Russians At Law

Ferdinand J.M. Feldbrugge

Russians At Law:

Russian Law Ferdinand J.M. Feldbrugge, 2023-07-03 This is the first treatise on Russia's new legal system as it emerged from the dissolution of the Soviet Union. The first part of the book analyses in detail the political and economic origins of perestroika indispensable for understanding the basic parameters of the evolution of Russian law. In the following chapters all major legal subjects are discussed against the background of their Soviet past and as the result of the radical changes in the political, social and economic make up of the country. The appendices include the texts of the U.S.S.R. and Russian Constitutions, the Agreement of Minsk, The Russian Federation Treaty, bibliographical sources and extensive indices of Soviet and Russian legislation. The book has been written for legal practitioners, comparative lawyers and students of Russian law but will also be of interest to a wider audience of political scientists, journalists etc. *A History of Russian Law* Ferdinand

J.M. Feldbrugge, 2017-10-02 The beginnings of Russian law are documented by the Russo-Byzantine treaties of the 10th century and the oldest Russian law, the Russkaia Pravda. The tempestuous developments of the following centuries, the incessant wars among the princes, the Mongol invasion, the rise of the Novgorod republic, all left their marks on the legal system until the princes of Muscovy succeeded in reuniting the country. This resulted in the creation of major legislative monuments such as the Codes of Ivan the Great of 1497 and of Ivan the Terrible of 1550. After the Time of Troubles, the Council Code of the second Romanov, Tsar Aleksei of 1649, became the starting point for the comprehensive Russian codification of the 19th century. The next period of Russian legal history is the subject of vol. 70 of *Law in Eastern Europe*. *A History of Russian Law: From the Council Code Ulozhenie of Tsar Aleksei Mikhailovich of 1649 to the Bolshevik Revolution of 1917* Brill, Nijhoff, 2023. **Russian Law Journal**, **Encyclopedia of Soviet Law** Ferdinand J.M. Law and the Christian Tradition in Modern Russia Paul Valliere, Randall Poole, 2021-09-15 This book, authored by an international group of scholars, focuses on a vibrant central current within the history of Russian legal thought: how Christianity and theistic belief generally has inspired the aspiration to the rule of law in Russia, informed Russian philosophies of law, and shaped legal practices. Following a substantial introduction to the phenomenon of Russian legal consciousness, the volume presents twelve concise, non-technical portraits of modern Russian jurists and philosophers of law whose thought was shaped significantly by Orthodox Christian faith or theistic belief. Also included are chapters on the role the Orthodox Church has played in the legal culture of Russia and on the contribution of modern Russian scholars to the critical investigation of Orthodox canon law. The collection embraces the most creative period of Russian legal thought, the century and a half from the later Enlightenment to the Russian emigration following the Bolshevik Revolution. This book will merit the attention of anyone interested in the connections between law and religion in modern times.
