolutions which

changed society and work forever To help students better understand the major developments of the 18th century and their impact on 19th and 20th century history this unique resource offers detailed description and expert analysis of the 18th century s most important events Peter the Great s Reform of Russia the War of the Spanish Succession the First British Empire the War of the Austrian Succession and the Seven Years War the Enlightenment the Agricultural Revolution the American Revolution the Industrial Revolution the Slave Trade and the French Revolution Each of the ten events is dealt with in a separate chapter Designed for students this unique format features an introductory essay that presents the facts followed by an interpretive essay that places the event in a broader context and promotes student analysis The introductory essay provides factual material about the event in a clear concise and chronological manner that makes complex history understandable The interpretive essay written by a recognized authority in the field in a style designed to appeal to general readership explores the short term and far reaching ramifications of the event An annotated bibliography identifies the most important recent scholarship about each event A full page illustration complements the narrative for each event Three useful appendices include a glossary of names events and terms a timeline of important events in 18th century world history and a listing of ruling houses and dynasties of 18th century Europe This work is an ideal addition to the high school community college and undergraduate reference shelf as well as excellent supplementary reading for social studies and world history courses

A History of Russia, Central Asia and Mongolia, Volume II David Christian, 2018-01-08 Provides an all encompassing look at the history of Russia Central Asia and Mongolia Beginning with the breakup of the Mongol Empire in the mid thirteenth century Volume II of this comprehensive work covers the remarkable history of Inner Eurasia from 1260 up to modern times completing the story begun in Volume I Volume II describes how agriculture spread through Inner Eurasia providing the foundations for new agricultural states including the Russian Empire It focuses on the idea of mobilization the distinctive ways in which elite groups mobilized resources from their populations and how those methods were shaped by the region s distinctive ecology which differed greatly from that of Outer Eurasia the southern half of Eurasia and the part of Eurasia most studied by historians This work also examines how fossil fuels created a bonanza of energy that helped shape the history of the Communist world during much of the twentieth century Filled with figures maps and tables to help give readers a fuller understanding of what has transpired over 750 years in this distinctive world region *A History of Russia Central Asia and Mongolia Volume II Inner Eurasia from the Mongol Empire to Today 1260 2000* is a magisterial but accessible account of this area s past that will offer readers new insights into the history of an often misunderstood part of the world Situates the histories of Russia Central Asia and Mongolia within the larger narrative of world history Concentrates on the idea of Inner Eurasia as a coherent ecological and geographical zone Focuses on the powerful ways in which the region s geography shaped its history Places great emphasis on how mobilization played a major part in the development of the regions Offers a distinctive interpretation of modernity that highlights the importance of fossil fuels Offers new ways of

understanding the Soviet era A History of Russia Central Asia and Mongolia Volume II is an ideal book for general audiences and for use in undergraduate and graduate courses in world history The Blackwell History of the World Series The goal of this ambitious series is to provide an accessible source of knowledge about the entire human past for every curious person in every part of the world It will comprise some two dozen volumes of which some provide synoptic views of the history of particular regions while others consider the world as a whole during a particular period of time The volumes are narrative in form giving balanced attention to social and cultural history in the broadest sense as well as to institutional development and political change Each provides a systematic account of a very large subject but they are also both imaginative and interpretative The Series is intended to be accessible to the widest possible readership and the accessibility of its volumes is matched by the style of presentation and production
