Randy L. Maddox, 1994-10-01

Of special focus in this reflective overview of Wesley's theological convictions is highlighting the practical theological dynamics of Wesley's work and suggesting possible implications for contemporary attempts to recover theology as a practical discipline. Another distinctive focus of this work is a systematic consideration of the integration of theological emphases traditionally divergent in Eastern and Western Christianity. The author also closely examines the consistency of Wesley's thought throughout his career.

Theodore the Stoudite

Roman Cholij, 2002. This is the first modern study in English of the life and thought of the ninth century Byzantine theologian and monastic reformer Theodore the Stoudite. Cholij provides a complete analysis of and guide to all the primary source material attributed to Theodore. If the monastic leader is considered in the context of the tradition to which he belonged it is clear that his religious formation occurred within a widely established school of Basilian and Palestinian Christian thought. This encourages a fresh engagement with the subtleties in Theodore's behaviour towards the Byzantine religious and secular leaders of his time and provokes new conclusions concerning the religious and secular issues which involved Theodore in controversy. Cholij refutes the established view of Theodore as a breaker of the traditional Byzantine church and state relationship and provides new insights into Theodore's true understanding of the involvement of the Emperor in church affairs. In his analysis of the rites of holiness that belonged to Theodore's church the author identifies a false tradition of sacramental mysteries in a misreading of Pseudo Dionysios the Areopagite and so offers a radically new definition of the origins of the Orthodox sacramental tradition.

Deified Vision: Towards an Anagogical Catholicism Philip Krill, 2017-09-29

DEIFIED VISION TOWARDS AN ANAGOGICAL CATHOLICISM is an attempt at activating an anagogical imagination. It requires of us that we pray for a share in God's own contemplation of the world that we allow our imaginations to get lifted up into His own that we desire to receive through the illumination of His Holy Spirit a participation in His own love and desire for all He has created. One author has called this process acquiring an epistemic participation in the Mind of Christ.

The Eucharist in Theology and Philosophy István Perczel, Réka Forrai, György Geréby, 2005. Discusses the conceptual doctrinal theological and philosophical aspects of the developments concerning the Eucharistic doctrines of the Christian Churches not just the Western ones but the Byzantine, Slavic and Oriental ones too.

History of the Liturgy Marcel Metzger, 2016-03-24. How great the differences between the Last Supper celebrated by Jesus and a pontifical High Mass at St Peter's in Rome. And also between the early baptisms by immersion described in the Acts of the Apostles and the baptisms of newborns in our parishes today. Why such a change in the celebration of the Christian mystery? Why the recent reforms often misunderstood? In *History of the Liturgy* Marcel Metzger answers such questions and offers an understanding of this evolution through a carefully documented historical survey. The essential forms of the liturgy were fixed very early according

to the tradition received from the apostles But the place given to biblical readings teaching singing and ritual has varied in the course of the centuries In *History of the Liturgy* Metzger describes the most important phases of these changes In describing the first millennium he focuses on liturgy s essentials common to the Eastern and Western Churches In describing the second millennium he explains the deviations of the Western Churches which called for the effort of reform and renewal begun by Vatican II Metzger studies the development of the liturgical institutions and distinguishes liturgy s five main stages that correspond to the situations of the Churches in ancient medieval and modern societies He begins by focusing on the apostolic period roughly the first century of our era until the death of the apostles He follows by studying the period of minorities and semi clan destiny until the beginning of the fourth century He then focuses on the Peace of the Church which grants public status to the churches in the Empire fosters their growth and organizes the collaboration between Empire and Church The work concludes by studying the stability rigidity renewals and reforms of the Roman liturgy from the end of the Middle Ages to Vatican II This clear and accurate survey of the history of liturgy is designed to awaken readers interest on a solid yet introductory level in the realities that have made and still make up the Church s liturgical life assemblies Eucharist baptism reconciliation daily praise the Church s calendar and its architecture In *History of the Liturgy* Metzger stresses that if history is the teacher of life the eyes of Christian faith allow us to recognize in it as well the mysterious presence of God

who through the Spirit guides his people And this happens above all in the liturgy **The Christian Church** Hans Schwarz,2007-04-01 With thoroughness and clarity Hans Schwarz presents a historical and systematic understanding of the church its worship and piety its traditions and doctrines its forms and structures This skilled assessment outlines the impact of the church today and analyzes its prospects for the future **The Historic Church** Archpriest John W.

Morris,2011-07-19 *The Historic Church* is a survey of Christian history written for Orthodox Christians by an Eastern Orthodox scholar Although one can find many excellent studies of Christian history in the United States none of them considers the development of Christianity from an Eastern Orthodox point of view The work begins by laying a foundation for the study of Christian history by discussing the beliefs and practices of the ancient Church during the age of the Fathers and the Seven Ecumenical Councils The author then discusses the development of Roman Catholicism and the theological and cultural reasons for the split between Rome and Orthodoxy and relations between East and West following the schism He concludes his work with a discussion the origins and historical development of every major Protestant group and tells how they differ from Orthodoxy *The Heavenly Banquet* Fr. Emmanuel Hatzidakis,2013-09-01 *The Heavenly Banquet*
