Thomas Coke,1803 **Sacred Pneumatology; Or, The Scripture Doctrine of the Holy Spirit; in Three Books** Joseph Wilson (Minister of Laxton.),1836 **Is There "life" on Earth?** John Godolphin Bennett,1989 **The People's Bible** Joseph Parker,1901 **The Holy Bible** ,1861 The Holy Bible ... With the General Preface as Affixed to the Commentary of Thomas Scott ,1814 *The Holy Bible, Containing the Old and New Testaments* ,1827 **Ecumenical and Confessional Writings** Edmund Schlink,2025-04-14 Although several of Schlink s writings including his study of baptism have been available in English for many decades the publication of the new German edition offered a significant impetus for providing a fresh and more accurate translation of them The first English edition of his book on baptism published in 1972 was an abridgment of the German original In this new edition words and sentences that were omitted from the first edition have been restored and complete bibliographic information has been given The editor has also provided many explanatory endnotes that help to illuminate the book s contents Schlink took the doctrine of baptism seriously as if it truly matters for the unity of the church Again and again he returns to the gospel and its promises that are tied to baptism While formally open toward siblings in Christ beyond his own confession his humble and conciliatory method of ecumenism was undertaken consciously and intentionally from within a Lutheran confessional perspective Reformed Virtue after Barth Kirk J. Nolan,2014-11-14 With its focus on the traditions and communities that form us over the course of a lifetime virtue ethics has richly expanded our understanding of what the Christian life can look like Yet its emphasis on human virtues and habits of mind and life seems inconsistent with the Reformed tradition s insistence that sin lies at the heart of the human condition For this reason virtue ethics seems out of place in Reformed theology especially in the company of the Reformed tradition s greatest twentieth century theologian Karl Barth In this new addition to the Columbia Series in Reformed Theology Kirk Nolan argues that Barth s theology actually proves virtue ethics can be compatible with the Reformed tradition Rather than see virtue as an inevitable and natural process of growth Barth helps us understand that development in the Christian life comes through a process of repetition and renewal and that all virtue comes solely as a gift from God Nolan establishes an important bridge between Reformed moral teaching and the tradition of virtue ethics
