Russias Carnival The Smells Sights And Sounds Of Transition:

Russia's Carnival Christoph Neidhart, 2003 This colorfully drawn and acutely observed book explores Russia by engaging all our senses Today s Russia smells different from the Soviet Union The country looks and sounds different its touch is different and its food tastes different Thus Christoph Neidhart argues Russia is truly a changed country from the Soviet Union it was little more than a decade ago Russian society is rapidly urbanizing and modernizing as can be perceived by all senses including the awareness of space and the conception of time After almost a century space can be privately owned and freely traded time too has become commodified New role models and new ways to express social status are emerging Russia has become a monetized economy as the old Soviet practice of provision by networking has grown obsolete Russia thus readies itself gradually to grow into a Western style middle class society with a free market and democratic polity The author assesses these rapid changes using the evocative metaphor of the carnival to understand the chaotic inversion of the Communist structure of society He explores the transition s traps and shortcomings such as the privatization of politics and the looting of the state s assets and compares this process to the modernization Western society underwent a century earlier

The Routledge History of the Senses Andrew Kettler, Will Tullett, 2025-06-26 The Routledge History of the Senses presents readers with an overview of the field As well as pointing to directions for the future of the discipline it illustrates the extent to which the subject offers a considerable space for the exploration of diverse historical topics through the lens of sensory experience The handbook brings together essays and case studies from some of the leading academics on the history of the senses Together they not only chart topics and arguments in existing scholarship but introduce fresh methodologies for future analyses Specifically the chapters collectively show that the senses of the historical body often portray the intensity of the invasion of capital upon the functions of the mind throughout global history As a global history this work arrives at a time when many sensory historians are looking for a touchstone for moving beyond the often heavily Western frameworks that dominate the existing literature on the historical senses Not only will this book appeal to students and scholars of the history of senses visual studies art history food studies and many of the social sciences but individual chapters also offer useful reading material for a wide range of history modules and contemporary topics

Sensory Warfare in the Global Cold War Bodo Mrozek, 2024-08-13 The longest political conflict of the twentieth century the Cold War was carried out on the human senses and through them Largely conducted through nonlethal methods it was a war of competing cultures politics and covert operations While propaganda reached targets through vision and hearing sensory warfare also exploited taste touch smell and pain This volume is the first to explore the sensory aspect of the Cold War and how this warfare changed contemporary perception of the war The authors highlight the global dimension of sensory warfare examining battlegrounds around the world and across different phases of the conflict including cold and hot warfare both covert and overt Case studies highlight the role of taste in Western food deliveries to Eastern Europe olfaction in Poland at

the Iron Curtain and in the Vietnam War sonic warfare in Berlin in Romania and at the China Taiwan aquatic frontier vision in the Maoist Cultural Revolution Spain and the Soviet Afghan war haptics in the German military and drugs pain and sensory deprivation in intelligence operations in both Hungary and the United States In its wide ranging treatment this volume offers an illuminating new perspective on the Cold War and deepens our understanding of the sensory aspects of current and future conflicts Sensory Warfare in the Global Cold War will be of interest to students and scholars of sensory studies Cold War studies twentieth century history and military history In addition to the editor the contributors to this volume include Cyril Cordoba Mark Fenemore Walter E Grunden Dayton Lekner Jos Manuel Lopez Tor n Markus Mirschel Victoria Phillips Carsten Richter Andreea Deciu Ritivoi Christy Spackman and Stephanie Weismann

Unlearning the Soviet Tongue Natalia Kovalyova, 2014-09-24 How do countries democratize What route does the way out of totalitarianism take Students of Russian politics have pursued answers to these questions by surveying Russians on a variety of attitudes beliefs norms and practices This book attends to political discourse to demonstrate how it creates and constraints political opportunities It examines an important period of Russian political history from Boris Yeltsin's second presidential election in 1996 when democracy was pronounced victorious through its gradual slide toward authoritarian practices during Vladimir Putin's initial two terms in office and to the election of his protégé Dmitry Medvedev in 2008 This analysis challenges the assertions of Russian democracy as doomed by the governing rationalities of the elites Likewise it refutes the notion of Russians as an apathetic nation in chronic need of a strong hand It argues that if we are to understand how Russia lives how it endures and how it can change we need to pay attention to the discourses that shape Russian political identities and the nation's political future

Religion and Language in Post-Soviet Russia Brian P. Bennett, 2011-04-29 Church Slavonic one of the world's historic sacred languages has experienced a revival in post Soviet Russia Blending religious studies and sociolinguistics this book looks at Church Slavonic in the contemporary period It uses Slavonic in order to analyse a number of wider topics including the renewal and factionalism of the Orthodox Church the transformation of the Russian language and the debates about protecting the nation from Western cults and culture

The Routledge Research Companion to Travel Writing Alasdair Pettinger, Tim Youngs, 2019-07-30 Showcasing established and new patterns of research The Routledge Research Companion to Travel Writing takes an interdisciplinary approach to scholarship and to travel texts themselves The volume adopts a thematic approach with each contributor considering a specific aspect of travel writing a recurrent motif an organising principle or a literary form All of the essays include a discussion of representative travel texts to ensure that the volume as a whole represents a broad historical and geographical range of travel writing Together the 25 essays and the editors introduction offer a comprehensive and authoritative reflection of the state of travel writing criticism and lay the ground for future developments

Language and Politics in Post-Soviet Russia N. Koteyko, 2014-03-27 Language and Politics in Post Soviet Russia critically examines the uses of language in post Soviet media and political texts between

1998 and 2007 It will be of interest to academics and researchers in the fields of media studies discourse analysis corpus linguistics and scholars in Russian Studies Anthropology of Tourism in Central and Eastern Europe Sabina Owsianowska, Magdalena Banaszekiewicz, 2018-04-11 In Anthropology of Tourism in Central and Eastern Europe Bridging Worlds Sabina Owsianowska and Magdalena Banaszekiewicz examine the limitations of the anthropological study of tourism which stem from both the domination of researchers representing the Anglophone circle as well as the current state of tourism studies in Central and Eastern Europe This edited collection contributes to the wider discussion of the geopolitics of knowledge through its focus on the anthropological background of tourism studies and its inclusion of contributors from Austria Bulgaria Estonia and Poland Sound, Order and Survival in Prison Kate Herrity, 2024-01-31 The soundscape of prison life is that of constant clangs bangs and jangles What is the significance of this cacophonous din to those who live and work with it This book tells the story of a year spent with a UK prison community bringing its social world vividly to life for the first time through aural ethnography Kate Herrity's sensory criminology challenges current thinking on how power is experienced by the imprisoned and the lasting effects of incarceration for all who spend time in these environments

Pluralism by Default Lucan Way, 2021-05-04 Pluralism by Default will change the way we understand the emergence of democracies and the consolidation of autocracies Chrystia Freeland author of Plutocrats Exploring sources of political contestation in the former Soviet Union and beyond Pluralism by Default proposes that pluralism in new democracies is often grounded less in democratic leadership or emerging civil society and more in the failure of authoritarianism Dynamic competition frequently emerges because autocrats lack the state capacity to steal elections impose censorship or repress opposition In fact the same institutional failures that facilitate political competition may also thwart the development of stable democracy A tour de force brimming with theoretical originality and effective use of in depth case studies It will enrich our understanding of post communist politics and help reshape the way we think about democracy authoritarianism and regime change more broadly M Steven Fish author of Democracy Derailed in Russia The Failure of Open Politics
