Jenkins,2015-04-27 A History of Modernist Poetry examines innovative anglophone poetries from decadence to the post war period The first of its three parts considers formal and contextual issues including myth politics gender and race while the second and third parts discuss a wide range of individual poets including Ezra Pound T S Eliot W B Yeats Mina Loy Gertrude Stein Wallace Stevens William Carlos Williams and Marianne Moore as well as key movements such as Imagism Objectivism and the Harlem Renaissance This book also addresses the impact of both World Wars on experimental poetries and the crucial role of magazines in disseminating and proselytizing on behalf of poetic modernism The collection concludes with a wide ranging discussion of the

inheritance of modernism in recent writing on both sides of the Atlantic *The Poetry of Clare, Hopkins, Thomas, and Gurney* Andrew Hodgson, 2019-12-31 This book attends to four poets John Clare Gerard Manley Hopkins Edward Thomas and Ivor Gurney whose poems are remarkable for their personal directness and distinctiveness It shows how their writing conveys a potentially individual quality of feeling perception and experience each poet responds with unusual commitment to the Romantic idea of art as personal expression The book looks closely at the vitality and intricacy of the poets language the personal candour of their subject matter and their sense obdurate but persuasive of their own strangeness As it traces the tact and imagination with which each of the four writers realises the possibilities of individualism in lyric it affirms the vibrancy of their contributions to nineteenth and twentieth century poetry *The Elegies of Ted Hughes* E. Hadley, 2010-05-07 The elegiac aspect of Ted Hughes poetry has been frequently overlooked an oversight which this book sets out to rectify Encompassing a broad range of themes from the decline of nature and local industry to the national grief caused by the First World War this book is a comprehensive addition to the study of Hughes poetry *C.S. Lewis, Poetry, and the Great War 1914-1918* John Bremer, 2012-05-31 This book presents a realistic account of the early years of C S Lewis as revealed in *Spirits in Bondage* and its surrounding events It calls for a reappraisal of Lewis himself not as a soldier poet but as a young ruthless and ambitious would be academic using others h *Poetry of the First World War* Tim Kendall, 2013-10-10 The First World War produced an extraordinary flowering of poetic talent poets whose words commemorate the conflict more personally and as enduringly as monuments in stone Lines such as What passing bells for these who die as cattle and They shall not grow old as they that are left grow old have come to express the feelings of a nation about the horrors and aftermath of war This new anthology provides a definitive record of the achievements of the Great War poets As well as offering generous selections from the celebrated soldier poets including Wilfred Owen Siegfried Sassoon Rupert Brooke and Ivor Gurney it also incorporates less well known writing by civilian and women poets Music hall and trench songs provide a further lyrical perspective on the War A general introduction charts the history of the war poets reception and challenges prevailing myths about the war poets progress from idealism to bitterness The work of each poet is prefaced with a biographical account that sets the poems in their historical context Although the War has now passed out of living memory its haunting of our language and culture has not been exorcised Its poetry survives because it continues to speak to and about us **British Writers** Ian Scott-Kilvert, 1979 This collection of critical essays covers writers who have made significant contributions to British Irish and Commonwealth literature from the 14th century to the present day *Sons of Ezra* , 2022-04-25 *Sons of Ezra* British Poets and Ezra Pound is about the impact of Ezra Pound upon British poets writing today It is the story of a presence then of a voice and latterly of an idea When Pound left London in 1920 after a stay of 12 years his early ascendancy had waned and during the 1930s his voice sounded more remotely in British ears The first poet represented here Edwin Morgan began to read Pound towards the end of that decade Pound s subsequent political

reputation has meant that students now coming to university born after his death in 1972 have not opened a book of his poems in the way that several who testify here remember doing with pleasure There was a revival of British interest in Pound with the publication of the Pisan Cantos and then in the 1960s and early 1970s but since then there has been little public opportunity for British poets to reflect on Pound Michael Alexander and James McGonigal invited British poets to whom Pound has meant something to reflect and to testify To the older writers he was a presence but the youngest contributors were born at the time that Pound fell silent about 1960 and to them he is an historical figure the greatest poetic influence since Wordsworth whose ambition seems an example to avoid as much as to follow **Poetry for the Earth** Sara Dunn, Alan Scholefield, 1992 While the state of the environment is a very current issue passion and concern for the world around us is nearly as old as the world itself Poetry for the Earth brings together a cross section of some of the most beautiful and haunting poetry ever written in tribute to or in mourning for our magnificent landscapes
