Cast of Characters: Wolcott Gibbs, E. B. White, James Thurber, and the Golden Age of The New Yorker Thomas Vinciguerra, 2015-11-09 Exuberant elegantly conjures an evocative group dynamic Sam Roberts New York Times From its birth in 1925 to the early days of the Cold War The New Yorker slowly but surely took hold as the country's most prestigious entertaining and informative general interest periodical In Cast of Characters Thomas Vinciguerra paints a portrait of the magazine's cadre of charming wisecracking driven troubled brilliant writers and editors He introduces us to Wolcott Gibbs theater critic all around wit and author of an infamous 1936 parody of Time magazine We meet the demanding and eccentric founding editor Harold Ross who would routinely tell his underlings I'm firing you because you are not a genius and who once mailed a pair of his underwear to Walter Winchell who had accused him of preferring to go bare bottomed under his slacks Joining the cast are the mercurial blind James Thurber a brilliant cartoonist and wildly inventive fabulist and the enigmatic E B White an

incomparable prose stylist and Ross's favorite son who married The New Yorker's formidable fiction editor Katharine Angell. Then there is the dashing St Clair McKelway who was married five times and claimed to have no fewer than twelve personalities but was nonetheless a superb reporter and managing editor alike. Many of these characters became legends in their own right but Vinciguerra also shows how as a group The New Yorker's inner circle brought forth a profound transformation in how life was perceived, interpreted, written about, and published in America. *Cast of Characters* may be the most revealing and entertaining book yet about the unique personalities who built what Ross called not a magazine but a movement.

Salinger, and Jamaica Kincaid, as well as engaging pieces on the promising new writers to come on the scene.

James Thurber Robert Emmet Long, 1988 This volume in the Life and Literature series presents an overview of the life and career of Thurber. White. He examines Thurber's surrealistic drawings and illustrations, his fiction, reminiscences, comic prose, and fables and fairy tales. He concludes with comparisons of Thurber with other creative figures of the 20th century. ISBN 0 8044 2546 9 18 95

The Oxford

Encyclopedia of American Literature Jay Parini, 2004 The Encyclopedia of American Literature gathers together 350 essays from over 190 leading scholars on the whole of American literature from European discovery to the present. At the core of the Encyclopedia lie 250 essays on poets, playwrights, essayists, and novelists. Figures such as Whitman, Melville, Faulkner, Frost, and Morrison are discussed in detail with each examined in the context of his or her times, an assessment of the writer's current reputation, a bibliography of major works, and a list of major critical and biographical works about the writer. Fifty entries on major works such as *Moby Dick*, *Song of Myself*, *Walden*, *The Great Gatsby*, *The Waste Land*, *Their Eyes Were Watching God*, *Death of a Salesman*, and *Beloved* place the work in its historical context and offer a range of possibilities with regard to critical approach. The Encyclopedia also contains essays on literary movements, periods, and themes, pulling together a broad range of information and making connections between them. Each entry has its own primary and annotated secondary bibliography, and a system of cross references helps readers locate information with ease. The Encyclopedia of American Literature is an outstanding reference source for students studying authors or particular pieces of literature, libraries looking for one comprehensive source, and readers interested in American literature, its authors, and its connection

a powerful case for the preservation of a system of printing conventions that is much too subtle to be mucked about with
