Russian Poetry Katharine Hodgson, Joanne Shelton, Alexandra Smith, 2017-04-21 The canon of Russian poetry has been reshaped since the fall of the Soviet Union A multi authored study of changing cultural memory and identity this revisionary work charts Russia's shifting relationship to its own literature in the face of social upheaval Literary canon and national identity are inextricably tied together the composition of a canon being the attempt to single out those literary works that best express a nation's culture This process is of course fluid and subject to significant shifts particularly at times of epochal change This volume explores changes in the canon of twentieth century Russian poetry from the 1991 collapse of the Soviet Union to the end of Putin's second term as Russian President in 2008 In the wake of major institutional changes such as the abolition of state censorship and the introduction of a market economy the way was open for wholesale reinterpretation of twentieth century poets such as Iosif Brodskii Anna Akhmatova and Osip Mandel'shtam their works and their lives In the last twenty years many critics have discussed the possibility of various coexisting canons rooted in official and non official literature and suggested replacing the term Soviet literature with a new definition Russian literature of the Soviet period Contributions to this volume explore the multiple factors involved in reshaping the canon understood as a body of literary texts given exemplary or representative status as classics Among factors which may influence the composition of the canon are educational institutions competing views of scholars and critics including figures outside Russia and the self canonising activity of poets themselves Canon revision further reflects contemporary concerns with the destabilising effects of emigration and the internet and the desire to reconnect with pre revolutionary cultural traditions through a narrative of the past which foregrounds continuity Despite persistent nostalgic yearnings in some quarters for a single canon the current situation is defiantly diverse balancing both the Soviet literary tradition and the parallel contemporaneous literary worlds of

the emigration and the underground Required reading for students teachers and lovers of Russian literature Twentieth Century Russian Poetry brings our understanding of post Soviet Russia up to date *The Columbia Granger's Guide to Poetry Anthologies* William A. Ruud,2009-09-01 Robert A D Ford had a distinguished diplomatic career

that included an unprecedented sixteen years as Canadian ambassador to the Soviet Union during some of the most turbulent and important years of the Cold War 1964-80 Relying heavily on first person testimony including several interviews with Ford himself Charles Ruud takes the reader behind the official announcements revealing Ford's thoughts and actions as he dealt with what was then seen as the great arch enemy of Western democratic nations During his tenure as ambassador Ford was in frequent contact with Moscow's rulers and aware of their struggles hopes plans and fears Although they appeared powerful Ford insisted that they sat uneasily on their Kremlin thrones He showed their shortcomings and the flaws of their system at moments of apparent triumph and warned against miscalculating their strength Shaped by centuries of Russian tsarism and by Communist ideology Soviet leaders distrusted the world outside their borders and often failed to understand it making mistakes and then compounding them always without acknowledgment The Constant Diplomat uncovers the experiences that informed Ford's capacity to understand the Russians and provides a clear picture of the evolving Soviet domestic political social and cultural scene from the late Stalin era through to the end of the Brezhnev regime
