Sabda A Study Of Bhartrhari's Philosophy Of Language:

Sabda, a Study of Bhartrhari's Philosophy of Language Tandra Patnaik, 1994 This book offers a study of Bhartrhari's Vakyapadiya in an altogether modern the post Fregean perspective on the philosophy of language Bhartrhari's analysis of language is presented methodically and in contemporary philosophical idiom **Ramchandra Gandhi A.**

Raghuramaraju, 2016-03-16 Ramchandra Gandhi famous for his rich and varied interests left behind a large corpus of writings both philosophical and non philosophical Introducing the readers to the creative Indian philosopher this volume highlights the principal thrust of his works critically locates them within the larger political philosophical literary and socio cultural context and accounts for his lasting influence For the first time essays on Ramchandra Gandhi's earlier works and later writings have been brought together to take stock of his contribution to contemporary Indian thought as a whole Written by philosophers as well as those belonging to literature and the social sciences the essays record his experimental ventures both in form and content and shed light on key themes in language communication religion aesthetics spirituality consciousness self knowledge politics ethics and non violence The book will appeal to those in philosophy political science history sociology literature and Gandhian studies **Bhartrhari** Mithilesh Chaturvedi, 2009-01-01 This volume is the outcome of the international seminar on Bhartrhari Thought Language and Reality held in New Delhi on 12-14 December 2003 as part of the centenary celebrations of Motilal Banarasidass In this seminar scholars from all over the world presented their interpretations of Bhartrhari's philosophy some of the light of the modern trends in philosophy and linguistics others in the backdrop of Indian tradition This volume contains almost all the papers presented at the seminar along with some other papers invited from scholars who could not participate in the seminar to make it comprehensive The papers discuss the metaphysics of Bhartrhari and his ideas about questions concerned language and reality Some of the papers compare Bhartrhari with Western Philosophers and linguists like Wittgenstein Grice Searle Humboldt Chomsky and Goldbert thus showing his relevance to problems in contemporary philosophy and linguistics It is clear that after the initial efforts in the fourth to sixth decades of the twentieth century Bhartrhari studies have now gained a significant momentum

Syntax-Pragmatics Interface Sanjukta Ghosh, 2015-02-20 The goal of this book is to develop a programmatic tool called individuation which roughly works as a theory of prominence in language To make the idea of individuation more concrete I use it as a linguistic feature in the present implementation of the programme The linguistic elements which are more individuated contain more information than others paradigmatically and are more prominent than their syntagmatic neighbours There are some tools in a language which are used by the speakers to make any linguistic element more individuated therefore more prominent Emphasizers demonstratives and classifiers are some of them The theoretical approach taken in this book follows Nicolas Ruwet and his hermeneutic way of studying linguistics This approach not only considers the grammatical aspect of a linguistic study but also accounts for the psychological aspects of a communication a

speaker and a hearer as these appear in a linguist s consciousness I relate Ruwet s work with Indian study of meaning and philosophy of language viz with Bhartrhari s sphota theory Meaning is understood from the words on the basis of their manifestation as objects of the sense of hearing Based on this idea of Bhartrhari the present work places the hearer in a very important position in a linguistic theory Therefore the grammatical properties of what is said are not determined from something present in the formal object but in the generosity of a patient listener who takes on board the linguistic as well as social context of an act of speaking Journal of Comparative Literature & Aesthetics ,2002 **The Book Review** ,1994
