The Poetics of Prophecy Yosefa Raz, 2023-12-21 Since the mid 1700s poets and scholars have been deeply entangled in the project of reinventing prophecy Moving between literary and biblical studies this book reveals how Romantic poetry is linked to modern biblical scholarship s development On the one hand scholars intellectuals and artists discovered models of strong prophecy in biblical texts shoring up aesthetic and nationalist ideals while on the other poets drew upon a counter tradition of destabilizing indeterminate weak prophetic power Yosefa Raz considers British and German Romanticism alongside their margins incorporating Hebrew literature written at the turn of the twentieth century in the Russia Empire

Ultimately she explains the weakness of modern poet prophets not only as a crisis of secularism but also strikingly as part of the instability of the biblical text itself This title is part of the Flip it Open Programme and may also be available Open Access Check our website Cambridge Core for details
