Sacred Encounters Spiritual Awakenings During Close Encounters:

Sacred Encounters Janet Colli, 2004 *Alien Experiences* Nadine Lalich, Barbara Lamb, 2020-09-03 Many current and ancient sources suggest that UFOs and extraterrestrial beings have been visiting the earth and interacting with humans for thousands of years. If this is true, monumental implications arise regarding the origin and evolution of humanity and the future of our planet. This book discusses the highly controversial subject of alien contact and abduction, recounting twenty-five cases of close encounter. The cases included have been selected from the files of psychotherapist Barbara Lamb, who has been working with abductees since 1991. In her work with 560 individuals, more than 1,800 regressions have revealed encounters with what appear to be non-human life forms. Although extraterrestrial contact is difficult to prove scientifically, the events described in this book are accurate in that they have been presented as they were described by the individuals who experienced them. These are normal men and women living average, responsible lives who have been subjected to extremely unusual events. These individuals display such a compelling sincerity and marked emotional response to their strange experiences that there can be no doubt they have experienced some kind of extraordinary event. As a reader, you may be curious about the subject or you may be a confirmed skeptic. You may also be someone who is investigating unusual occurrences in your own life. Whatever the case may be, if with an open mind you will simply consider the possibilities inferred by the cases described herein, you might find yourself on the road to a greater vision of reality. *Fractured Reality* Jeanne Henderson, 2010-02-20 We are each individually and collectively creating the reality we currently find ourselves in. Is it working for most people? This book is my personal story on how I ended up where I did. From my exploration, you can also see why you have ended up where you have. Our societal systems are fractured and outdated. A crisis in consciousness is our problem. Free yourself from your limited reality and really be free to explore more expansive solutions. *The Omniverse* Alfred Lambremont Webre, 2015-11-17 A tour through the new science of the Omniverse, its spiritual and physical dimensions, and its incalculable intelligent civilizations. Reveals the key travel and communication technologies of the Omniverse: time travel, teleportation, and telepathy. Unveils newly disclosed state secrets about these technologies, about the findings of the NASA Mars rover missions, and about a secret colony and life on Mars. Explains through science how souls are holographic fragments of God and how they help create planets, solar systems, galaxies, and universes in the multiverse. We are all citizens of the Omniverse, the overarching matrix of energy, spirit, and intelligence that encompasses all that exists, all universes within the multiverse, as well as the spiritual dimensions centered on the divine Source that many call God. In this scientific guide to the Omniverse, Alfred Lambremont Webre reveals startling, replicable evidence about extraterrestrial and extra-universal life, the intelligent civilizations created by souls in the afterlife, top secret alien technology, and the existence of a secret base, as well as life on Mars. The author explains how our souls are holographic fragments of God, Source, and how souls and Source are co-creating planets and galaxies as virtual realities for soul development. He addresses Grey alien control over soul

reincarnation and also sheds light on the presence of invisible hyperdimensional controllers known as the Archons who feed off negative energy. Revealing the key technologies of the Omniverse, the author explains how hyperdimensional civilizations communicate telepathically, teleport interdimensionally, and travel through time. He unveils newly disclosed state secrets about government possession of these technologies, the findings of the NASA Mars rover missions, and the secret Mars colony whose permanent security personnel is age reversed and shot back through time to their specific space-time origin points with their memories blocked. Integrating science and spirituality, this map of the dimensions of the Omniverse sounds the call for scientific inquiry into the holographic origins of the soul, the potential of time travel, and our role as divine co-creators with Source.

Janet Colli, 2004-12-01 Sacred Encounters is the culmination of 13 years of research bringing together the psychology of close encounters, spiritual experience, and ultimately enlightenment. Already the current surge of subtle realm encounters has unveiled the hidden dimension that surrounds us: the realm of angels and aliens. Yet few Westerners realize that the same enlightened gurus enshrined in ancient lineages communicate with otherworldly beings. Sacred Encounters reveals startling evidence establishing this connection within Sufi, Hindu, and Tibetan Buddhist traditions. Dr. Janet Elizabeth Colli believes that those among us who sense the subtle realms herald a critical stage in human evolution. Subtle realm experiences are ushering in an era when close encounters, non-local instantaneous travel, and communication will be unexceptional. Sacred Encounters prepares the modern world for our next evolutionary leap. Sacred Encounters presents psychological research and case studies such as Hayley, who demonstrates the transition from posttraumatic stress disorder (PTSD) to Interspecies Communicator. Trace her developmental process as she learns to transform her terror into love. Discover the pivotal role so-called aliens are playing in the transformation of human consciousness from those who are living it firsthand. Praise for Sacred Encounters: A transfixing exploration of the human side of alien encounters. Entering into the storied lives of two life-long experiencers of alien contact, journeying from Dharamsala to the mists of Seattle, Dr. Colli discovers that the most important lesson for humankind comes not from the beyond but from within: the heart. That compassion is the foundation for understanding even the most alien of experiences. Will Bueche, Communications Media Director, Program for Extraordinary
